

**BOMBERBUILDING AND STANDARDS COMMISSION
STAFF REPORT**

August 26, 2013

Park Place Mobile Home Park - Case #1962 – 2303 Bomber Drive #4

LEGAL DESCRIPTION: Lot 4 in Park Place Mobile Home Park, being Lot 11 in Block 3 of Lakeview North Subdivision (1.26 acres)

STRUCTURE(S):

- single-family residence
- multi-family residence
- mixed use
- commercial
- accessory structure(s)

PROPERTY OWNER(S): Beatrice M Gonzales

the property on which these manufactured homes is located is owned by Jason Millsap

**LIENHOLDER(S)/
MORTGAGEE(S):**

none

**IMPROVEMENT VALUE
AND MANUFACTURED
DATE FROM BRAZOS
COUNTY APPRAISAL
DISTRICT FOR 2013 TAX
YEAR:**

\$1,880 (1976)

BACKGROUND:

Since March 2009, City staff has been notifying park owner Jason Millsap and has had discussions with park manager Leonard Millsap concerning general violations at this park, City Council's mandate to enforce the manufactured housing park ordinance and the removal of unsafe/damaged homes from this park. More than 4 years later, many damaged, unsecured, and unoccupied manufactured homes have remained in the park. The park currently does not have a license to operate and most homes have been vacated and ordered demolished by the Commission during the last three years.

This particular home has a hold on the utilities for the park not having a license to operate. The last occupant moved out in or around the spring of 2013 and notified the city and power was disconnected.

**BUILDING AND STANDARDS COMMISSION
STAFF RECOMMENDATION**

August 26, 2013

Case #: 1962

Building Address: 2303 Bomber Drive #4

Record Owner(s): Beatrice M Gonzales

The City's Chief Building Official has requested this Commission hearing to discuss the building and accessory structure on this property, and all legal notices of the hearing were provided to record owners, lienholders, and mortgagees. They were also notified that if they wanted to repair the building and/or accessory structure they needed to meet with City staff and come to the hearing with a detailed plan for repairs, including cost estimates. Based on the surveys, reports, photographs, and other evidence provided to the Commission, the City recommends that the Commission find the building unsafe based on the standards set forth in Bryan Code of Ordinances Section 14-224 subsection(s):

- 1) The building, structure, or any part thereof is likely to partially or fully collapse.
- 2) The structure or any part thereof was constructed or maintained in violation of any provision of the City's Building Code, or any other applicable ordinance or law of the city, county, state or federal government.
- 3) One or more walls or other vertical structural members list, lean, or buckle to such an extent that a plumb line passing through the center of gravity falls outside of the middle third or its base.
- 4) The foundation or the vertical or horizontal supporting members are twenty five percent (25%) or more damaged or deteriorated.
- 5) The non supporting coverings of walls, ceilings, roofs, or floors are fifty percent (50%) or more damaged or deteriorated.
- 6) The structure has improperly distributed loads upon the structural members, or they have insufficient strength to be reasonably safe for the purpose used.
- 7) The structure or any part thereof has been damaged by fire, water, earthquake, wind, vandalism, or other cause to such an extent that it has become dangerous to the public health, safety and welfare.
- 8) The structure or any part thereof has inadequate means of egress as required by the City's Building Code.
- 9) The structure does not have adequate light ventilation, or sanitation facilities as required by the City's Building Codes and Plumbing Code.

The City further recommends that the Commission find that:

- the building is occupied and poses a hazard to health, safety, or general welfare of the occupants and/or the general public and must be vacated.
- the accessory structure(s) is/are occupied and pose a hazard to health, safety, or general welfare of the occupants and/or the general public and must be vacated.
- the building is unsecured and must be boarded up and/or fenced in such a manner to prevent unauthorized entry by a person, including a child, through missing or unlocked doors or windows or through other openings into the building.**

- the accessory structure(s) is/are unsecured and must be boarded up and/or fenced in such a manner to prevent unauthorized entry by a person, including a child, through missing or unlocked doors or windows or through other openings into the structure(s).
- the building may feasibly be repaired so that it is no longer in violation of City ordinances.
- the building may not be feasibly repaired in compliance with City ordinances.**

The City recommends that the Commission issue an order to the owner, lienholder, or mortgagee to:

- vacate the building within ____ days.
- secure the building from unauthorized entry within 7 days.**
- demolish/remove the building and accessory structure within 30 days.**
- demolish/remove or repair the building and accessory structure(s) within ____ days, in accordance with the schedule below:

Deadline

Task

- appear before the Commission at each regularly scheduled meeting to demonstrate compliance with the time schedule, until the preceding orders have been fulfilled.

The City recommends that the Commission orders that the City may:

- disconnect water and electric utilities to the building and accessory structure.**
- secure the structure, demolish the building and accessory structure and remove the debris in accordance with Chapter 14 of the City of Bryan’s Code of Ordinances if the owner, lienholder, or mortgagee fails to comply with the Commission’s order.**

C. FINDINGS

- 01. The structure or a part thereof was constructed or maintained in violation of a provision of the City's building code, other applicable ordinance, state law, or federal law. Specifically, the following:
2009 IRC / 2011 NBC
- 02. Any wall or other vertical structural members list, lean, or buckle to an extent that a plumbline passing through the center of gravity falls outside of the middle third of its base.
- 03. The foundation or the vertical or horizontal supporting members are materially damaged or deteriorated.
- 04. The non-supporting coverings of walls, ceilings, roofs, or floors are materially damaged or deteriorated.
- 05. The structure has improperly distributed loads upon the structural members, or they have insufficient strength to be reasonably safe for the purpose used.

- 06. The structure or any part thereof has inadequate means of egress as required by the city's building code.
- 07. The structure is unsanitary, unfit for human habitation, or likely to cause sickness due to damage, deterioration, or inadequate design/construction. Specifically the structure does not meet the city's requirements for:
 - light
 - ventilation
 - sanitation facilities
- 08. Injury to persons or damage to property will result because portion, member or appurtenance is likely to fail, become detached or dislodged, or collapse.
- 09. Unable to give reasonable protection to any occupants from weather elements or danger of collapse because of:
 - Holes or cracks in the floor, exterior wall or roof
 - Loose, rotten, warped or protruding boards
- 10. Is manifestly unsafe for the purpose for which it is being used or so as not to give reasonable protection from danger of collapse or fire because of:
 - Defective materials
 - Structural deterioration
 - Interior walls or ceilings with holes, cracks or loose plaster

COMMENTS (1) NO LANDINGS AT DOORS (2) DAMAGED SKIRTING/SIDING
 (3) EVIDENCE OF ROOF LEAKS (4) DAMAGED FLOORS / HOLES
 (5) DANGEROUS ELECTRICAL (6) EXPOSED WIRES @ ELECTRICAL
 PANEL (7) DAMAGED INTERIOR FINISHES (8) WATER LEAK

D. DETERMINATION

- 1. It has been determined upon inspection and investigation that the structure is dangerous, unsafe, or a hazard to public health and must be secured and:
 - A. Be vacated OR remain unoccupied; and
 - B. Be repaired OR be demolished.
- 2. It has been determined upon inspection and investigation that the structure is not dangerous, unsafe, or a hazard to public health as defined by the City's Code of Ordinances.

OCCUPANCY

- Occupied
- Vacant
- Open

C. FINDINGS

- 01. The structure or a part thereof has been damaged by fire, water, earthquake, wind, vandalism, or other cause to such an extent that it has become dangerous to the public health, safety, and welfare. I estimate that 100% of the structure is considered a loss.
- 02. The structure or a part thereof has deteriorated to such an extent that it has become dangerous to the public health, safety, and welfare.
- 03. The structure or a part thereof does not have adequate means of egress as required by the City's building code, and poses a danger in case of fire or panic.
- 04. The structure or a part thereof lacks necessary fire-resistive construction, and the threat of a fire in the structure poses a risk to inhabitants, neighboring structures, and fire department personnel.
- 05. Obsolete, damaged, or deteriorated electric wiring, gas connections, heating apparatus, or other mechanical infrastructure present a risk of fire.

06. The proximity of the structure or a part thereof to other structures on this or neighboring properties constitutes a fire hazard for the other structures.

07. The structure or a part thereof is in violation of the City's fire code.

D. DETERMINATION

1. It has been determined upon inspection and investigation that the structure is dangerous, unsafe, or a hazard to public health and must be secured and:

A. ___ Be vacated OR remain unoccupied; and

B. ___ Be repaired OR be demolished.

___ 2. It has been determined upon inspection and investigation that the structure is not dangerous, unsafe, or a hazard to public health as defined by the City's Code of Ordinances.
