- Learn-to-Swim Level 1 skills may be performed with assistance.
- If water depth is not at least 9 feet, instructors SHOULD NOT teach headfirst entries from poolside; if water depth is not at least 111/2 feet (or deeper if state or local regulations require), instructors SHOULD NOT teach diving from a diving board.

- 2. Glide on front at least 2 body lengths, roll to a back float for 5 seconds, then recover to a vertical position.
- 1. Step from the side into chest-deep water, push off the bottom, move into a treading or floating position for at least 15 seconds, swim on front and/or back for 5 body lengths, then exit the water.
- 2. Move into a back float for 15 seconds, roll to front, then recover to a vertical position.
- 3. Push off and swim using combined arm and leg actions on front for 5 body lengths, roll to back, float for 15 seconds, roll to the front, then continue swimming for at least 5 body lengths.
