### Description

This project includes the construction of a new fire station to be located near SH 21 east.

### Justification

The construction of fire station 6 was anticipated in the 2003 study. Fire stations are located to insure that emergency services can arrive on the scene within 3 – 5 minutes of any emergency call within the City of Bryan. This will meet the standards for emergency response set by the National Fire Protection Association (NFPA) and the Insurance Services Organization (ISO).
