FP15-17: proposed Final Plat of Siena Subdivision – Phase 5

SIZE AND LOCATION: 6.076 acres of land out of John Austin Survey, A-2 and located generally southeast of Old Reliance Road, generally south of the westernmost terminus of Positano Loop

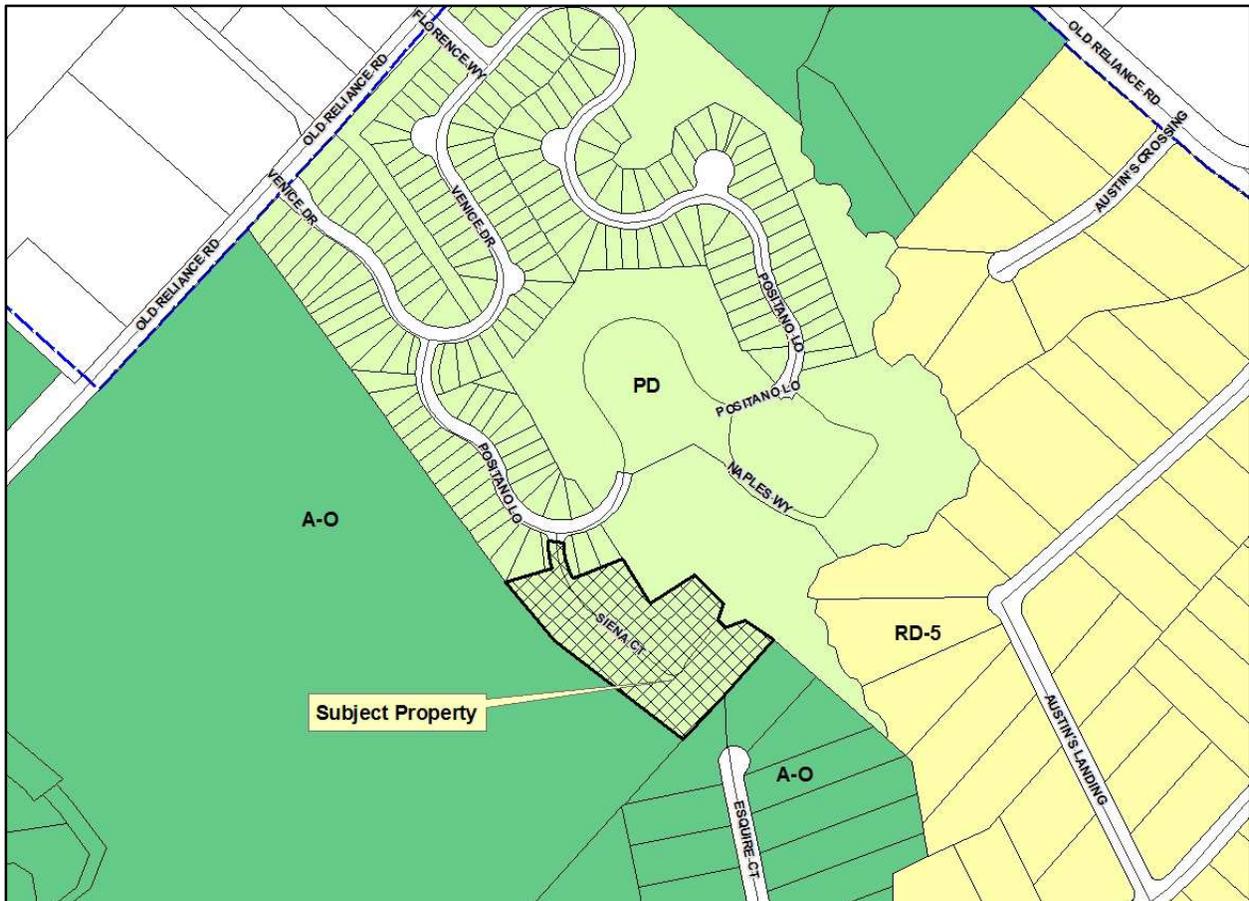

EXISTING LAND USE: vacant acreage

ZONING: Planned Development – Housing District (PD-H)

APPLICANT(S): BCS Development Co.

AGENT(S): McClure & Brown Engineering – Dale Brown

STAFF CONTACT: Martin Zimmermann, AICP, Planning Manager

PROPOSED SUBDIVISION:

The proposed final plat of Phase 4 of the Siena Subdivision creates 27 lots intended for single-family residential use on 5.62 acres of vacant land zoned Planned Development – Housing District (PD-H). One new street, Sorento Court, as well as public water main, sewer main, and storm sewer extensions are proposed for dedication and improvement by the developer. In addition, 0.202 acres and 0.201 acres, respectively, of common area are proposed to be dedicated for public use with this plat. Within these common areas, the developer will install a sidewalk/trail system, in accordance with the approved 2009 development plan for the PD-H zoning of this land. The common areas will be maintained by the Siena Homeowners Association.

The proposed final plat is substantially in conformance with the Master Plan of Siena Subdivision, which the Planning and Zoning Commission approved on July 16, 2009. Parkland dedication requirements for the entire 269-lot Siena Subdivision were met with the dedication of 3.72 acres of parkland adjacent to Old Reliance Road with the recording of the final plat of Phase 2 of this subdivision on April 29, 2013. \$9,666 in parkland development fees will be due prior to the recording of this final plat.

RECOMMENDATION:

The proposed final plat complies with all applicable codes and ordinances. The Site Development Review Committee and staff recommend **approving** this proposed final plat.
