

Capital Improvement Program

Project: SP_15_001

Project Name: FM 158 Safety Lighting

CIP Project:

Council District: 3

Type / Source: Special Projects / Staff

CIP Ranking: 34

Projected Cost Year: 2016

Projected Cost: \$1,976,000

Original Cost Year: 2015

Location: Along both sides of FM158 (Booneville Rd.) from SH6 (Earl Rudder Fwy) to SH30 (Harvey Rd.)

Status: In Construction

Description

Provide safety lighting for miles of existing 6 ft wide sidewalks and 12 ft wide shared use pathways that were constructed by TXDoT with the FM 158 widening project.

Justification

Currently there is no lighting on the roadway or pedestrian / bicycle facilities. Providing the proposed lighting with this project will increase the safety of the users along this roadway, especially during night hours, late evening, early morning or other low light conditions. This project has been submitted as a 2015 TAP Program Project. The City would provide a 30% match for this project if the project were selected.
