**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS***

To the Honorable Mayor and
Members of the City Council
City of Bryan, Texas

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Bryan, Texas (the City), as of and for the year ended September 30, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated March 29, 2012. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Bryan City Business Council, Inc., as described in our report on the City's financial statements. The financial statements of the Bryan City Business Council, Inc. were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

To the Honorable Mayor and
Members of the City Council
City of Bryan, Texas

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Audit Committee of the City, Members of the City Council, others within the entity and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM,
ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB
CIRCULAR A-133 AND ON THE SCHEDULE OF FEDERAL AND STATE AWARDS**

To the Honorable Mayor and
Members of the City Council
City of Bryan, Texas

Compliance

We have audited the compliance of the City of Bryan, Texas (the City) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the City's major federal and state programs for the year ended September 30, 2011. The City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* (OMB Circular A-133) and the State of Texas *Uniform Grant Management Standards* (UGMS). Those standards, OMB Circular A-133 and UGMS require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2011.

Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal and state programs. In planning and performing our audit, we considered the City's

To the Honorable Mayor and
Members of the City Council
City of Bryan, Texas

internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal and State Awards

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended September 30, 2011, and have issued our report thereon dated March 29, 2012, which contained unqualified opinions on those financial statements and was modified to include a reference to other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by OMB Circular A-133 and UGMS, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

To the Honorable Mayor and
Members of the City Council
City of Bryan, Texas

This report is intended solely for the information and use of management, the Audit Committee of the City, Members of the City Council, others within the entity and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF BRYAN, TEXAS
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

NOTE 1. GENERAL

The accompanying schedule of expenditures of federal and state awards presents the activity of all applicable federal and state awards of the City of Bryan, Texas (the City). The City's reporting entity is defined in Note 1 to the City's basic financial statements. Federal and state awards received directly from federal and state agencies as well as federal and state awards passed through other government agencies are included in the respective schedule. Negative amounts shown in the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal and state awards is presented using modified accrual basis of accounting, which is described in Note 1 to the City's basic financial statements.

NOTE 3. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Grant expenditures reports as of September 30, 2011, which have been submitted to grantor agencies will, in some cases, differ slightly from amounts disclosed herein. The reports prepared for grantor agencies are typically prepared at a later date and often reflect refined estimates of year-end accruals. The reports will agree at termination of the grant as the discrepancies noted are timing differences.

NOTE 4. SCHEDULE OF FINDINGS AND QUESTIONED COSTS

The schedule of findings and questioned costs, including the summary of auditor's results for federal awards, is included beginning on page 6.

NOTE 5. LOANS OUTSTANDING

The City had the following newly issued loan balance outstanding as of September 30, 2011. The amount of expenditures from this loan program is included in the federal expenditures presented in the Schedule of Expenditures of Federal and State Awards.

<u>Program Title</u>	<u>Award</u>	<u>Loan Balance September 30, 2010</u>	<u>Issued</u>	<u>Loan Balance September 30, 2011</u>
Capitalization Grants for Clean Water State Revolving Funds \$	15,685,000 \$	-	15,685,000 \$	15,685,000
