

Capital Improvement Program

Project: SP_09_003

Project Name: Boonville Sound Barrier Wall

CIP Project: N/A

Location: Along back of Wheeler Ridge Subdivision around Woodcrest intersection of FM158 (Boonville Rd)

Council District: 3

Type / Source: Special Projects

CIP Ranking: 59

Projected Cost Year: 2022

Projected Cost: \$251,000

Original Cost Year: 2009

Status: Unfunded

Description

The old wooden back fences of residences in the Wheeler Ridge subdivision face Boonville Road which is a gateway into the City. These fences are in poor condition and the residences have previously asked the City to replace the wooden fences with a soundwall that will afford them more privacy from the high speed traffic on Boonville Road.

Justification

The subdivision has requested this wall many years ago. Increased roadway traffic has increased the amount of roadway noise experienced by the residences.
