

**BUILDING AND STANDARDS COMMISSION  
STAFF REPORT**

**August 25, 2014**

**Case #2041 – 1216 Clark Street**

**LEGAL DESCRIPTION:** Castle Heights, Block 30, Lot 1

**STRUCTURE(S):**

- single-family residence
- multi-family residence
- mixed use
- commercial
- accessory structure(s)

**PROPERTY OWNER(S):** Barbara Thomas Wilson

**LIENHOLDER(S)/**

**MORTGAGEE(S):** none

**IMPROVEMENT VALUE(S)**

**(AS APPRAISED BY THE  
BRAZOS COUNTY**

**APPRAISAL DISTRICT):** \$9,120 (2014 tax year)

**BACKGROUND:**

On March 5, 2012, the Fire Marshal, Bryan PD, and a Code Enforcement Officer found the structure unsecured, vacant, in need of repairs, and the electrical service wrapped around a tree. The electrical meter and service were removed. The City notified the owner of issues in March 2012 and the structure was secured soon after.

On July 19, 2014, the Fire Marshal and a City Building Inspector met with owner and discussed options for the structure (repair or demolition). At that time, the owner requested to be able to use the structure as is, without additional repairs, for storage use only. City staff explained that the residential structure could not be used for storage in the residential zoning district where this property is located. The owner then stated that she could not afford to repair house and that she would get a demolition permit and keep the structure secured.

**ATTACHMENTS:**

**BUILDING AND STANDARDS COMMISSION  
STAFF RECOMMENDATION**

**August 25, 2014**

**Case #: 2041**

**Building Address: 1216 Clark Street**

**Record Owner(s): Barbara Thomas Wilson**

**The City's Chief Building Official has requested this Commission hearing to discuss the building on this property, and all legal notices of the hearing were provided to record owners, lienholders, and mortgagees. They were also notified that if they wanted to repair the buildings and/or accessory structure they needed to meet with City staff and come to the hearing with a detailed plan for repairs, including cost estimates. Based on the surveys, reports, photographs, and other evidence provided to the Commission, the City recommends that the Commission find the building unsafe based on the standards set forth in Bryan Code of Ordinances Section 14-224 subsection(s):**

- 1)  The building, structure, or any part thereof is likely to partially or fully collapse.
- 2)  The structure or any part thereof was constructed or maintained in violation of any provision of the City's Building Code, or any other applicable ordinance or law of the city, county, state or federal government.
- 3)  One or more walls or other vertical structural members list, lean, or buckle to such an extent that a plumb line passing through the center of gravity falls outside of the middle third or its base.
- 4)  The foundation or the vertical or horizontal supporting members are twenty five percent (25%) or more damaged or deteriorated.
- 5)  The non supporting coverings of walls, ceilings, roofs, or floors are fifty percent (50%) or more damaged or deteriorated.
- 6)  The structure has improperly distributed loads upon the structural members, or they have insufficient strength to be reasonably safe for the purpose used.
- 7)  The structure or any part thereof has been damaged by fire, water, earthquake, wind, vandalism, or other cause to such an extent that it has become dangerous to the public health, safety and welfare.
- 8)  The structure or any part thereof has inadequate means of egress as required by the City's Building Code.
- 9)  The structure does not have adequate light ventilation, or sanitation facilities as required by the City's Building Codes and Plumbing Code.

**The City further recommends that the Commission find that:**

- the building is unsecured and must be boarded up and/or fenced in such a manner to prevent unauthorized entry by a person, including a child, through missing or unlocked doors or windows or through other openings into the building.**
- the building may not be feasibly repaired in compliance with City ordinances.**

**The City recommends that the Commission issue an order to the owner, lienholder, or mortgagee to:**

**demolish the building and remove the debris within 30 days.**

**The City recommends that the Commission orders that the City may:**

**disconnect water and electric utilities to the building; and**

**secure the structure, demolish the building and remove the debris in accordance with Chapter 14 of the City of Bryan's Code of Ordinances if the owner, lienholder, or mortgagee fails to comply with the Commission's order.**

# Dangerous Structures Survey Report

Chief Building Official

Case #2041

A. PROPERTY ADDRESS: 1216 CLARK STREET, CASTLE HEIGHTS ADDN, BLOCK 20, LOT 1

B. SPECIFICATIONS: No. Rooms 4 +/- No. Stories 1 No. Structures 1

STRUCTURAL USE

CONSTRUCTION

OCCUPANCY

- Residential/Single Family
- Mixed Use
- Commercial
- Residential/Multi Family
- Accessory Structure(s)

- Box
- Frame
- Masonry
- Mobile Home

- Occupied
- Vacant
- Open

C. FINDINGS

01. The structure or a part thereof was constructed or maintained in violation of a provision of the City's building code, other applicable ordinance, state law, or federal law. Specifically, the following:

2009 IRC / 2011 NEC

Main structure?  Accessory structure?

02. Any wall or other vertical structural members list, lean, or buckle to an extent that a plumbline passing through the center of gravity falls outside of the middle third of its base. Main structure?  Accessory structure?

03. The foundation or the vertical or horizontal supporting members are materially damaged or deteriorated. Main structure?  Accessory structure?

04. The non-supporting coverings of walls, ceilings, roofs, or floors are materially damaged or deteriorated. Main structure?  Accessory structure?

05. The structure has improperly distributed loads upon the structural members, or they have insufficient strength to be reasonably safe for the purpose used. Main structure?  Accessory structure?

06. The structure or any part thereof has inadequate means of egress as required by the city's building code. Main structure?  Accessory structure?

07. The structure is unsanitary, unfit for human habitation, or likely to cause sickness due to damage, deterioration, or inadequate design/construction. Specifically the structure does not meet the city's requirements for:

- light
- ventilation
- sanitation facilities

Main structure?  Accessory structure?

08. Injury to persons or damage to property will result because portion, member or appurtenance is likely to fail, become detached or dislodged, or collapse.  
Main structure?  Accessory structure?

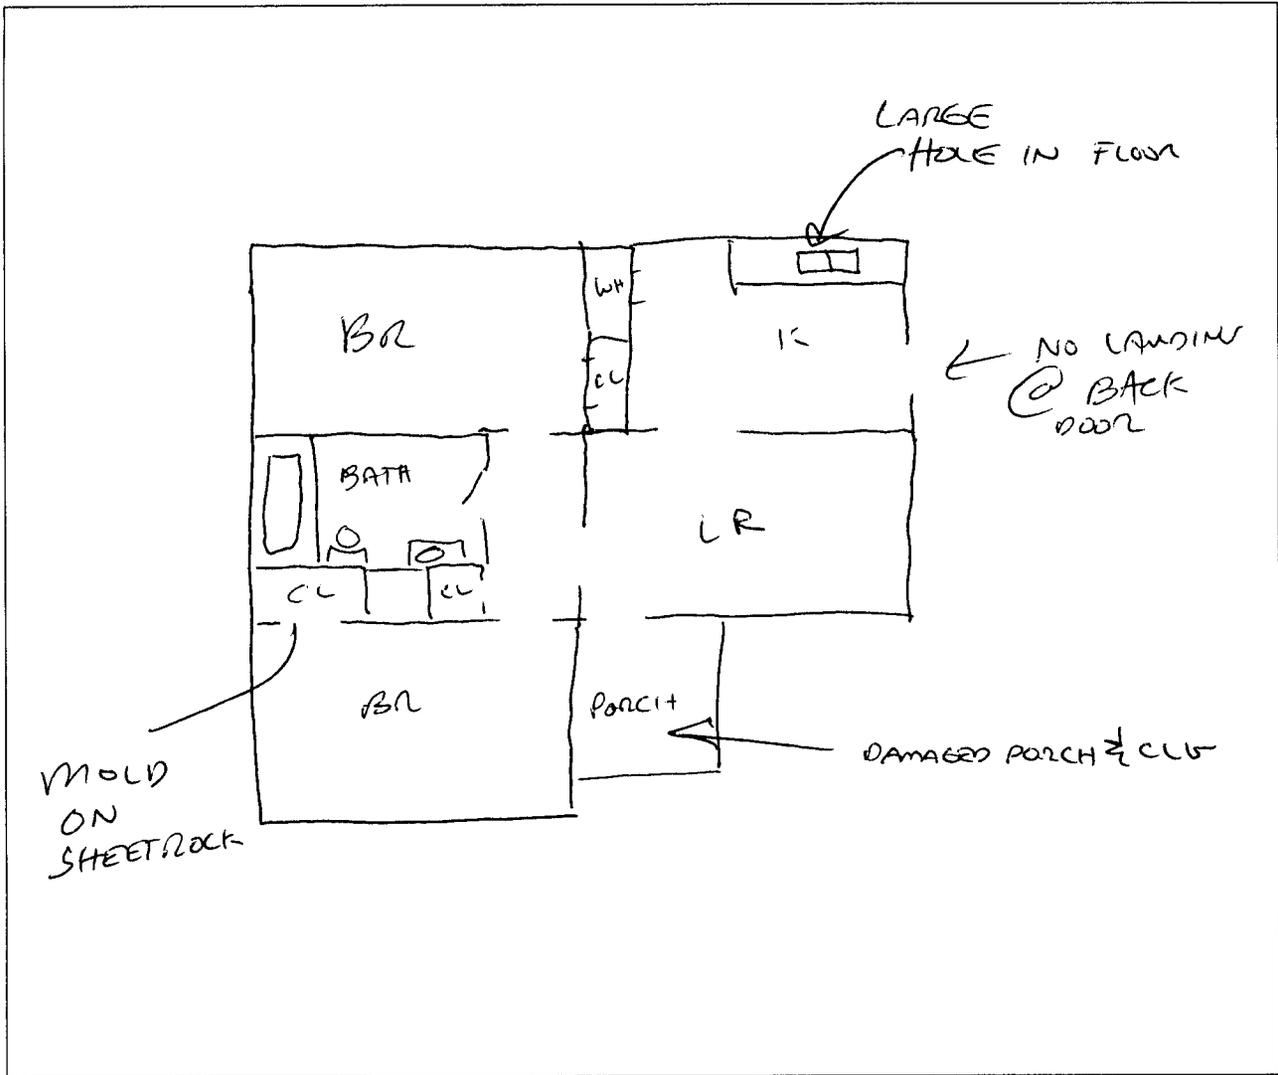

09. Unable to give reasonable protection to any occupants from weather elements or danger of collapse because of:  
 Holes or cracks in the floor, exterior wall or roof  
 Loose, rotten, warped or protruding boards  
Main structure?  Accessory structure?

10. Is manifestly unsafe for the purpose for which it is being used or so as not to give reasonable protection from danger of collapse or fire because of:  
 Defective materials  
 Structural deterioration  
 Interior walls or ceilings with holes, cracks or loose plaster  
Main structure?  Accessory structure?

11. The building, structure, or a part thereof, is unsecured and open.  
Main structure?  Accessory structure?

COMMENTS (1.) UN SECURED WINDOWS (2.) INTERIOR FINISHES > 50% DAMAGED (3.) DAMAGED SIDING (4.) HOLE UNDER KITCHEN SINK (5.) ROTTEN WALLS (6.) FRONT PORCH FRAMING NOT ADEQUATE, (7.) MISSING CRAWL SPACE SKIRTING (8.) WATER HEATER NOT TO CODE, MISSING VENT PIPE  $\frac{1}{2}$  T & P. (9.) OPEN CEILING - SHEETROCK FALLING (10.) HOLE IN BATH ROOM WALL AT TUB (11.) MISSING ELECTRICAL OUTLET COVERS, DAMAGED LIGHT FIXTURES (12.) DAMAGED ELECTRICAL PANEL (13.) MOLD (14.) MAY NOT HAVE INSULATION IN EXTERIOR WALLS - NONE IN ATTIC

D. FLOOR PLAN (if necessary)

E. DETERMINATION

1. It has been determined upon inspection and investigation that the structure is dangerous, unsafe, or a hazard to public health and must be secured and:
- A.  Be vacated OR  remain unoccupied; and
- B.  Be repaired OR  be demolished.
2. It has been determined upon inspection and investigation that the structure is not dangerous, unsafe, or a hazard to public health as defined by the City's Code of Ordinances.

Fire Marshal

Case #2041

A. PROPERTY ADDRESS: 1216 CLARK STREET, CASTLE HEIGHTS ADDN, BLOCK 20, LOT 1

B. SPECIFICATIONS: No. Rooms \_\_\_\_\_ No. Stories 1 No. Structures 1

STRUCTURAL USE

CONSTRUCTION

OCCUPANCY

- Residential/Single Family
- Mixed Use
- Commercial
- Residential/Multi Family
- Accessory Structure

- Box
- Frame
- Masonry
- Mobile Home

- Occupied
- Vacant
- Open

C. FINDINGS

- 1 01. The structure or a part thereof has been damaged by fire, water, earthquake, wind, vandalism, or other cause to such an extent that it has become dangerous to the public health, safety, and welfare.  
I estimate that 80% of the main structure is considered a loss.  
I estimate that     % of the accessory structure is considered a loss.
- 1 02. The structure or a part thereof has deteriorated to such an extent that it has become dangerous to the public health, safety, and welfare.  
Main Structure?  Accessory Structure?
- 1 03. The structure or a part thereof does not have adequate means of egress as required by the City's building code, and poses a danger in case of fire or panic.  
Main Structure?  Accessory Structure?
- X 04. The structure or a part thereof lacks necessary fire-resistive construction, and the threat of a fire in the structure poses a risk to inhabitants, neighboring structures, and fire department personnel.  
Main Structure?  Accessory Structure?
- X 05. Obsolete, damaged, or deteriorated electric wiring, gas connections, heating apparatus, or other mechanical infrastructure present a risk of fire.  
Main Structure?  Accessory Structure?
- 1 06. The proximity of the structure or a part thereof to other structures on this or neighboring properties constitutes a fire hazard for the other structures.  
Main Structure?  Accessory Structure?
- X 07. The structure or a part thereof is in violation of the City's fire code.  
Main Structure?  Accessory Structure?

\_\_\_ 08. The building, structure, or a part thereof is being used by criminals, vagrants, or squatters for the purpose of suspected illegal activity.  
Main Structure? \_\_\_ Accessory Structure? \_\_\_

X 09. The building, structure, or a part thereof presents an attractive nuisance to children.  
Main Structure? X Accessory Structure? X

COMMENTS open ceilings  
mold  
Broken windows  
soft floors

D. DETERMINATION

X 1. It has been determined upon inspection and investigation that the structure is dangerous, unsafe, or a hazard to public health and must be secured and:

A. \_\_\_ Be vacated OR X remain unoccupied; and

B. \_\_\_ Be repaired OR X be demolished.

\_\_\_ 2. It has been determined upon inspection and investigation that the structure is not dangerous, unsafe, or a hazard to public health as defined by the City's Code of Ordinances.
