

Capital Improvement Program

Project: FA_09_010

Project Name: Fire Station 3 Reconstruction

CIP Project: N/A

Location: 3211 Briarcrest Drive

Council District: 3

Type / Source: Facilities

CIP Ranking: 49

Projected Cost Year: 2022

Projected Cost: \$8,660,000

Original Cost Year: 2008

Status: Unfunded

Description

This project includes additions to Fire Station No. 3 located on Briarcrest Dr. There is existing property adjacent to the station that can be purchased to accommodate the expansion.

Justification

Current fire station 3 does not have adequate space for personnel and apparatus currently assigned to the station. It was constructed for 1 or 2 apparatus. This was for 1 fire engine and a reserve unit or ambulance. It was anticipated that there would be 3 or 4 firefighters assigned to each station. With the addition of Emergency Medical Services in the late 1970's we added more people and more apparatus. There are now 7-10 fire fighter/paramedics assigned to each station and we have 7 fire engines, 7 ambulances and 10-12 other emergency response and non emergency response vehicles and other equipment that we did not have in the past.
