

The City of Bryan - Voluntary Demolition Program
One-for-One Replacement Plan Notice
September 30, 2014

Background:

On July 18, 1990, The U.S. Department of Housing and Urban Development (HUD) published a final rule implementing the revision to section 104(d) of the Housing and Community Development Act of 1974, as amended (the Act). This rule specifies the replacement requirements that are triggered when Community Development Block Grant (CDBG) funds are used either for the demolition of a low/moderate-income (L/M) dwelling unit, or for the conversion of a L/M dwelling unit to another use. Under the one-for-one replacement rule, the grantee must provide replacement dwelling units whenever L/M dwelling units are demolished or converted to another use. The intent of this rule is to ensure the maintenance of the L/M housing stock.

Project Description:

The City of Bryan, through its Voluntary Demolition Housing Assistance Program, is proposing to assist in the elimination of Slum or Blight (Spot Basis) by providing funding for the clearance of vacant, substandard, blighted, or hazardous structures which are infeasible to repair. Funding for this program is provided utilizing CDBG funds through HUD as authorized for this purpose under 24 CFR 570.208(b)(2). This public notice is required under 24 CFR 42.375 of the Code of Federal Regulations. The property locations for the proposed clearance activities are as follows:

<u>Total Number of Units to Be Demolished</u>	3

These properties, following demolition of these structures, are intended to be redeveloped as affordable housing. However, they are included on this notice in the event that the property is not redeveloped as affordable housing within the 3-year time period required by 24 CFR 42.375.

All structures have been determined to be vacant for a period of at least 90 days, and no households have been displaced according to the definition found in 24 CFR 42.305.

Project Schedule:
