- To engage in outdoor activity, provided the individuals comply with Social Distancing Requirements as defined below, such as, by way of example and without limitation, walking, hiking, running or riding a bicycle;
- To perform work providing essential products and services at an Essential Business or to otherwise carry out activities specifically permitted in this Order, including Minimum Basic Operations; and
- To care for a family member or pet in another household.

However, people at high risk of severe illness from COVID-19 and people who are sick are urged to stay in their residence to the extent possible, except as necessary to seek medical care.

## **Healthcare Operations**

For purposes of this Order, individuals may leave their residence to work for or obtain services at any "**Healthcare Operations**" including hospitals, clinics, dentists, pharmacies, pharmaceutical, and biotechnology companies, other healthcare facilities, healthcare suppliers, home healthcare services providers, mental health providers, or any related and/or ancillary healthcare services.

"Healthcare Operations" also includes veterinary care and all healthcare services provided to animals. This exemption shall be construed broadly to avoid any impacts to the delivery of healthcare, broadly defined. "Healthcare Operations" does not include fitness and exercise gyms and similar facilities.

## **Essential Infrastructure**

For purposes of this Order, individuals may leave their residence to provide any services or perform any work necessary to the operations and maintenance of "**Essential Infrastructure**,"

including, but not limited to, construction, airport operations, water, sewer, gas, electrical, oil refining, roads and highways, public transportation, solid waste collection and removal, internet, and telecommunications systems (including the provision of essential global, national, and local infrastructure for computing services, business infrastructure, communications, and web-based services), provided that they carry out those services or they work in compliance with Social Distancing Requirements as defined below, to the extent possible.

For purposes of this Order, all first responders, emergency management personnel, emergency dispatchers, court personnel, and law enforcement personnel, and others who need to perform essential services are categorically exempt from this Order.

### **Essential Governmental Functions**

Nothing in this Order shall prohibit any individual from performing or accessing "**Essential Governmental Functions**," as determined by the governmental entity performing those functions. Each governmental entity shall identify and designate appropriate employees or contractors to continue providing and carrying out any Essential Governmental Functions. All Essential Governmental Functions shall be performed in compliance with Social Distancing Requirements as defined in this Order, to the extent possible.

For the purposes of this Order, covered businesses include any for-profit, non-profit, or educational entities, regardless of the nature of the service, the function they perform, or its corporate or entity structure.

### **Essential Businesses**

For the purposes of this Order, "**Essential Businesses**" means:

Healthcare Operations and Essential Infrastructure;

Grocery stores, certified farmers' markets, farm and produce stands, supermarkets, food banks, convenience stores, and other establishments engaged in the retail sale of canned food, dry goods, fresh fruits and vegetables, pet supply, fresh meats, fish, and poultry, and any other household consumer products (such as cleaning and personal care products), and liquor stores. This definition includes stores that sell groceries and also sell other non-grocery products, and products necessary to maintaining the safety, sanitation, and essential operation of residences;

Schools and other entities that provide food services under this exemption shall not permit the food to be eaten at the site where it is provided, or at any other gathering site.

**Note:** Patrons may not wait inside a restaurant for their food orders. If there is a line or gathering of persons (outside of their vehicles) waiting to be served, such places puts everyone in the line or gathering at a higher risk of transmission of COVID-19. Restaurants are urged to create a system that does not involve such lines or gatherings of people waiting to order or waiting to receive their order. For example, a system where the customers call in their order and stay in or at their vehicles until notified that their order is ready---with only one customer at the transaction point at a time, or other methods that assure that the purposes of this Order are served. Stressing the need for call ahead or internet ordering also will cut down on waiting time and could be used in conjunction with the customer calling in or texting when he or she has arrived to allow for straight to vehicle service. If lines cannot be avoided it shall be the restaurant management's responsibility to assure that safe Social Distancing is practiced. This rule also applies to food trucks;
