# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members of the City Council City of Bryan, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discreetly presented component unit, each major fund, and the aggregate remaining fund information of the City of Bryan, Texas (the City) as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 14, 2016. Our report includes a reference to other auditors who audited the financial statements of Bryan Business Council, Inc., as described in our report on the City's financial statements. The financial statements of the Bryan Business Council, Inc. were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Bryan Business Council, Inc.

# **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

To the Honorable Mayor and Members of the City Council City of Bryan, Texas

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency: 2015-1.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# City's Response to Findings

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

# Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

To the Honorable Mayor and Members of the City Council City of Bryan, Texas

# Report on Compliance for Each Major Federal Program

We have audited the City of Bryan, Texas' (the City) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended September 30, 2015. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

# **Management's Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

# **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

To the Honorable Mayor and Members of the City Council City of Bryan, Texas

# Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2015.

# **Report on Internal Control over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

To the Honorable Mayor and Members of the City Council City of Bryan, Texas

# Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of and for the year ended September 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated March 14, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Weaver and Siduell, L.S.P.

# CITY OF BRYAN, TEXAS SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED SEPTEMBER 30, 2015 (CONTINUED)

# **SECTION II - FINANCIAL STATEMENT FINDINGS**

Significant Deficiency

Finding: 2015-1 Construction in progress

<u>Condition</u>: The enterprise funds capital asset records did not reflect the completion of certain constructed capital assets.

<u>Criteria</u>: Governmental Accounting Standards Board Statement No. 34 Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments requires the cost to acquire, construct or improve a capital asset to be capitalized and allocated over the useful life of the asset. Once a capital asset has been placed in service, depreciation expense is recognized to allocate a proportionate share of the cost over the period that receives a benefit.

<u>Cause</u>: During the year ended September 30, 2015, the City's capital asset records did not reflect the completion of certain constructed capital assets. These capital assets were included in construction in progress, and were not "placed in service" for accounting purposes and, therefore, no depreciation for these assets had been recorded.

<u>Effect</u>: Capital assets that are not placed into service timely overstate capital assets not being depreciated, operating income and change in net position.

<u>Recommendation</u>: A periodic review of projects with no additions and inquiries with project managers to ensure completed projects are placed in service and appropriately depreciated.

# SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

NONE

#### SECTION IV - SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS

NONE

#### SECTION V — CORRECTIVE ACTION PLAN

Finding: 2015-1 Construction in progress

Response: Management will review all open projects quarterly to ensure completed projects

are placed in service.

# CITY OF BRYAN, TEXAS NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

# **NOTE 1. GENERAL**

The accompanying schedule of expenditures of federal awards presents the activity of all applicable federal awards of the City of Bryan, Texas (the City). The City's reporting entity is defined in Note 1 to the City's basic financial statements. Federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the respective schedule.

#### NOTE 2. BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal awards is presented using modified accrual basis of accounting, which is described in Note 1 to the City's basic financial statements.

# NOTE 3. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Grant expenditures reports as of September 30, 2015, which have been submitted to grantor agencies will, in some cases, differ slightly from amounts disclosed herein. The reports prepared for grantor agencies are typically prepared at a later date and often reflect refined estimates of year-end accruals. The reports will agree at termination of the grant as the discrepancies noted are timing differences.

# NOTE 4. SCHEDULE OF FINDINGS AND QUESTIONED COSTS

The schedule of findings and questioned costs, including the summary of auditor's results for federal awards, is included beginning on page 6.

#### NOTE 5. LOANS OUTSTANDING

The City had the following loan balance outstanding as of September 30, 2015. There were no expenditures during the year ended September 30, 2015 from this loan program.

		Loan Balance		
Program Title	Award	September 30, 2014	Repayments	September 30, 2015
Capitalization Grants for Clean Water State Revolving Funds	\$ 15 685 000	\$ 15.085.000	\$ 560,000	\$ 14 525 000
