Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction
The U.S. Dept. of Housing and Urban Development (HUD), through a consolidation process, brings together the requirements of the National Affordable Housing Act of 1990 and the Housing and Community Development Act of 1992 into one plan. This plan is called the Consolidated Plan for Housing and Community Development. Referred to as the "Consolidated Plan," it combines the former Comprehensive Housing Affordability Strategy (CHAS) with the planning and application requirements of four entitlement grant programs. The Community Development Block Grant and HOME grant provide Bryan with annual financial resources to achieve strategies developed in the planning process. The following is a list and brief description of the four entitlement programs involved in a consolidation process.

- Community Development Block Grant (CDBG) is a formula-based program designed to develop viable urban communities by providing adequate housing, a suitable living environment, and expanding economic opportunities for persons of low and moderate income.

- Emergency Solutions Grant (ESG) is a formula-based program targeted at improving the lives and safety of persons who are homeless or at risk of becoming homeless.

- HOME Investment Partnerships Program (HOME) is a formula-based program for expanding and improving the supply of decent, safe and affordable housing for very low and low income persons.

- Housing Opportunities for Persons with Aids (HOPWA) is a formula-based program targeted at improving housing for persons suffering from AIDS.

The City of Bryan does not receive the HOPWA grant and must compete for ESG funds through the Texas Department of Housing and Community Affairs. The City became a Participating Jurisdiction with HUD in 1995, which allows the City to receive HOME funding on an annual basis. Currently, the City uses CDBG funds to help the homeless and persons with AIDS, and through working with local partners Project Unity and Twin City Mission who have been recipients of HOPWA and ESG.

The 2016 Annual Action Plan (AAP) is a coordinated approach to addressing Bryan's housing and community development needs. It is the second AAP to be developed by the City under the current 5-Year Consolidated Plan. The goal of this collaborative planning process is to integrate economic, physical and human development needs in a comprehensive and coordinated manner so that families,
neighborhoods, and community interests can work and continue to improve quality of life for all citizens in the City of Bryan. This approach eliminates duplications in preparing separate grant reports and requiring multiple planning, development and citizen participation meetings throughout the year. It also utilizes a single application and a single computerized reporting process. Ultimately, the Consolidated Plan allows the City of Bryan, its partners, providers and citizens the opportunity to create a unified vision for the community.

The 2016 AAP covers the time period from October 1, 2016 through September 30, 2017 and describes how federal resources will be used during this period to address community needs. The City has been notified by the U.S. Department of Housing and Urban Development (HUD) that the following funds will be available:

- **$855,207** in Community Development Block Grant Funds (CDBG)
- **$272,717** in Home Investment Partnership Funds (HOME)

The City will also generate approximately $19,000 in CDBG program income during the 2016 program year. The primary sources of program income are loan repayments through CDBG housing activities. Housing program income is utilized for housing activities. Although there may be some crossover from one program year to the next, all anticipated projects are expected to be completed within the program year. The City also anticipates $60,000 in HOME program income generated from housing activities.

The 2016 AAP has several purposes:
- Review community needs and priorities for addressing those needs as identified in the 2015-2019 5-Year Consolidated Plan,
- Report objectives and outcomes identified in the Plan,
- Describe activities to be undertaken during the 2016 program year, using federal dollars to address those needs, and
- Report the amount and type of private funds that will be leveraged through the use of these federal dollars.

The 2016 AAP also serves as the City of Bryan’s application to HUD for these funds. The objectives and activities established in this plan also provide a framework for assessing the City’s performance in achieving its overall community development goals.

receive comments related to Fair Housing and Affirmative Marketing issues in Bryan. The June 27, 2016 meeting began a 30-day public comment period, which ended July 26, 2016. There were also multiple Joint Relief Funding Review Committee (JRFRC) meetings held jointly with the City of College Station to provide information, receive and review applications, and accept public input related to public service funding in the community. Public service applications were solicited and received between February 15, and March 24, 2016. A pre-proposal workshop was held on February 15, 2016 and another seven public JRFRC meetings were held on the following dates: April 7, 2016, April 14, 2016, April 21, 2016, April 28, 2016, May 5, 2016, and two meetings on May 18, 2016.

This document annually updates and commits to the 5-Year Consolidated Plan which includes an assessment of housing and homeless needs, a housing marketing analysis, a five-year strategic plan, and monitoring standards and procedures to ensure compliance with program requirements. The CP’s Strategic Plan describes priorities and strategies (measurable goals) for addressing community needs concerning affordable housing, homelessness, needs of special populations, and non-housing community development needs. The 2015-19 CP was adopted by the City of Bryan Council on July 28, 2015. Subsequently, at its June 27, 2016 meeting, the CDAC held a public hearing for the 2016 AAP, provided for the beginning of a comment period, and reviewed the draft 2016 AAP. It was determined that the 2016 AAP, and all described therein, be forwarded to the Bryan City Council for action. The Bryan City Council approved the 2016 AAP at its July 12, 2016 regular meeting.

A list of the proposed activities was published in the *Bryan/ College Station Eagle* on June 13, 2016, satisfying the 15-day notice required for the public hearing held on June 27, 2016. The City of Bryan CDS Department regularly involves local public and assisted housing providers and private and governmental health, mental health and service agencies in its AAP planning process. Additionally, the Bryan City Council delegates to the Community Development Advisory Committee (CDAC), the responsibility to review, advise and recommend funding allocations and program details to Council and staff. The CDAC is an advisory committee comprised of seven council appointees that hold regular public meetings and required public hearings for federally funded activities. So as to maximize access to Bryan’s lower-income communities, CDAC regularly schedules meetings in a variety lower-income neighborhoods.

The Cities of Bryan and College Station (neighboring cities) also jointly manage the Joint Relief Funding Review Committee (JRFRC), a citizen committee appointed by both city councils, to better prioritize needs, evaluate agency programs, and recommend allocation of grant funds – all in an effort to promote efficiencies and eliminate duplication among health and human service providers.

The City is also represented on the Brazos Valley Coalition for the Homeless by having CDS staff serve on the coalition. Participation in the homeless coalition’s annual point-in-time homeless count and other related HMIS (Homeless Management Information System) actions enhance success of delivered services. CDS staff also coordinates regularly with the local public housing affiliate, to include review of the public housing authority’s budgets, construction efforts and applications for Certifications of Consistency with City of Bryan annual and 5-year planning goals. The CDS Office also reviews and support various grant and other funding applications initiated by the Bryan Housing Authority.

CDS staff serves on and/or is active in multiple other private and governmental entities that serve lower-income populations, to include: United Way of the Brazos Valley, Bank on Brazos Valley, and the Community Partnership Board which represents approximately 80 local housing, health and human
services providers. The City of Bryan Community Development Services Department prepared and made available public service announcements specifically for United Way of the Brazos Valley’s 211-Texas Resource Coordinator and for the Community Partnership Board’s agency members. The public service announcements provided information on the city’s 2016 AAP and on upcoming public hearings, and invited participation and public input at the hearings.

Finally, city staff regularly reviews and provide consultation, analysis and, when appropriate, support to various types of affordable and accessible housing, to include proposed Housing Tax Credit projects, Habitat for Humanity programs and developments, and CHDO projects within the city limits of Bryan.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.
During the last fifteen years several area agencies including Bryan’s CDS Department, have worked to more accurately address homeless needs locally. The city’s CDBG funds are available, through an annual application process, to meet local health and human service needs, including those addressing homelessness. Additionally, the City coordinates with Twin City Mission and Project Unity support of and applications for ESG and HOPWA funds (respectively) to meet homeless needs locally. The City is also a member of the Brazos Valley Coalition for the Homeless (BVCH).

Initial efforts to prepare a Homeless Gaps Analysis took place in 2001. A working session conducted by BVCH assembled various agencies serving the homeless and directed them through a preliminary data gathering process to update the statistics used in the gaps analysis process. Based on the results of the gaps analysis update and utilizing assistance from Enterprise Foundation, homeless priorities and gaps were updated. Afterwards, an additional workshop was held to strengthen and streamline the Continuum of Care system using feedback from HUD on the 2000 Continuum of Care application.

Since then, BVCH has conducted regular homeless surveys to gather information on needs with which to do regular gaps analysis updates. In 2005, BVCH performed their first “Point-in-Time Only” count. During development of the 2015-19 CP, the City solicited information from local agencies at two city sponsored workshops to ascertain needs for persons at risk of homelessness. Agencies were asked multiple questions related to homeless needs. The most underserved groups, as reported by providers, were the low-income, mentally disabled and homeless. Agencies reported housing as the highest rated primary need, transportation as the highest personal need, mental health care as the most pressing health care need, and drug/alcohol abuse assistance as the top family need. Several of these also tend to be indicative of a risk of homelessness. In fact, the 2015 Point-in-Time Count supports the agency workshop results. Of the 78 surveys completed during the 2015 homeless survey, mental health care was the highest rated service reported needed among the unsheltered and transportation was the second highest reported unmet need. In-person consultation with Project Unity representatives listed temporary shelter (emergency and transitional) for special populations as the second most pressing
need. In particular, they listed the need for alternative shelter options (as opposed to the local shelter) for victims of domestic abuse.

The most recent count was done on January 22, 2016. In the 2016 count, 141 homeless were identified (sheltered and unsheltered) with 15 unsheltered. As compared to past years, an increase in homeless families was seen. Veterans represented 3% of the homeless population and all were sheltered. Twenty percent of homeless households included children, and 3 of those children, and the household represent, were unsheltered. Of homeless households with at least one adult and child, (sheltered and unsheltered) 70% were Black and 30% White. Of homeless (sheltered and unsheltered) households without children 64% were White, 34% were Black, and 2% were Asian.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

While the City of Bryan does not receive ESG funds, multiple agencies, to include the City of Bryan, participate in service delivery to ensure needs are addressed locally. Participating agencies include, but are not limited to: Bryan Public Housing Authority, United Way, The Brazos Valley Community Action Agency, Project Unity, BCS Habitat for Humanity, Bryan Housing Authority, Twin City Mission, Elder-Aid, EMBRACE, No Limits, Genesis Corner, Emanuel Baptist Church, Family Promise, the Brazos Valley Council of Governments, Mental Health Mental Retardation Authority of Brazos Valley, the Salvation Army, and the Texas Department of Housing and Community Affairs. Following are actions taken to address CoC needs locally through the Brazos Valley Coalition for the Homeless (BVCH) planning sessions.

- **Services and Assistance to Homeless and Special Needs Populations**: See services and direct assistance provided to homeless and special needs populations.
- **Increase Permanent Housing Options**: Contact agencies with an interest in applying for PH funding and coordinate training on PH funding sources.
- **Address Chronic Homelessness**: Create addition beds locally for the chronically homeless.
- **I&R for Services**: Increase support, case management, and public service referrals provided to clients in PH.
- **Eliminate Obstacles**: Develop a support team of Coalition members to reduce obstacles to clients’ success in PH.
- **Evaluate Programs**: Evaluate temporary housing programs and contact agencies working with homeless and special needs persons, focusing on maintaining current successful practices.
- **Ensure Quality Case Management**: Ensure that case management services and follow-up support are strong enough to help temporary housing participants obtain and maintain PH.
- **Employment and Job Skills**: Continue coordination with Workforce Board to address employment needs of homeless and special needs populations. Host job/skills training workshops.
• **Assist Families with Children**: Collaborate to expand housing opportunities to homeless families with children. Foster programs specifically targeting this population.

• **Expand HMIS and Satisfy Reporting**: Expand HMIS through expansion grant funds. Satisfy CoC HMIS requirements by following HMIS policies, monitoring compliance, and reporting requirements in SuperNOFA and Annual Homeless Assessment Report (AHAR).

• **HEARTH Compliance**: Incorporate Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act changes into by-law and committee responsibilities.

• **Point in Time Homeless Count**: Coordinate with agencies to plan for and conduct bi-annual Point-In-Time Homeless population and subpopulation count.

• **Timely CoC Reporting**: Provide for CoC quarterly achievement reports.

• **Evaluated and revised policies, procedures, charter and by-laws**: To ensure HUD CoC compliance.

2. **Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities**

Identify any Agency Types not consulted and provide rationale for not consulting

All agency types were included in consultation during development of Bryan’s 2015-19 CP and 2016 AAP. CDS staff regularly consulted with offices and agencies of every type by participation in the CPB (Community Partnership Board) meetings which include approximately 80 local and regional agencies regularly meeting to address local needs. Specific agencies and organizations not consulted with in either workshops or one-on-one meetings, were invited to provide input and comment by participation in online survey opportunities and/or by correspondence (see list of contacted entities under AP-10 Consultation. In all, approximately 200 public and private entities were contacted in an effort to receive comprehensive input regarding local needs and priorities.

**Narrative (optional)**

In an effort to ensure a comprehensive analysis of local needs, as well as effective program goals and objectives meeting needs, the City involved all types of health and human service providers, government agencies, and private sector service entities in the Consolidated Planning process. Likewise, input and involvement of public and private stakeholders was also solicited in the development of the 2016 AAP, as were other relevant plans that provide guidance on local needs. Individual consultations, agency workshops, online surveys, mail-outs, public hearings and review of other available resources allowed the City to prepare strategies that serve both stakeholders and clients. The City of Bryan enjoys good working relations with local providers and fosters those associations by regularly scheduled forums and workshops. These regular meetings ensure goals are being carried out, grant program requirements are being satisfied, and needs are being met according to the Consolidated Plan and Annual Action Plan. Community Development staff is also involved in several local committees reviewing community needs such as the Brazos County Health Committee Needs Update, United Way’s Decent, Safe, Affordable Housing Committee, the Brazos Valley Coalition for the Homeless, and United Way and Bryan Business Council committees.

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The City’s Citizen Participation Plan is designed to afford all citizens, including low and moderate income citizens, the opportunity to comment on Consolidated Plans and Action Plans, grant programs, and projects. Policies addressed in the plan include: encouraging participation, minimum requirements, amendments, performance reports, public hearings, meetings, availability to the public, access to records, technical assistance, use of plan, jurisdiction response, and definition of substantial change. Multiple opportunities allowed input regarding the Citizens Participation Plan, and other related policies and procedures, during development of the city’s 2015-19 Consolidated Plan (CP) – which is the guiding document for the 2016 Annual Action Plan (AAP).

As a public forum for the city’s programs and to gain input on local needs and priorities, the City’s Community Development Advisory Committee (CDAC) held public meetings at 6:00 PM on: October 8, 2015, January 14, 2016, February 11, 2016, March 10, 2016, April 21, 2016, May 12, 2016, and June 27, 2016. Development of the controlling 2015-19 CP involved several means of citizen participation, including: 3 different surveys (online, mailed and at workshops); multiple public meetings and hearings; mailings to neighborhood associations and churches; newspaper notices; television and radio public service announcements; and website and YouTube informational postings. Likewise, development of the 2016 AAP involved an online survey opportunity, multiple public meetings and hearings, newspaper notices, television and radio public service announcements; and, website and YouTube informational postings.

The March 10th and June 27th, 2016 meetings, both held at 6:00 PM at the Bryan Municipal Building, 300 S. Texas Ave., Bryan Texas, included public hearings on the local needs and draft 2016 AAP Plan summaries, respectively, as well as on Fair Housing and Affirmative Marketing requirements. Both public meetings were announced by notices in the local newspaper, radio, television, public service announcements to agencies, and on the city’s website. Public meetings agendas are also posted at City Hall on the official legal notice publication board.

The variety of outreach methods resulted in a broad range of input from citizens. CDAC reviewed and sorted the input during its development of the AAP. The resulting plan containing recommendations regarding needs, priorities, and funding allocations were then forwarded to the Bryan City Council for approval. A 30-day public comment period ran from June 27th to July 26th. On July 12, 2016 the Bryan City Council held a public council meeting during which the 2016 AAP was approved and adopted.
Assistance was provided to agencies, developers and other inter-departmental offices wishing to apply for CDBG and/or HOME funds. A Joint Relief Funding Review Committee is established with Bryan’s sister city - the City of College Station – so as to more effectively and efficiently provide training, application assistance, agency program review and funding for providers meeting local priority needs. Other inter-departmental offices or developers were provided technical assistance for project need and feasibility reviews as well as application assistance.

Expected Resources

AP-15 Expected Resources – 91.220(c) (1, 2)

Introduction

In Program Year 2016, the City of Bryan anticipates receiving Community Development Block Grant (CDBG - $855,207) and HOME Investment Partnerships Program (HOME - $272,717) grant funding from the U.S. Department of Housing and Urban Development (HUD) and approximately $19,000 of CDBG program income and an estimated $60,000 in HOME program income. The City of Bryan also anticipates similar grant and program income amounts on an annual basis through the duration of the 2015-19 Consolidated Plan period. Annual allocations are based on a HUD-established formula. These resources, along with those from other public, private, and nonprofit partners, establish a multi-faceted approach to addressing the goals and objectives identified in this Strategic Plan.

The CDBG program provides communities with resources to address a wide range of unique community development needs by providing decent housing, a suitable living environment, and expanding economic opportunities for low- and moderate-income persons. Activities may include affordable housing services, homeownership assistance, acquisition, public facility/infrastructure improvements, clearance and demolition, public services, economic development assistance and other grant eligible activities.

The HOME program is dedicated solely to development of affordable housing opportunities for low-income households. The City of Bryan anticipates partnering with local non-profit and for-profit entities, to promote affordable housing for low-income persons locally. At least 15% of the grant must be set-aside to fund housing to be owned, developed, or sponsored by experienced, community-driven nonprofit groups designated as Community Housing Development Organizations (CHDOs).

Table 5 - Expected Resources – Priority Table
Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Federal funds will leverage additional resources through applicable property donations (city or other entities), non-profit resources such as sweat equity or funds available for partnerships such as Habitat for Humanity, or other non-profit developers for rehabilitation or construction of affordable housing. Additional leveraging includes the down-payment assistance program leveraging an anticipated $1.2 annually. Local financial institutions provide permanent financing to homebuyer's receiving down-payment assistance. The City's 2016 match requirement for HOME has been waived and there is no match requirement for CDBG. CDBG public service agencies provide private non-profit dollars into funded public service agency programs. The City uses general funds to improve parks, facilities and infrastructure in low/moderate income areas and does partner with the Community Development Services Department, when appropriate to leverage CDBG funds further.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City currently has three single-family, residentially-zoned properties potentially available for use meeting affordable housing needs identified in this plan. These propeties were donated by the Brazos County Tax Office and by a local lender.

Discussion

The City uses CDBG and HOME funds, and available leveraging dollars annually to address the needs summarized in the Needs assessment portion of the plan. The City will receive $855,207 (plus anticipated program income of $19,000) in CDBG and $272,717 (plus anticipated program income of $60,000) in HOME in the 2016 program year. Prior year's resources anticipated to carry over from the 2015 program year for CDBG are estimated to be approximately $550,000 allocated and an additional $400,000 allocated in HOME funds. Partnerships are ongoing and the City continues to seek out new partnerships to provide additional leveraging and further goals toward community needs. Continued partnerships include non-profit and for-profit housing developers, the local home builders association, local housing committees, public service partnerships, United Way, continue to provide coordination of the City's Bank on Brazos Valley program and the Brazos Valley Coalition for the Homeless.

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):

In the PY2016, the City estimates providing major rehabilitation/reconstruction assistance to 3 homeowners through the Home Owner Housing Assistance Program and minor repair assistance to a minimum 20 low-income owner-occupied dwellings. It is expected that 15 of these 23 homeowners will be elderly and/or disabled. The City also anticipates that one of its CHDOs will construct 1 new affordable single-family home. It's estimated that 10 lower-income, eligible applicants will purchase homes using the City of Bryan Home Buyer Down-Payment Assistant Program. Finally, an estimated 1 property will be acquired using CDBG funding, for future affordable housing.

**Based on these estimates, the City will provide affordable housing to the following estimated number of families in the following income categories:**

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

CDBG and HOME funds are not allocated based on geographic areas. Funds are distributed throughout the community based on need. Because low income, elderly, disabled, and special needs homeowners and renters reside throughout the city, housing assistance is available citywide. Homeless persons and those facing potential homelessness also reside throughout the city making the need for shelter and housing a citywide activity. Services provided for the homeless population are located city-wide to provide maximum accessibility.

In an effort to promote livability, public services, public facilities and housing projects are generally located so as to be accessible by various modes of transportation (walking, biking, driving) and are typically on or near public bus routes provided by the local transit authority (the District) as well as Texas A&M University’s off-campus bus service. Major employment assistance providers like Blinn College and the Workforce Commission are located on both, the District’s and Texas A&M University’s off-campus bus routes.

Assistance for special needs populations (elderly people, disabled persons, persons with drug/alcohol addictions, persons with AIDS/HIV) is provided citywide, as these populations exist throughout the city. Public services (such as Phoebe’s Home, the Food Bank, and Elder-Aid) are also not limited geographically. These services are expected to be readily available and accessible to targeted audiences. Public facilities and infrastructure improvements, such as park improvements, will be considered in areas of the city where 51% or more of the population meets low and moderate-income guidelines or where an organization’s clients are at least 51% low to moderate income as defined by HUD. CDS staff coordinates Bryan’s First Rehab Committee to ensure that priority is assigned to livability issues when CIP projects are being considered.

Economic development activities are provided citywide (unless designated a spot slum/blighted location), recognizing that low-income individuals live throughout the city and that business location is often critical to its potential success.

Discussion

Because housing, as well as health and human needs are found throughout the community, allocation of program funds are available citywide. As noted above, low-income, elderly, disabled, and special needs homeowners and renters reside throughout the city, therefore housing assistance is available citywide. Likewise, homeless persons and those facing potential homelessness also reside throughout the city making the need for shelter and housing a citywide activity and services provided for the homeless populations are located city-wide to provide maximum accessibility.
Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

In the 2016-17 Program Year, the City of Bryan will provide rehabilitation/reconstruction assistance to a minimum of 3 homeowners through the Home Owner Housing Assistance Program and minor repair assistance to a minimum of 20 low-income owner-occupied dwellings. It is expected that 15 of these 23 homeowners will be elderly and/or disabled. The City also anticipates that one of its CHDOs will construct a minimum of 1 new affordable single-family home.

It's anticipated that 10 lower-income, eligible applicants will purchase homes using the City of Bryan's Home Buyers Down-Payment Assistant Program. An additional 1 property will be acquired using CDBG funding, for future affordable housing.

Discussion

The above noted affordable housing activities are targeted toward low-income home owners and/or home buyers. While the City is not directly funding housing assistance to homeless populations, the local homeless shelter and services provider, Twin City Mission (TCM), will received continued funding from a variety of public and private grant and charitable sources. TCM also generates funds from its donation and thrift shop sales. The City partners with TCM as a member of the Brazos Valley Coalition for the Homeless.
AP-60 Public Housing – 91.220(h)

Introduction

While no CDBG or HOME funds will be allocated to the local public housing authority, the Bryan Housing Authority (BHA), plans continued improvements to its 300 duplex and townhome style subsidized rental units. A variety of support services are made available to the residents to promote a healthy affordable living environment for all tenants, young and old. The Brazos Valley Council of Governments will also make approximately 1,600 Housing Choice Vouchers available throughout the Bryan-College Station community and, likewise, provide various support programs for person applying for and utilizing rental assistance vouchers.

Actions planned during the next year to address the needs to public housing

The BHA was awarded a ROSS-Service Coordinator Grant for $240,000 which will provide BHA residents improved units and services. BHA continues to commit funds toward renovations of units and plans additional future renovations, to include additional insulation of outer wall to enhance energy efficiency and other typical upgrades (appliances, fixtures, flooring, painting, etc.). Landscaping, fencing and exterior lighting improvements are also planned. The City will continue to provide technical assistance to BHA and meet onsite at least once annually.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

BHA also continues to provide a variety of services to residents, to include: homeownership training, parenting Skills, dropout prevention, domestic violence and substance abuse prevention, health fairs and healthcare assistance, pregnancy outreach, budgeting, GED and higher education assistance, youth leadership development and computer classes. BHA is also initiating character building sessions during the summer for neighborhood youth, and fitness program for adults. BHA is currently working to initiate a neighbor association.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable.

Discussion

Upon request, the City of Bryan reviews BHA grant applications and provides the required Certification of Consistency for the U.S. Dept. of HUD. The BHA is an important partner in the delivery of affordable housing and related support services. BHA rental units and other program assistance provide the support and encouragement needed by residents wanting to achieve self-sufficiency. With BHA support and assistance from other programs and agencies, BHA tenants have the opportunity to achieve increased self-sufficiency for themselves and their families.
AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction
In support of homeless and special needs activities, the City supports Twin City Mission and Project Unity on applications for ESG and HOPWA funds to meet homeless needs, and is also a member of the Brazos Valley coalition for the Homeless (BVCH). BVCH will conduct regular homeless surveys to gather information on needs with which to do regular gaps analysis updates.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including - Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs
The City will coordinate with BVCH in service delivery to ensure needs are addressed. Agencies will include: Bryan Public Housing Authority, B/CS United Way, The Brazos Valley Community Action Agency, Project Unity, BCS Habitat for Humanity, Bryan Housing Authority, Twin City Mission, Elder-Aid, Genesis Corner, Emanuel Baptist Church, Family Promise, the Brazos Valley Council of Governments, Mental Health Mental Retardation Authority of Brazos Valley, the Salvation Army, and the Texas Department of Housing and Community Affairs.

Addressing the emergency shelter and transitional housing needs of homeless persons
Actions taken in the 2016-17 Program Year to address emergency shelter and transitional housing needs locally include:

Point in Time Homeless Count: The City will participate in BVCH’s Point-In-Time Homeless population and subpopulation counts.
Address Chronic Homelessness: The City and BVCH will support homeless providers in efforts to provide additional beds for the chronically homeless.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again
Actions taken in the 2016-17 Program Year to help persons transition to permanent housing include:

I&R for Services: The City will support, case management, and public service referrals provided to clients in PH and will support homeless providers doing likewise for non-sheltered and sheltered persons.
Ensure Quality Case Management: The City will partner with the BVCH to ensure case management services and support is adequate to help clients avoid homelessness and obtain shelter/housing.
Employment and Job Skills: The City and BVAH will coordinate with the Workforce Board to address employment needs of homeless.
Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Actions taken in the 2016-17 Program Year to help individuals and families avoid homelessness include:

**Assistance to Special Needs Clients:** Through the city’s public service agency funding allocation, the City will make $19,755 available to Voices for Children’s CASA (Court Appointed Special Advocates) Program to provide assistance to children in the child welfare system of Texas. It’s anticipated that 215 unduplicated clients will be assisted through this program.

**Increase Permanent Housing Options:** The City will assist agencies in applying for additional funding to maintain or develop existing or new affordable housing. The City will review BHA applications and reports and provide Certificates of Consistency as requested.

**Eliminate Obstacles:** The City will continue assisting local providers in identifying and addressing obstacles in local assistance delivery systems and programs.

**Evaluate Programs:** The City will assist agencies in evaluating temporary housing and contact agencies working with homeless providers to focus on maintaining successful practices.

**Assist Families with Children:** The City, in partnership with the BVCH, will promote housing opportunities to homeless families with children.

**Ensure Quality Case Management:** The City will partner with the BVCH to ensure case management services and support is adequate to help clients avoid homelessness and obtain shelter/housing.

**Discussion**

The City’s collaboration with the BVCH member agencies ensures a comprehensive approach to identifying and meeting CoC needs locally. Many of the health and human service providers locally provide assistance directly addressing homelessness, or other services and support addressing the ancillary issues and needs of homeless individuals and families. Collectively, homeless clients have the means to receive shelter and services, and to be counseled as they plan their transition from homelessness to permanent affordable housing and increased self-reliance.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction
The City of Bryan has reviewed its own policies and procedures for potential barriers to the development, maintenance, or improvement of affordable housing locally. The purpose of development regulations is to protect the health, safety, and welfare of the public. While promoting affordable housing, a balance must be established between societal and environmental goals and housing affordability. In analyzing the effects of local public policy as potential barriers to affordable housing in Bryan, no significant barriers are found to exist. No local or other barriers to affordable housing were identified in the City of Bryan during the program year.

Strong efforts continue locally to encourage development and preservation of affordable housing. Affordable undeveloped property, along with rising construction material and labor costs, are the main hindrance to development of affordable housing locally. Additionally, clouded or fragmented title to property often renders otherwise potential affordable housing developments infeasible. City of Bryan Community Development staff work regularly with property owners, taxing entities, for- and not-for profit developers (i.e. Habitat and CHDOs) and internal city departments on strategies to facility and expedite new affordable housing locally.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment
Locally, construction or renovation of housing is inexpensive in terms of development and inspection fees, meaning costs do not inhibit development of affordable units. Development standards facilitate both market and affordable units. The City will regularly analyze its development standards to identify potential barriers to production of affordable housing. The City avoids duplication between jurisdictions and ordinances are enforced solely by the City, eliminating redundant, time-consuming steps that add to costs. Additionally, zoning allows for minimally sized lots which accommodate development of affordable housing.

Building fees are kept reasonable and are generally less than those recommended by national advisory boards. For example, the model codes recommend a plan review fee and a permit fee, but Bryan has chosen not to collect plan review fees or building impact fees. The City continues to assess fees and processes to ensure affordable housing is not hindered and allows flexibility in zoning and building requirements when appropriate. Bryan uses a single fee based on square footage. Building, plumbing, mechanical, and electrical permit cost are added together for a new home. In Bryan, the valuation is simply $66 per square foot with one permit cost. Further, permit fees for City-sponsored affordable housing development are waived for participating non-profit developers, and outstanding city liens are also waived for nonprofit developers acquiring property which has outstanding liens for code enforcement actions. Local development expenses are minimal in terms of housing construction and
renovation costs. Goals will include collaborative efforts with private and public entities so that resources can be leveraged and benefits maximized.

Affordable rental units, to include HTC (Housing Tax Credit) projects and privately owned properties, have been supported by the City in the past to promote development of affordable units. When appropriate, the City will continue to support proposed private and public affordable rental developments. Special needs housing is also a need as local housing providers have reduced funding. The BVCH (Brazos Valley Coalition for the Homeless) applies for available HUD Continuum of Care funds and MHMR of the Brazos Valley is also seeks new sources of funds. Local organizations and churches have also established programs to assist these needs.

In spite of funding challenges, assistance for the elderly, disabled, HIV clients, and homeless continue. The City maintains partnerships with other inter-local agencies and interested citizens to encourage the development of accessible, special-needs housing. The city also continues to provide funding and technical assistance to its CHDOs to build additional local capacity for development of affordable and special needs housing. In terms of other supportive assistance, the Brazos Valley Council of Governments’ (BVCOG) Housing Choice Voucher Program (HCVP) continues to administer the Family Self-Sufficiency (FSS) program. Depending on funding, HCVP will provide rental and utility assistance to approximately 1,600 families in Bryan. The Bryan Housing Authority manages 300 affordable duplex and townhome style units at five locations in Bryan.

The City established an inter-department group - Bryan’s Housing Rehabilitation Infill Committee - that identifies obstacles and explores ways to enhance local development, including infill housing, infrastructure, demolition, and other affordable housing initiatives.

Discussion
Locally, a demand for higher cost housing is seen. This may divert resources from affordable single-family development and reduce opportunities for lower-income buyers. To address this, technical assistance and homebuyer counseling is being provided by the cities and local agencies. The Bryan and College Station Community Development Offices, Brazos Valley Affordable Housing Corporation, Habitat for Humanity, Brazos Valley Community Action Agency, and the city’s CHDOs coordinate to streamline and promote programs assisting lower-income renters, homebuyers, and owners. Staff continues to encourage new and creative ways to ameliorate barriers to affordable housing.
AP-85 Other Actions – 91.220(k)

Introduction

The City partners with public and private organizations to enhance the effectiveness of programs delivering housing and social service assistance. A comprehensive network of planning entities and providers ensures that needed and attainable goals are established, and that resources are leveraged in meeting goals. Duplication of services is avoided by the city’s lead on certain assessment and planning efforts. Examples include the city’s participation in the Joint Relief Funding Review Committee, which serves both the cities of Bryan and College Station. Likewise, the city’s participation in the Community Partnership Board (CPB) – representing approximately 80 agencies, the Brazos Valley Coalition (BVCH) for the Homeless, and United Way, all demonstrate the high level of coordination within the local housing and social service community.

Actions planned to address obstacles to meeting underserved needs

As identified in the 2015-19 CP, an ongoing obstacle to meeting housing and non-housing needs is lack of funding. Accordingly, the City, and its many public and private partners, developed and maintain collaborative associations to ensure effective delivery of service. The CPB providers meet regularly to ensure cross-agency communication and to eliminate duplication in services. Likewise, the BVCH brings together CoC providers in an effort to leverage funding and program capacity. The City has also, over the years, created a portfolio of loans from past program activities, that is now producing program income that is allowing additional housing program accomplishments each year.

Actions planned to foster and maintain affordable housing

The City commits to increasing affordable housing through its "Entitlement City" and “Participating Jurisdiction” designations and eligibility to receive $855,207 in CDBG and $272,717 in HOME funds in 2016-17. HOME funds specifically target housing activities for low-income persons.

CDBG and HOME funds will be used to address needs identified in the 2015-19 CP through some or all of the following activities:

- **Home Owner Housing Assistance** - rehabilitation of substandard low-income owner-occupied homes, including minor assistance.
- **Home Buyers Program** – includes counseling, down payment, and technical assistance to homebuyers.
- **Public Facility Improvements** - in low- to moderate-income areas, including infrastructure improvements or repairs to streets, sidewalks, fire safety, and/or park equipment.
- **Infrastructure and Technical Assistance** - for development of mixed-income subdivisions located in low to moderate-income neighborhoods.
- **Community Housing Development Organization (CHDO)** - funds for qualified organizations to undertake affordable housing activities.
- **Technical Assistance** - to assist private investors for rental rehabilitation or new construction.
• **Volunteer Demolition** – to facilitate the removal of dangerous and/or dilapidated structures and,
• **Acquisition** – to facilitate development of additional affordable housing and/or economic redevelopment.

PY2016-17 funds are allocated for down-payment assistance, major and minor repair assistance, housing development and other affordable housing activities, including program delivery costs when applicable. Approximately $79,000 of program income is also anticipated ($19,000 from CDBG and $60,000 from HOME). It is expected that these funds will leverage approximately $1,200,000 in other funds.

The City will continue developing relationships with non-profit housing and service providers to improve the quality and quantity of affordable housing and to retain housing affordable to low-income families. These non-profit housing partners include:

• BCS Habitat for Humanity – Habitat serves local families earning up to 60% of the median income and are in need of quality affordable housing.
• Twin City Mission, Genesis Corner, Emanuel Baptist Church and Family Promise – permanent, transitional, and temporary housing stock for the homeless.
• Brazos Valley Council of Governments – Housing Choice Vouchers for rental housing. Funding allows approximately 1,600 households to receive assistance in the upcoming year.
• Brazos Valley Community Action Agency – housing development, weatherization, and energy assistance programs.
• Elder-Aid – home repairs and elderly rental housing development as a City of Bryan CHDO.
• EMBRACE and No Limits – CHDOs developing homeownership and rental housing locally.
• Bryan Housing Authority - managing 300 units of low-income rental housing.

Efforts continue in identifying resources and additional providers of affordable housings, to include: CHDO’s, HTC developers, non-profits, and for-profit developers.

**Actions planned to reduce lead-based paint hazards**
Bryan has emphasized lead-based paint (LBP) counseling and awareness in all its programs. All Down-payment and Closing Cost assistance for pre-1978 properties in the homebuyer program requires LBP counseling as well as testing and remediation. The City also maintains a continued focus on the hazards of lead-based paint and the need for lead-based paint testing of potential rehabilitation projects. Additionally, the City has continued to work with public service agencies caring for or providing services to children to reduce lead-based hazards in the community. The city’s Community Development Services Department has staff members with years of experience and training related to the identification, planning, and remediation of lead-based paint hazards. Housing program activities have policies and procedures in place to, not only remediate lead-based paint hazards in existing structures, but to also promote and facilitate the development of new, affordable and safe housing units that will benefit the lower-income community for decades to follow.
The following strategies related to City of Bryan Community Development programs and projects are ongoing:

- Provide public information and education regarding lead-based paint.
- Integrate lead hazard evaluation and reduction activities into all housing activities.
- Provide training and certification opportunities for Community Development staff to manage lead-based paint impacted projects

Actions planned to reduce the number of poverty-level families

In the 2016-17 Program Year, the City continues to provide an antipoverty strategy that previous consolidated plans promoted. That strategy has the following components:

- Expand the inventory of safe, decent, affordable dwellings available to low-income residents.
- Fund public service activities that enhance quality of life and encourage self-sufficiency for low-income residents.
- Create jobs for low-income residents by providing technical assistance to businesses creating jobs that target low-income persons, with an emphasis on living wage jobs.
- Fund activities allowing children to develop their maximum potential and leave the poverty environment.

To advance goals outlined in the 2016-19 Consolidated Action Plan, the City of Bryan will fund the following activities:

The $855,207 CDBG grant funding, coupled with approximately $19,000 of program income, will be allocated for a variety of local health and human service program activities promoting a suitable living environment, and enhancing availability/accessibility of services.

Those activities include: a recreation summer camp program for children; a mentoring program for local youth; a court appointed advocate program supporting children in the child welfare system of Texas; a financial stability program providing utility and rental assistance, as well as education, referrals and case management; and a prenatal program serving low-income clients needing medical care related to their pregnancies. In addition, some of the CDBG funding allocation and program income will be used to promote decent and affordable housing, including: major rehabilitation/reconstruction; new affordable housing construction; minor repair; and down-payment assistance, volunteer demolition, acquisition, and staff program delivery.

The HOME grant funds, totaling $272,717, plus another $60,000 of projected program income, will also be allocated to several housing assistance activities promoting decent and affordable housing. Those activities include: major rehabilitation/reconstruction; new affordable housing construction; and down-payment assistance. CHDOs will participate in the promotion of decent and affordable housing locally.
The City will, where appropriate, partner in agency efforts to assist the unemployed/under-employed and will support local job training, job creation and economic development efforts by local agencies, to include: Brazos Valley Council of Governments - Workforce Solutions, Blinn College, BCS Small Business Development Center, BCS Chamber of Commerce, and the Research Valley Partnership.

**Actions planned to develop institutional structure**

The City will continue its partnerships, developed over years, to enhance the identification of needs and delivery of services. The City’s Community Development Services Department partners with multiple organizations in assessing and meeting local needs. The local institutional delivery system is well coordinated to address homeless, housing, non-housing and special needs. The private and public organizations listed in Section SP-40 of the 2015-19 Consolidated Plan coordinate with the City, and other entities, in the identification, needs assessments, and delivery of program assistance. Additionally, The cities of Bryan and College Station (neighboring cities) jointly manage the Joint Relief Funding Review Committee (JRFRC), a citizen committee appointed by both city councils, to better prioritize needs, evaluate agency programs, and recommend allocation of grant funds – all in an effort to promote efficiencies and eliminate duplication among health and human service providers. The City also is member of the Community Partnership Board, a coalition of approximately 80 agencies service the health and human services needs of Bryan-College Station. Collectively, the local institutional delivery system is well coordinated and very effective in addressing local needs, providing information and referral services, and minimizing duplication of services.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The Community Development Services (CDS) Department of the City of Bryan is the lead agency for the Consolidated Plan and all subsequent Action Plans. CDS staff will work closely with all partnering housing and social services providers through the 2016-17 Action Plan to achieve the stated goals and objectives.

**Housing Agencies:** CDS staff will work with the Bryan Housing Authority, Brazos Valley Development Council, Texas Department of Housing and Community Affairs, HUD, the Brazos Valley Community Action Agency, Habitat for Humanity, Brazos Valley Affordable Housing Corporation, the Brazos Valley Coalition for the Homeless, Brazos Valley Council of Governments, and other public and private entities to enhance program delivery. The City of Bryan will continue seeking qualified organizations to assist in becoming new CHDOs.

**Social Service Coordination:** Bryan and College Station, Texas, both Entitlement Communities and Participating Jurisdictions, operate the Joint Relief Funding Review Committee, whose task is to review all CDBG public service program funding applications for the two cities and provide the respective city councils with recommendations for the use of funds. This activity eliminates duplicate requests and provides a quality review of needs and resources for the larger Bryan-College Station community. Staff will also continue to work with individual agencies and coalitions to enhance communication and service delivery. Bryan will provide technical assistance to public service agencies by providing review of grant
applications, sources of funding streams, and workshops. Additional technical assistance is provided one-on-one.

The City of Bryan will continue to partner with and serve on United Way's 2-1-1 information and referral system committee. Needs and gaps continue to be those identified previously by the Information and Referral Advisory Committee. Resulting goals enhance coordination between public and private housing and social service agencies, and include:

- Create greater awareness of available information and referral services;
- Coordinate existing services and maintain a comprehensive central database of health and human services information;
- Coordinate funding sources to streamline funds into a collaborative network; and
- Provide educational presentations on the viable usage of 2-1-1.

The City's CDS Staff will also serve on the Unity Partners Executive Board as part of the Social Inclusion Team, which strives to incorporate local demographics into goals and objectives for low- and moderate-income families. The community-wide organization provides a forum for area non-profit providers to cooperate on reducing duplication of services, gain strength through collaborative grant writing efforts, attend workshops and seminars, and provide case management for families to encourage self-sufficiency. CD staff also serves on United Way's Board and I&R Committee, Brazos Valley Coalition for the Homeless. Additionally, CD staff manages the city's "Bank On It" program and also serves on Texas A&M University's Cultural Diversity Committee.

Discussion
Meeting obstacles, foster and maintaining affordable housing, reducing lead-based paint hazards, developing institutional structure, and enhancing coordination between local public and private housing and social service agencies are all advanced by the City's comprehensive network of partner agencies. Agency resources are leveraged and duplication of services is avoided through a high level of coordination within the local housing and social service community. By these partnerships, 2015-19 Consolidated Plan priorities and 2016-17 Annual Action Plan goals will be achieved.

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

While 100% of the City of Bryan's HOME match requirement has been waived, the City identified other potential sources of funds that will likely be available in the 2016 Program Year to Leverage the city's HOME Program activities. It is anticipated that approximately $1,200,000 in other, non-HOME funds will be leveraged during the program year. A listing of other potential funding includes:

- **Down Payment Assistance** - down payment, closing cost and/or principal buy-down assistance using municipal funds in an effort to assist low income homebuyers.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Corresponding with HOME funded Homebuyers Assistance of $14,999 or less per purchase/client, the City will require a five year deferred loan secured by a note and recorded deed of trust. Recapture of the amount of assistance provided with HOME funds will be required upon resale, failure to maintain as homestead, or transfer of ownership during the affordability period; to the extent proceeds are available from any sale. The HOME investment subject to recapture is based on the amount of HOME assistance that enabled the homebuyer to buy the dwelling unit. This is also the amount upon which the affordability period is based. This includes any HOME assistance that reduced the purchase price from fair market value to an affordable price, but excludes the difference between the total actual cost plus the market cost of producing the unit and the market value of the property (i.e., the development subsidy). The recaptured funds must be used to carry out HOME eligible activities.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Where acquisition is used in support of program efforts to develop new affordable housing for future homebuyers, the resale/recapture and affordability guidelines listed above will govern. For
non-down-payment activities where acquisition is involved, resale provisions restricting rents to affordable levels and occupancy to eligible households will be required through a recorded Land Use Restriction Agreement (LURA). Likewise, HOME Program required resale/recapture requirements for new developments will have a term of 20 years, and rehabilitated rental developments will have a term of five to fifteen years based upon the amount of the HOME subsidy in the development – all enforced by a recorded LURA.

Additionally, the City acknowledges the FY 2012 HOME Appropriation Law, which provided new regulations for projects receiving HOME funding. The City has current policies and procedures to address these requirements and has adopted the following HOME Appropriations requirements:

- HOME funds used for projects not completed within 4 years of the commitment date, as determined by a signature of each party to the agreement shall be repaid, except that the Secretary may extend the deadline for 1 year if the Secretary determines that the failure to complete the project is beyond the control of the participating jurisdiction.

- No HOME funds may be committed to any project involving acquisition, construction, or rehabilitation of rental or homebuyer projects, unless the participating jurisdiction certifies that it has conducted an underwriting review, assessed developer capacity and fiscal soundness, and examined neighborhood market conditions to ensure adequate need for each project.

- Any homeownership units funded with HOME funds which cannot be sold to an eligible homeowner within 6 months of project completion shall be rented to an eligible tenant.

- No HOME funds may be awarded for development activities to a community housing development organization that cannot demonstrate that it has staff with demonstrated development experience.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:
   The City does not plan to use HOME funds to refinance existing debt on multi-family housing.

**Discussion**

The City of Bryan has adopted housing program guidelines to support the development and maintenance of safe, efficient, accessible and affordable housing for its lower-income citizens. While incorporating provisions to guide the acquisition, construction and/or rehabilitation of affordable housing, the guidelines also ensure that CDBG and HOME requirements are satisfied. The City’s goal is to ensure that local and federal funds are used as efficiently and effectively as possible, and that recaptured and/or leveraged resources are reinvested to further promote affordable housing locally.

Affirmative Marketing Policy

and

Implementing Procedures

Statement of Policy

In accordance with the regulations of 24 CFR 92.351 (a) of the Home Program and in furtherance of the City of Bryan’s commitment to non-discrimination and equal opportunity in housing, the City of Bryan has established procedures to affirmatively market units constructed or rehabilitated through the City’s affordable housing programs. These procedures are intended to further the objectives of Title VIII of the Civil Rights Act of 1968 and Executive Order 11063.

The City of Bryan believes that individuals of similar economic levels in the same housing market area should have available to them a like range of housing choices regardless of their race, color, religion, sex, and national origin.

The City of Bryan is committed to the goals of affirmative marketing which will be implemented in our affordable housing programs through a specific set of steps that the City and participating owners will follow. These goals will be reached through the following procedures:

1. **Informing the public, potential tenants, and owners about Federal Fair Housing Laws and Affirmative Marketing Policies:**
   The City will inform the public, potential tenants, and poverty owners about this policy and fair housing laws.

   The City will:
   - Inform the general public by placing a special news release in *The Eagle*.
   - Inform potential tenants or purchasers by providing informational materials about the program to the B/CS Association of Realtors for membership distribution.
   - Inform owners, builders and developers by providing information materials to the Home Builders Association for membership distribution to those who may participate in the City programs.
   - The City will provide a copy of the Affirmative Marketing Policy to all builders/developers participating in City housing programs.

2. **Inform persons of all racial, ethnic and gender groups of unit availability**
   All housing developed through the City of Bryan’s Affordable Housing Programs will be marketed using the following guidelines.

   The City of Bryan will require participating property owners to contact city staff when they know a property is to become available. We will advise owners to give us this information as close as 30 days prior to the upcoming vacancy as possible.

   The City will make information about available properties known by:
   - **Advertising to the general public in The Eagle which is the newspaper of general circulation.**
     We will advertise after special outreach efforts to inform persons otherwise not likely to apply proves unsuccessful.
   - **Providing public notice at the Community Development Advisory Committee (CDAC) meeting.**

Page 1 of 11
3. **Attract and solicit applications for assistance from persons not likely to apply without special outreach**
   In order to inform as well as solicit applications from persons in the housing market area who are not likely to apply for units without special outreach, the City has established procedures to reach this objective.

   The City has identified African American and Hispanic households as two groups in the housing market area who would probably not apply for the units without special outreach. Having identified these two groups, The Community Development Services Department will undertake special outreach methods as follows:
   - For the predominantly African American, the City of Bryan will contact the churches serving the African American community in the neighborhood of the development, and request that these organizations inform members of their organizations about the availability of newly-developed housing units and housing assistance programs.
   - For the predominantly Hispanic group, the City of Bryan will contact churches serving the Hispanic community in the neighborhood of the development and the local LULAC group in order to request that these organizations inform members of their organizations about the availability of newly-developed housing units and housing assistance programs.

4. **Record Keeping**
   The City will keep records of the following:
   - The racial, ethnic and gender characteristics of home buyers, homeowners and applicants for a minimum of 5 years following project completion.
   - Copies of advertisements and dates of each contact in conducting special outreach.

   We will also require that organizations receiving federal housing funds through the Community Development Services Department to keep a record of how available properties were marketed.

5. **Assessment and Corrective Actions**
   Effectiveness of our affirmative marketing efforts will be addressed as follows:
   a) **To determine of good faith efforts have been made:**
       - Compare the information contained on the records to be kept, as determined by Procedure 4, with actions that were taken to carry out Procedures 2 to 3. If the required steps were taken, we will determine that good faith efforts have been made.
   b) **To determine results:**
       - Examine whether or not persons from the African American and Hispanic groups in our area applied for or became tenants or owners of units that were affirmatively marketed. If we find that they are represented, we will assume our procedures were effective.

   If one or more such groups are not represented, we will review the procedures to determine what changes, if any, might be made to make the affirmative marketing efforts more effective. The City of Bryan will take corrective actions if owners fail to carry out procedures required under this plan. If, after repeated notification, the owners continue to fail to meet the affirmative marketing requirements, the City may disqualify an owner from future participation in any of the City of Bryan's housing programs.
The City of Bryan will carry out assessment activities and complete a written assessment of affirmative marketing efforts to be included in the annual performance report to HUD. This assessment will cover marketing relative to units constructed or rehabilitated and first made available for occupancy during that year.

**Affirmative Marketing Techniques**

Owners, builders and developers offering properties assisted by the City of Bryan Community Development Services Department are required to comply with the City's affirmative marketing requirement on all units sold under the program. The Department of Housing and Urban Development has set forth guidelines and to assist in meeting affirmative marketing goals.

The following is a list of activities which must be carried out by assisted property owners, builders, developers, or agencies in order to insure compliance with federal regulations:

1. Correspond with various community organizations, employment agencies, churches, etc. in order to accomplish special outreach to those not likely to apply for housing in the available properties.
2. Utilize the fair housing logo on all printed advertisements and prominently in the business office.
3. Provide a fair housing brochure to prospective tenants in order to inform them of fair housing laws and the City's Affirmative Marketing Policy.

The following is a list of local agencies which will be notified in the event assisted units become available under the City's Housing Assistance Programs:

Successful bidders will comply with the provisions of said Section 3 and the regulations issued pursuant thereto by the Secretary of Housing and Urban Development as set forth in 24 CFR part 135, and all applicable rules and orders of HUD issued thereunder prior to the execution of the contract. **Nexus to Affirmatively Further Fair and Affordable Housing**

The City’s Community Development Services Department (CDS) tracks staff time spent on FHEO activities so that an equivalent administrative or program delivery costs attributed to FHEO efforts can be quantified. Similar calculations are made regarding local public service and housing agency staff costs on FHEO related activities. The following table lists outreach efforts where FHEO related information was made available during the last twelve months to affirmatively further fair and affordable housing.

Analysis of Impediments to Fair Housing

The City of Bryan's Community Development Office has prepared an Analysis of Impediments (AI) and maintains it on file in the Community Development Office for review. The AI was most recently updated in 2015, with the development of the 2015-19 5-Year Consolidated Plan, which includes a summary of the city’s AI. No significant impediments to fair housing choice were found to exist which were created by City of Bryan ordinances, policies, or procedures.

There were 15 discrimination complaints made during the 2010-2014 period, all but one of which related to discrimination in rental. Of the 14 rental cases, 13 of these were related to discrimination based upon rental terms; conditions, acts, refusal, or facilities. The primary basis for discrimination complaints was race (35%), followed by disability (30%). There was one case regarding terms of sale which alleged discrimination based upon national origin. All cases were found to be without cause, withdrawn, conciliated, or administratively closed.

The number of discrimination complaints decreased from the 2005-2009 period, when there were 19 complaints in Bryan. The decrease represents a 21% decrease in discrimination complaints over the prior evaluation period. During the previous and current program years, there have been no fair housing complaints or lawsuits filed under the City's Fair Housing Ordinance, nor any others within the City of Bryan of which the City is aware. Likewise, no fair housing inquiries have been received from citizens during the program year.

Historically, both Black and Hispanic applicants experience higher refinance loan denial percentages as compared to their respective percentages of the population as a whole. Poor credit history rating remains the primary reason for loan denials for these minority populations. Home Mortgage Disclosure Act (HMDA) data indicates that the incidence of conventional loan denial is higher for Black applicants' than other racial groups and most often due to poor credit history ratings. Likewise, Hispanics have the highest incidences of government insured loan denials due to poor credit.

To address this issue, the City provides down-payment assistance and home buyer counseling and partners with other partners organizations offering similar services (i.e., Habitat for Humanity, BV Affordable Housing Corp., etc.). The City also partners with United Way to provide financial coaching through the Financial Fitness Center, as well as coordinating a local Bank on It Program. This program is a collaborative effort among local financial institutions and other entities that are interested in furthering financial security of our most vulnerable populations.
While the City’s 2016 AAP does not allocate funds for specific Fair Housing activities, the administrative budgets do facilitate activities promoting Fair Housing, to include: Fair Housing seminars; brochures and literature; public presentations and hearings on Fair Housing, responding to citizens’ fair housing inquiries; and; development and maintenance of the city’s Fair Housing Plan and Analysis of Impediments.

Furthermore, the City of Bryan has adopted a Fair Housing Ordinance. Complaints regarding violation of this ordinance can be filed in the City Attorney’s Office or the Bryan Police Department. A copy of the ordinance can be obtained from the City Attorney’s Office or the Public Library. The ordinance is found in the city’s Code of Ordinances, Part II, Chapter 58, Article II, Division II, Sections 50-40 to 50-49. The City will review annually the number and type of complaints filed with the City Attorney. The City will also update, as needed, its Analysis of Impediments and continue to make it available for review.

In promotion of Fair Housing and to provide a nexus between the 2016 AAP and the issues and needs identified in the city’s current Analysis of Impediments, see the following Fair Housing Action Work Plan.

**Fair Housing Action Work Plan**

This Fair Housing Work Plan provides a nexus between the City of Bryan Community Development Services Department (CDS) planned fair housing activities in the coming fiscal year (Program Year 2015), and the observations made in the City’s 2015 Analysis of Impediments to Fair Housing Choice:

- **Observation 1:** There have been 15 discrimination complaints made during the 2010-2014 period, all but one of which related to discrimination in rental. Of the 14 rental cases, 13 of these were related to discrimination based upon rental terms, conditions, acts, refusal, or facilities. The primary basis for discrimination complaints was race (35%), followed by disability (30%). There was one case regarding terms of sale which alleged discrimination based upon national origin. All cases were found to be without cause, withdrawn, conciliated, or administratively closed. The number of discrimination complaints decreased from the 2005-2009 period, when there were 19 complaints in Bryan. The decrease represents a 21% decrease in discrimination complaints over the prior evaluation period.

**Recommendation:** Continue fair housing educational and outreach activities through public service announcements to ensure a greater distribution of bilingual materials on the Internet (City website, YouTube), in the public library and through public service radio and television ads and outreach, especially on Spanish-language radio stations, that inform citizens on their rights and how to file complaints about housing discrimination. Provide educational information to City boards, such as the City’s Community Development Advisory Committee, on fair housing education and outreach, provide information in community forums such as quarterly Partnership board meetings (whose 80 non-profits members serve primarily low/moderate income clients), health fairs and coalition groups such as the local Brazos Valley Coalition for the Homeless.

**Completion Date:** September 30, 2017 (ongoing, thereafter), with quarterly assessments.

**Source of Funds:** Community Development Budget CDBG – Administrative and City of Bryan Public Communication General Funds.

- **Observation 2:** Most dilapidated housing is located in low to moderate income areas based upon housing condition data collected during development of the 2015-19 CP.
Recommendation 1: Continue rehabilitation and reconstruction programs and particularly target clusters of dilapidated housing in low-moderate income minority areas, as well as work to identify target areas where the City’s Capital Improvements Project funding can be effectively leveraged with federal grant funds.

Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative and project funds.

Recommendation 2: Continue to market the housing rehabilitation and reconstruction programs, especially in low and moderate income areas through public service announcements outreach efforts in print media as well as the Internet (City website, YouTube), radio, and television.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds, and City of Bryan Public Communication General Funds.

• Observation 3: A review of advertising indicates that local housing providers, lenders, and insurers are generally diligent to include fair housing logos, disclosures, and diverse human models. However, bilingual advertising of housing availabilities and mortgage loans is lacking in the area, even though the Hispanic demographic is more than a third of the population of Bryan.

Recommendation 1: Continue to regularly review and evaluate advertising for housing providers, lenders, and insurers in the local area. Provide an annual forum for local housing providers and associated fields to provide an open dialogue on local fair housing issues and concerns, and encourage more extensive bilingual advertising by housing providers and lenders.

Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds.

Recommendation 2: Continue fair housing educational and outreach activities targeted toward housing providers, lenders, and insurers through local associations to increase non-discrimination awareness by public service announcements, website education, and community meetings such as the City’s Community Development Advisory Committee meetings.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds.

• Observation 4: The City of Bryan zoning and land use policies discourage development of large, high-density multifamily developments, particularly those concentrated in areas the City is interested in improving with retail or other economic development activity, or in maintaining neighborhood integrity. In addition, the City promotes scattered site, low-density low-moderate income housing rather than concentrated affordable housing. Such efforts are important to limiting the concentration of poverty in the City.

Recommendation 1: Continue to monitor development activity such as rezoning applications, building permits, and Housing Tax Credit development applications, and provide technical assistance to developers.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds.
• **Observation 5**: Current limits on the numbers of occupants in a single family dwelling likely meet the test of reasonableness under the Fair Housing Act, although some Residential Conservation District R-NC zoning by individual neighborhoods (slightly more than 2,000 homes) allows only 2 unrelated adult residents, maximum. This zoning classification could be found not to meet the test of reasonableness under the Fair Housing Act.

**Recommendation 1**: Continue to monitor case law in relation to this zoning classification.

**Completion Date**: September 30, 2017 (ongoing, thereafter), with quarterly assessments.

**Source of Funds**: Community Development Budget CDBG – Administrative funds.

• **Observation 6**: While no local policies were identified as barriers to affordable housing, implementation of the integrated Mortgage Disclosures under the Real Estate Settlement Procedures Act (Regulation X) and the Truth In Lending Act (Regulation Z) by the Consumer Financial Protection Bureau (CFPB) has the potential to negatively affect housing affordability and availability. Sections 1098 and 1100A of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) revised rules which apply to most mortgage transactions. Real Estate industry professionals anticipate these requirements will significantly extend the time required to close for financed purchases, which will result in cash investor purchasers having an even greater advantage in the marketplace over financed homebuyers, especially in the lower-end housing price ranges. We are continuing to monitor and have anecdotally noted that, although closings are somewhat delayed, the lack of supply of affordable homes is of much greater impact to housing availability and affordability.

**Recommendation 1**: Continue to monitor past and recent implementations of the integrated Mortgage Disclosures rules on affordable housing and loan availability for low income homebuyers.

**Completion Date**: September 30, 2017 (ongoing, thereafter), with quarterly assessments.

**Source of Funds**: Community Development Budget CDBG – Administrative funds.

• **Observation 7**: According to HMDA data, Black applicants’ incidence of conventional loan denial is higher than their percentage of their population as a whole and most often due to poor credit history ratings.

**Recommendation 1**: Continue to counsel minority Down Payment Assistance applicants regarding credit education and submission of loan applications only when likely to receive approval from the lender.

**Completion Date**: September 30, 2017 (ongoing, thereafter), with quarterly assessments.

**Source of Funds**: Community Development Budget CDBG – Administrative funds, and HOME housing project funds (Down Payment Assistance).

**Recommendation 2**: Continue to promote Homebuyer Counseling Training to minority applicants

**Completion Date**: September 30, 2017 (ongoing, thereafter), with quarterly assessments.

**Source of Funds**: Community Development Budget CDBG – Administrative funds.
Recommendation 3: Continue to engage local mortgage lenders through local committees such as the City's Brazos Valley Bank on IT program, organizations, and other appropriate venues to promote lending to minority applicants.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds / General funds.

Observation 8: Hispanics and Blacks have higher incidences of government insured loan denials due to excessive debt and inadequate collateral, respectively.

Recommendation 1: Continue to counsel minority Down Payment Assistance applicants regarding credit education and submission of loan applications only when likely to receive approval from the lender.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds, and HOME housing project funds (Down Payment Assistance).

Recommendation 2: Continue to promote Homebuyer Counseling Training to minority applicants
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds.

Recommendation 3: Continue to engage local mortgage lenders through local committees such as the City's Brazos Valley Bank on IT program, organizations, and other appropriate venues to promote lending to minority applicants.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds / General funds.

Observation 9: Both Black and Hispanic applicants experience higher refinance loan denial percentages as compared to their respective percentages of the population as a whole. Poor credit history rating remains the primary reason for loan denials for these minority populations.

Recommendation 1: Continue to counsel minority Down Payment Assistance applicants regarding credit education and submission of loan applications only when likely to receive approval from the lender.
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds, and HOME housing project funds (Down Payment Assistance).

Recommendation 2: Continue to promote Homebuyer Counseling Training to minority applicants
Completion Date: September 30, 2016 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds.

Recommendation 3: Continue to engage local mortgage lenders through local committees such as the City's Brazos Valley Bank on IT program, organizations, and other appropriate venues to promote lending to minority applicants
Completion Date: September 30, 2017 (ongoing, thereafter), with quarterly assessments.
Source of Funds: Community Development Budget CDBG – Administrative funds / General funds.

Observation 10: Data indicates that both Black and Hispanic applicants for home improvement loans experience high denial rates due, primarily, to poor credit history ratings.
**Recommendation 1:** Continue to counsel minority Down Payment Assistance applicants regarding credit education and submission of loan applications only when likely to receive approval from the lender.
*Completion Date:* September 30, 2017 (ongoing, thereafter), with quarterly assessments.
*Source of Funds:* Community Development Budget CDBG – Administrative funds, and HOME housing project funds (Down Payment Assistance).

**Recommendation 2:** Continue to promote Homebuyer Counseling Training to minority applicants
*Completion Date:* September 30, 2017 (ongoing, thereafter), with quarterly assessments.
*Source of Funds:* Community Development Budget CDBG – Administrative funds.

**Recommendation 3:** Continue to engage local mortgage lenders through local committees such as the City’s Brazos Valley Bank on It program, organizations, and other appropriate venues to promote lending to minority applicants
*Completion Date:* September 30, 2016 (ongoing, thereafter), with quarterly assessments.
*Source of Funds:* Community Development Budget CDBG – Administrative funds / General funds.

**Affirmative Marketing Policy**

In accordance with the regulations of 24 CFR 92.351(a) of the Home Program and in furtherance of the City of Bryan’s commitment to non-discrimination and equal opportunity in housing, the City of Bryan has established procedures to affirmatively market units constructed or rehabilitated through the City’s affordable housing programs. The City of Bryan believes that individuals of similar economic levels in the same housing market area should have available to them a like range of housing choices regardless of their race, color, religion, sex, and national origin. The City of Bryan is committed to the goals of affirmative marketing which will be implemented in our affordable housing programs through a specific set of steps that the City and participating owners will follow. These goals will be reached through the following procedures:

- Informing the public, potential tenants, and owners about Federal Fair Housing Laws and Affirmative Marketing Policies
- Inform persons of all racial, ethnic, and gender groups of unit availability
- Attract and solicit applications for assistance from persons not likely to apply without special outreach
- Record Keeping
- Assessment and Corrective Actions

**Affirmative Marketing Techniques**

Owners, builders, and developers offering properties assisted by the City of Bryan Community Development Services Department are required to comply with the City’s affirmative marketing requirement on all units sold under the program. The Department of Housing and Urban Development has set fourth guidelines and to assist in meeting affirmative marketing goals.

Program Monitoring

The City of Bryan maintains policies and procedures for all CDBG and HOME funded program activities. Additionally, Bryan actively encourages Historically Under-utilized Businesses (HUBs) to participate in bid submittals for grant funded projects and actively seeks out minority businesses by affirmatively soliciting HUBs. The City Monitoring Plan consists of three reviews:

Internal Review of City Programs:
Record keeping and forms used for program implementation constitute legal instruments. The City Attorney, prior to their use, approves contracts. All other forms necessary for program use are developed and approved by CDS staff. Staff is responsible for maintaining accurate and complete files as required by HUD on each program participant. In addition, staff conducts reviews to determine compliance with program requirements. Annual monitoring ensures long-term compliance, including but not limited to, ensuring clients have hazard insurance and verifying that homes are owner occupied. Housing assistance activities are monitored for compliance with the Fair Housing and Equal Opportunities (FHEO) laws. Bryan consistently updates strategies to monitor efforts to affirmatively further Fair Housing. Bryan will seek technical assistance from FHEO staff in the strategy development to use in monitoring sub-recipients. On-site inspections are done at the beginning of each housing project to ensure code compliance.

Bryan shall meet all requirements set forth by OMB and documentation shall conform to HUD 24 CFR parts 84 and 85 as described in 24 CFR Section 570.502, the City accounting practices and applicable Federal OMB and Budget Circulars including the revised OMB Title 2 of the Code of Federal Regulation (C.F.R.) Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards, which supersedes and combines the requirements of eight existing OMB Circulars (A-21, A-50, A-87, A-89, A-102, A-110, A-122 and A-133). An independent audit is conducted annually to ensure that grant funds are used in accordance with program requirements. The City monitors internal benchmarks for goals on a quarterly basis. Additional financial reconciliation is done monthly.

Sub-recipient Monitoring:
Monitoring provides a basis for assessing a program and identifying concerns. A secondary goal is to obtain data assess achievement. Evaluations summarize monitoring findings and program goals, and measure progress towards goals during program efforts. All sub-recipient are monitored at least once quarterly on-site and quarterly in-house, with a final onsite (after year end), to ensure compliance before contract close-out. Bryan has responsibility for overall CDBG performance and Consolidated Plan compliance, including sub-recipient performance. Clear record keeping of sub-recipients is essential to grant accountability. Responsibility for maintaining many of the records is assigned to the sub-recipient, including documenting activities with special requirements. Bryan serves as the grantee and contracts with sub-recipient organizations to provide services to low-income citizens. The contract details the services provided and a concise statement of conditions, requirements, and performance criteria. The City Attorney, prior to execution, shall approve the contract.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available.

2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2016 onwards (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its
jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

Compliance with Laws -- It will comply with applicable laws.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.
