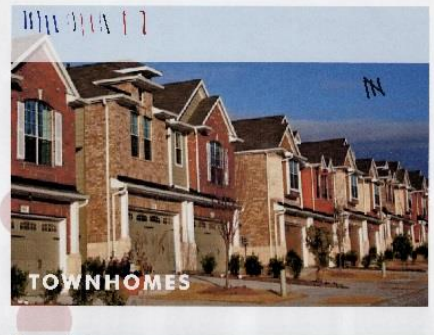
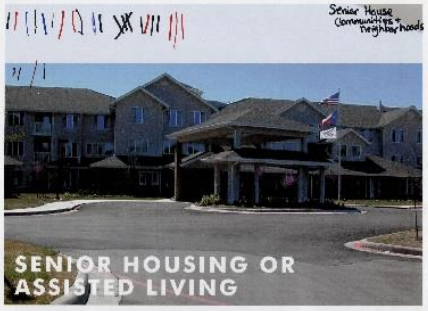
ARE BIKE LANES APPROPRIATE IN BRYAN?
SHOULD SIDEWALKS BE A PRIORITY ?
IS PUBLIC TRANSIT IMPORTANT?
HOW OFTEN DO YOU WALK TO YOUR DESTINATION?

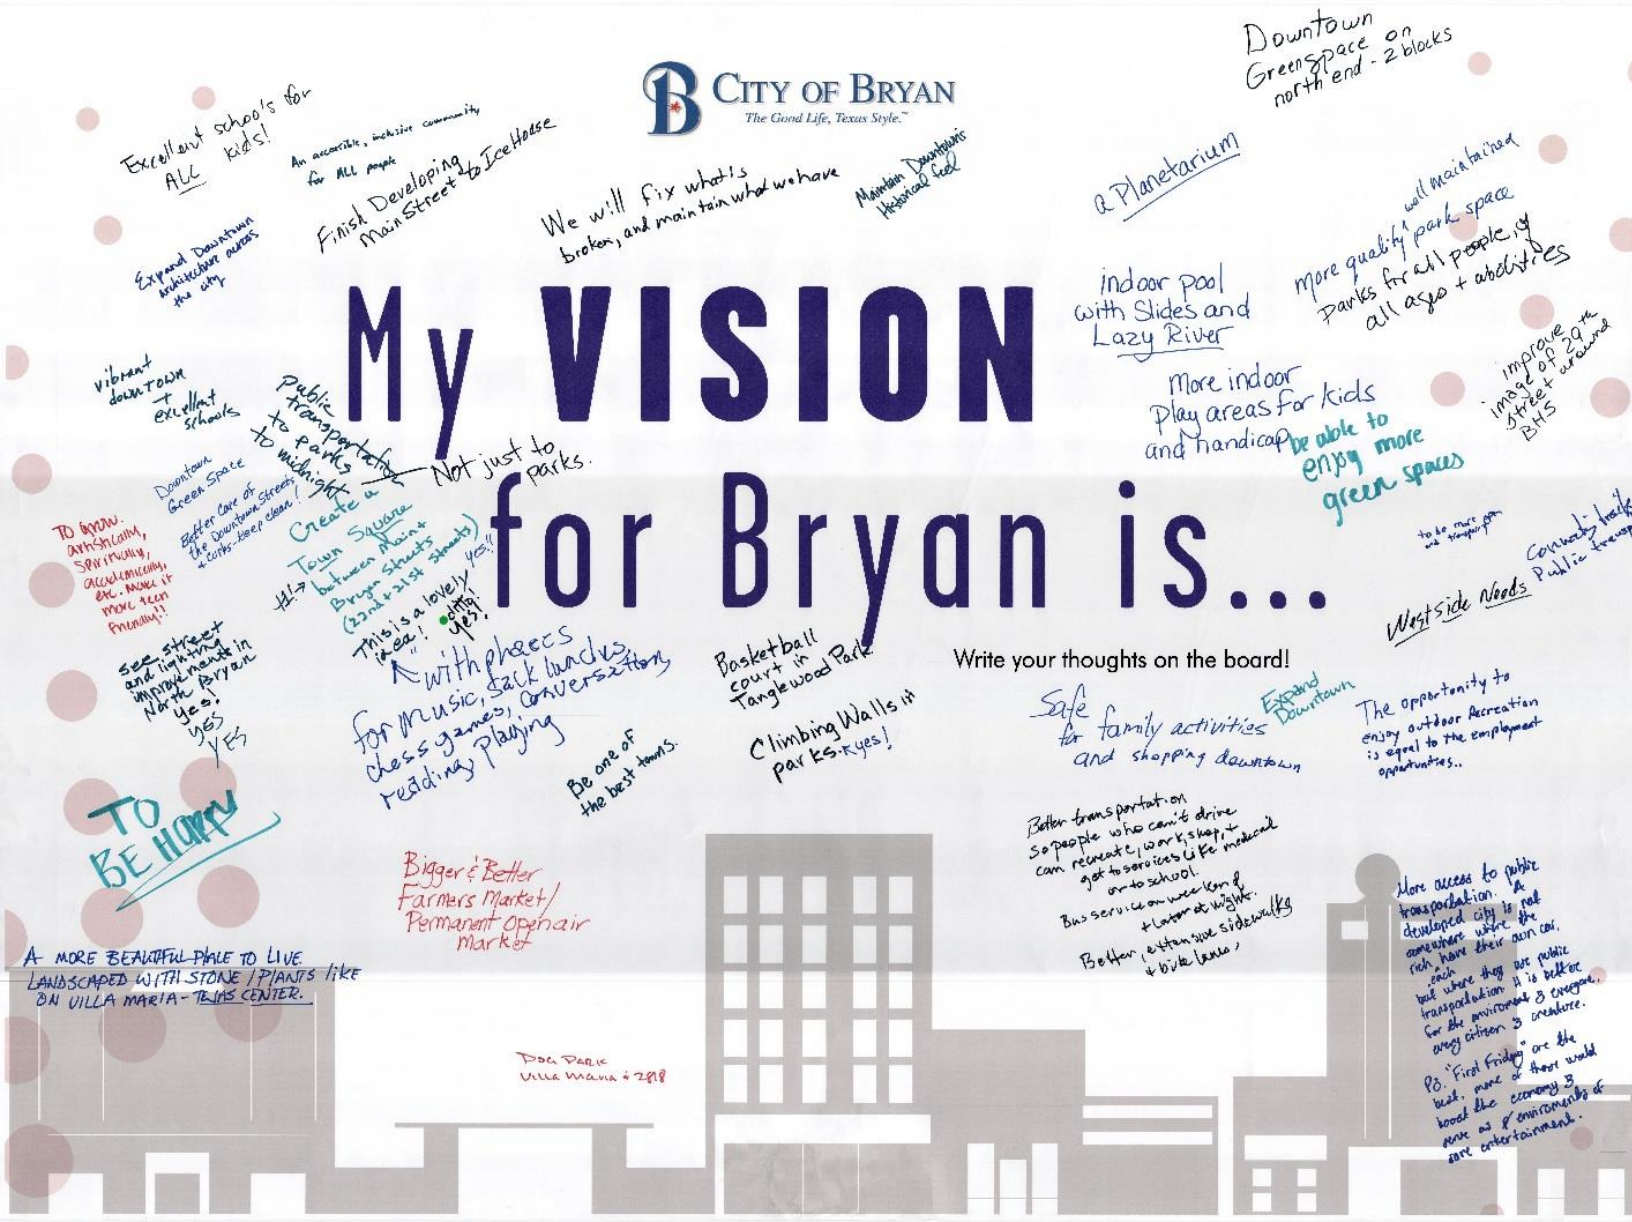
IDEA BLAST: Texas Avenue
Underground Utilities
WHAT IS YOUR VISION FOR TEXAS AVENUE?
Please describe your ideas on the board below!
More pedestrian friendly.
More Restaurants & Retail
"FEEL SAFER"
ORGANISE INTO A COHESIVE STREETSCAPE.
Clean it up!
More Parking Space for Shops
As the "face" of both B/CS make it an attractive, multi-use corridor, inviting people to stop, visit, maybe stay.
Clean the city's corridor
Add some design/ make it more visually appealing
If a building is empty for over 5 years, the owner should have to pay the city
Agree!
More Retail Spaces
Be bold, city Should help consolidate small lots, create more viable spaces for retail + living.
Get Rid of the Tattoo Parlors and Pawn Shops - It is a horrible image to the City
Agree
underground utilities, bike paths, more shops
Build UP not OUT! We will run out of land. Build UP!
compared to
Public bus access to parking lots & buildings. Bus Stops/Shelters off Texas Ave.
More Shopping Stores However I agree with getting rid of tattoo parlors
Safely access businesses
Visually appealing
Hide the unsightly wires
additional Opportunities for Urban Students.
More pedestrian friendly for all - sidewalks on all Major roads
ADA accessible
bike friendly
transportation (bus) to/on a week for all people - regardless of their ability.
I rarely drive/run. Will I become to in 20 years?
Transportation to/from all life stages
More Trees
More Stone and landscaping on Hwy 21, W.J. Bryan as on Villa Maria
Stone is a modern looking material compared to old fashioned brick
Colors that are still being used.

IDEA BLAST: Housing Choices

Put 3 tick-marks (|||) on 3 different images below that represent housing types needed most in Bryan.







CITY OF BRYAN
The Good Life, Texas Style.™
My VISION for Bryan is...
Write your thoughts on the board!
Excellent schools for ALL kids!
An accessible, inclusive community for ALL people
Finish Developing Main Street to Ice House
We will fix what is broken, and maintain what we have
Maintain Downtown's Historical Feel
Downtown Greenspace on north end - 2 blocks
a Planetarium
Expand Downtown architecture across the city
indoor pool with Slides and Lazy River
more quality park space well maintained
Parks for all people, ages + abilities
vibrant downtown + excellent schools
Public transportation to parks to midnight
Not just to parks.
Create a Town Square between Main + Bryan streets (22nd + 21st streets)
This is a lovely idea!
city yes!

with places for music, sack lunches, chess games, conversation, reading, Playing
Downtown Green Space
Better Care of the Downtown Streets + curbs - keep clean!
More indoor Play areas for kids and handicap
be able to enjoy more green spaces
improve image of 29th street around BHS
to be more walk + transportation
Community tracks
Public transp
Westside Needs
TO BE HAPPY
TO grow: Artistically, Spiritually, Academically, etc. Make it more teen friendly!!
see street and lighting improvements in North Bryan
yes!
yes
Basketball court in Tanglewood Park
Climbing Walls in parks - yes!
Be one of the best towns.
Safe for family activities and shopping downtown
Expand Downtown
The opportunity to enjoy outdoor Recreation is equal to the employment opportunities..
Better transportation so people who can't drive can recreate, work, shop, + get to services like medical or to school.
Bus service on weekends + later at night.
Better, extensive sidewalks + bike lanes,
Bigger & Better Farmers Market/ Permanent Open air Market
More access to public transportation. A developed city is not somewhere where the rich have their own car, but where they use public transportation. It is better for the environment & everyone. For the environment & creatures.
PS. "First Friday" are the best, more of those would boost the economy & serve as environmentally & cost entertainment.
A MORE BEAUTIFUL PLACE TO LIVE LANDSCAPED WITH STONE / PLANTS like ON VILLA MARIA - TEXAS CENTER.
Doc Park
Villa Maria + 29th

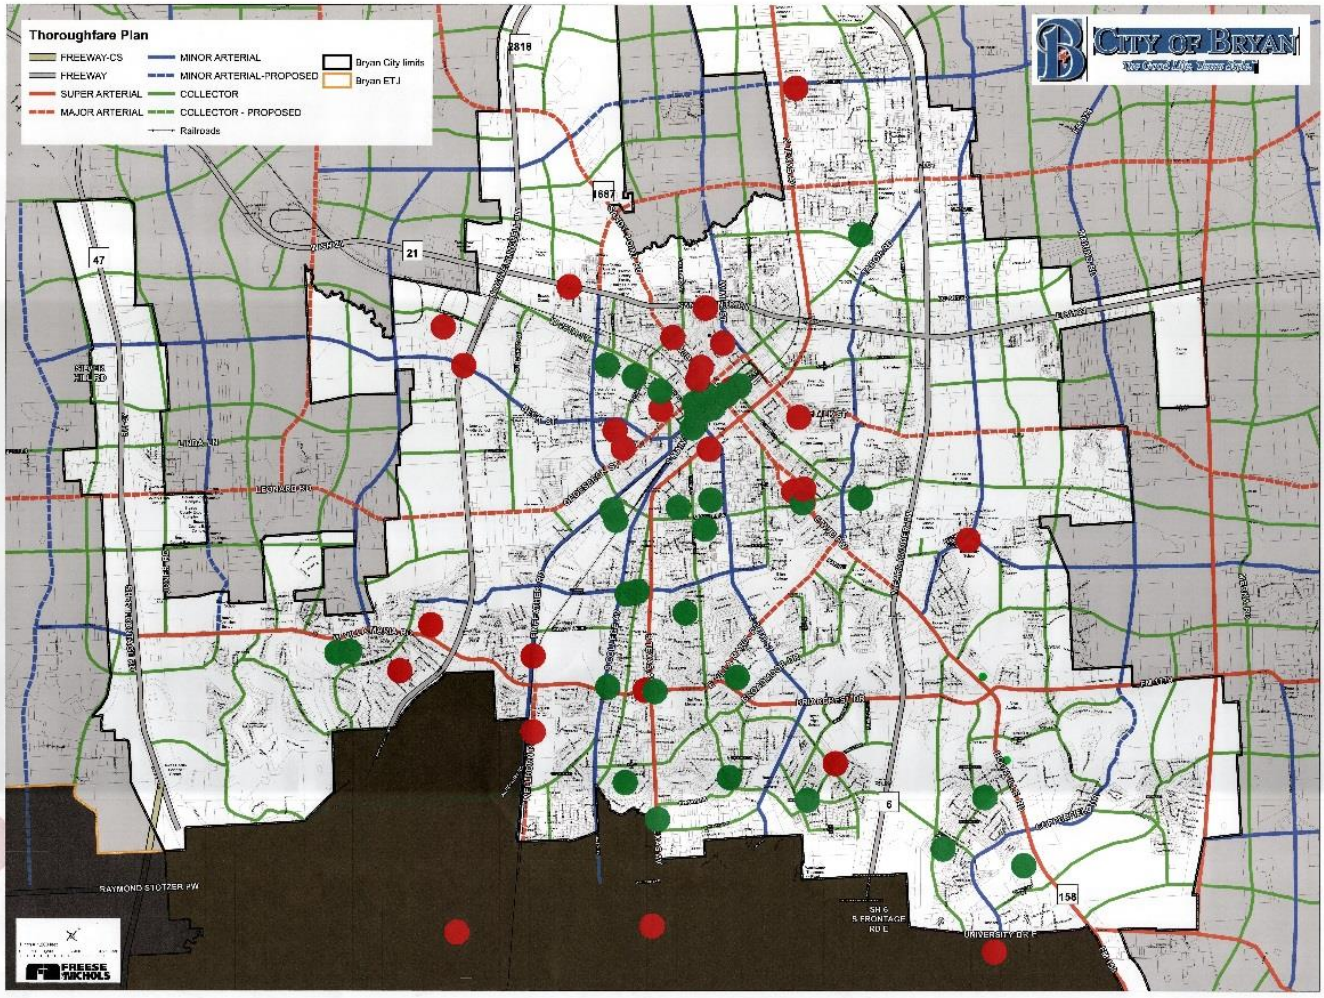
Keep?



The March 4th First Friday booth, a joint operation by FNI and the City of Bryan yielded substantial public input and generated significant attention for Blueprint 2040. First Friday is a widely attended downtown community event for residents throughout Bryan-College Station. This booth was important because it reached a wider range of the public than those that usually attend public meetings.

At the booth were three interactive boards. The first asked residents "What Amenities are Needed in Bryan's Parks?"; the second asked "What is the Greatest Issue Facing Bryan?"; the third asked residents to describe their vision for Bryan. Also at the booth was a six question survey designed to be capable of filling out in under a minute. FNI also provided literature about the Blueprint 2040 process and links to the project's social media and website accounts.

Participants were given three votes and asked to select the top amenities needed in local parks from a list of 18 choices. The top 5 selections, which collected over half of the 600 responses were:

1. Non-motorized trails (91)
2. Open space/nature (78)
3. Dog parks (64)
4. Splash pads (36)
5. Additional parks (35)

Other noteworthy results included community center/natatorium (34) and inclusive playgrounds (33). Within the "other" category, written comments that attracted support included arboretums and botanical gardens, community gardens, restrooms within parks, educational and meditative space, and indoor recreation.

Participants were then given three more votes and asked to identify the three greatest issues facing the City from a broad list of 9. The top three selections, taking over half of the 155 votes were:

- School system perception (36*)
- Congestion or connectivity (25)
- Neighborhoods (22)

**concern over perceived inability to attract and retain teachers was a recurring comment from participants*

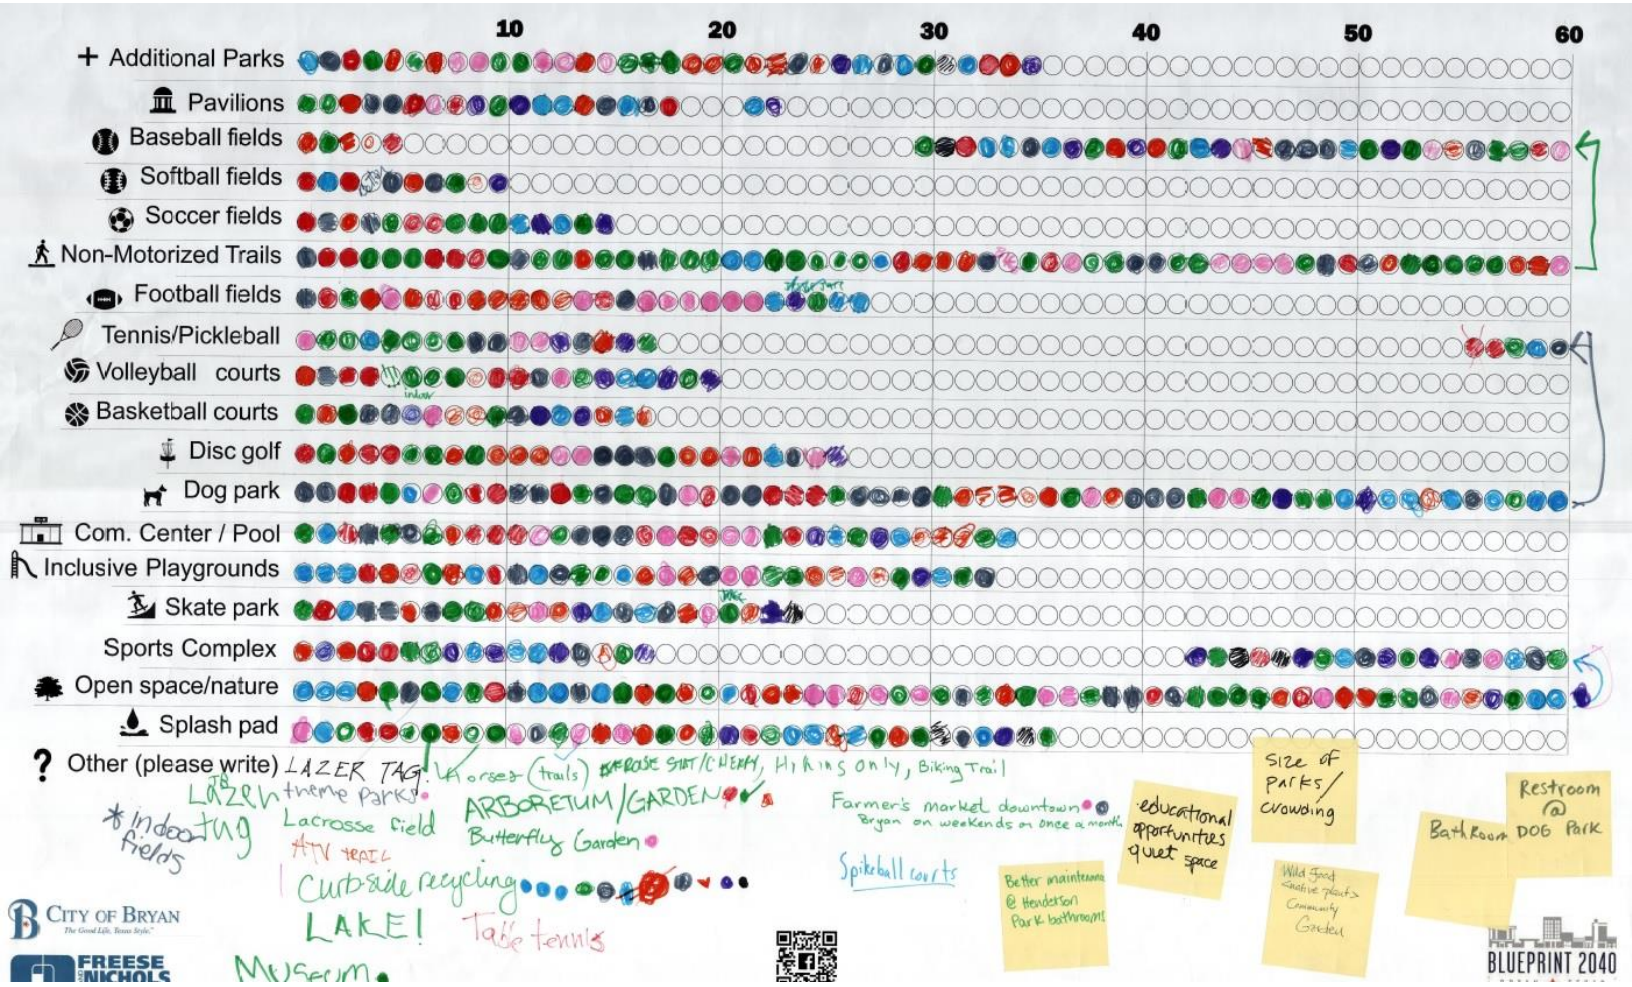
Appearance or perception and growth, zoning, and land use were the next two largest categories at 20 and 19 votes each.

We also asked for an open-ended vision for Bryan, residents expectedly provided a range of responses though the overall themes were consistent with previous feedback:

1. Improved connectivity and transportation (sidewalks, thoroughfares, bike lanes/trails, and public transit) (10)
2. Amenities (retail, restaurants, nightlife, and family venues) (9)
3. Aesthetics, beatification, and sense of place (8)

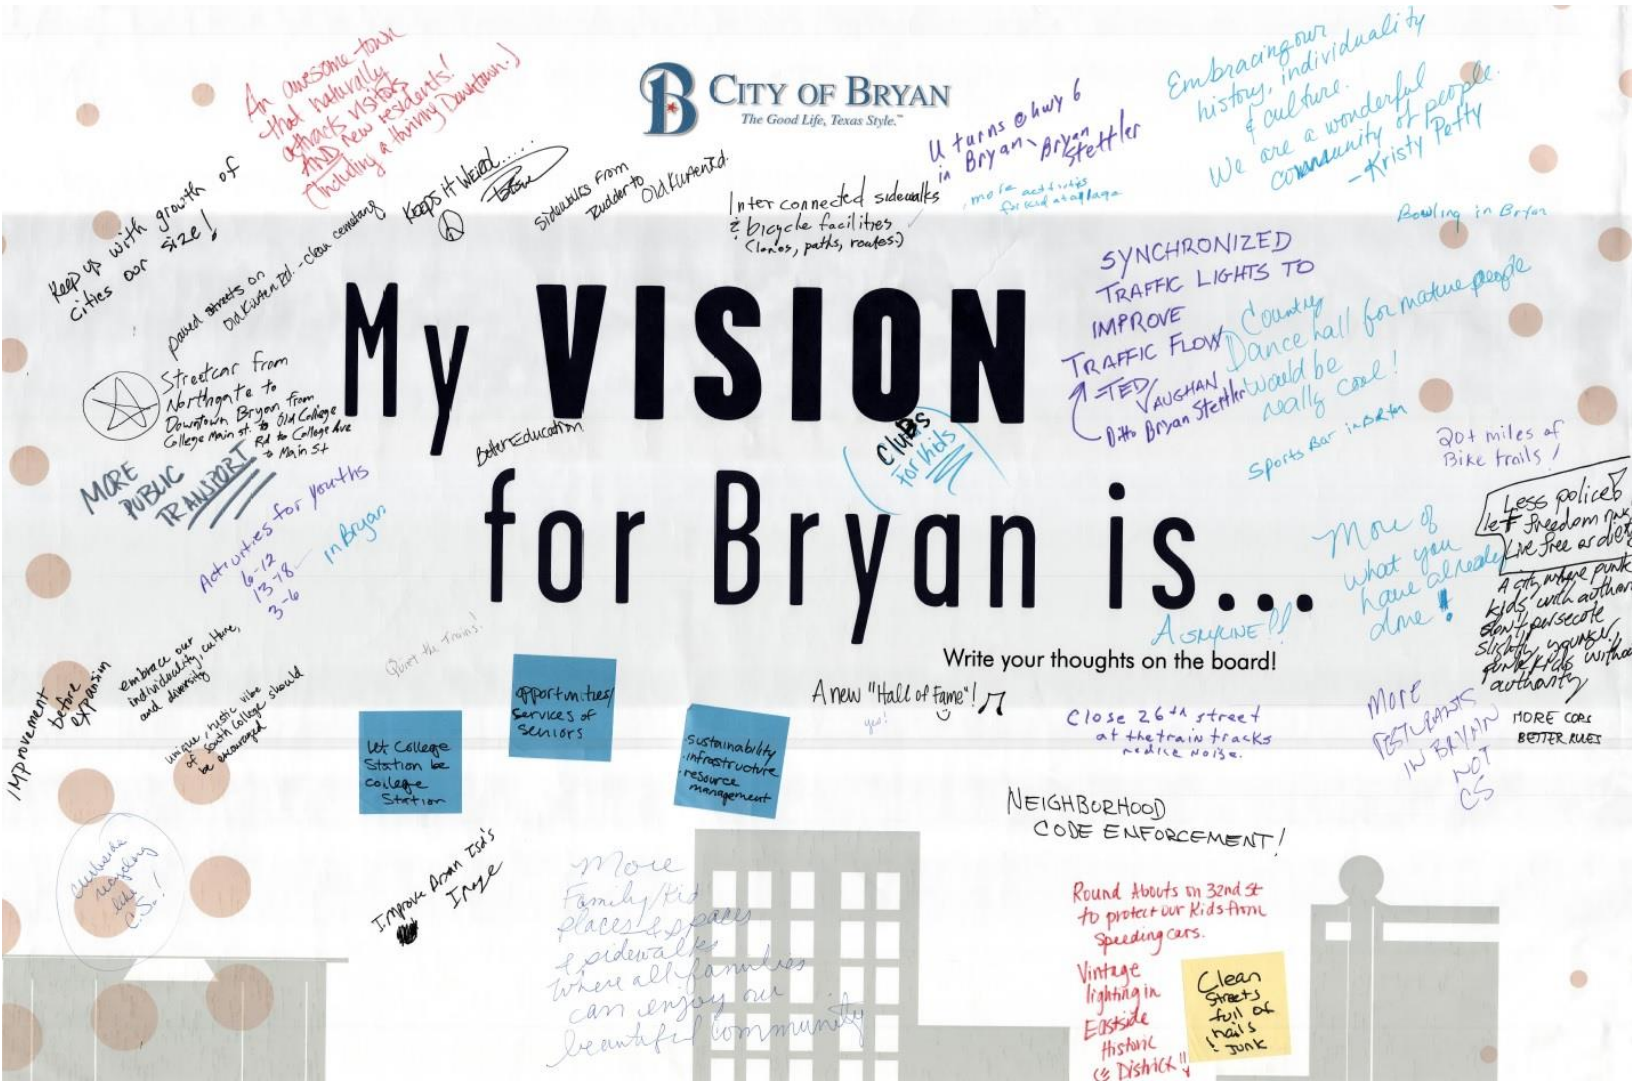
It should be noted that though curbside recycling did not fit into any specific category, it was mentioned over a dozen times between the three boards.

“What Amenities are Needed in Bryan’s Parks?”



"What is the Greatest Issue Facing Bryan?"

“My Vision for Bryan Is…”



60-Second Survey

A 60-second survey was also available during the meetings to quickly gain snapshot information about people who were participating in Blueprint 2040. This survey was a precursor to the version provided online. These surveys were completed over the course of several meetings.

During the first First Friday meeting (of the hundreds of citizens that FNI interacted with), a handful (13) elected to take the brief survey.

- 69% of respondents both live and work in Bryan
- 54% of respondents have lives in Bryan for 10 or more years; 46% have lived in Bryan for less than five years
- 85% of respondents stated that the City has a responsibility to actively participate, including financially, in corridor revitalization efforts
- 38% of respondents indicated that they find Bryan to be an attractive City in terms of appearance; 31% were neutral; 15% found Bryan to be unattractive or very unattractive
- 92% of respondents stated that the look and appearance of Bryan is either important or very important
- 77% of respondents stated that the City should raise its development standards even if it makes development more costly; the remaining respondents were unsure
- In the comments section, respondents listed concern regarding pedestrian and bicyclist safety, desire for public transit, frustration with train noise, and displeasure with the appearance of corridors

During the second First Friday meeting and the second Big Ideas and Parks Master Plan Workshop, 40 people participated in the survey.

1	The Downtown and parks bring people to visit currently, but we need new affordable housing developments of many kinds in Bryan's west and northwest areas because of the people who will come to work in the bio-corridor and new RELLIS campus. Most of them will not be able to afford Traditions. We already have a problem with homeless students in Bryan ISD and this is only going to get worse as the developers tear down the small houses near TAMU's main campus and replace them with single family houses that are really student dorms.	6/12/2016 9:49 PM

1	More connecting streets and roads, i.e. University to FM 1179,	7/27/2016 1:41 PM
2	clean up the older neighborhoods	7/19/2016 9:53 AM

3	Lack of good way to get to Blinn from Bryan High. Improvement in car, pedestrian, bike utilization of streets, better crosswalks, see the difference between CS high school and Bryan high school, how traffic is handled. No sidewalks around high school, or from road to high school, students are forced to walk in road or mud. Poor markings on road for crosswalks leading to school.	6/30/2016 8:18 AM
4	All of the above but more public meeting places for small groups would be wonderful. We can reserve the meeting rooms in the two public libraries but only the one at the Ringer library can be used outside of the regular library hours.	6/12/2016 9:49 PM
5	more single family housing that is affordable and nice, no high end and not rental	6/5/2016 9:08 AM
6	all of these, parks with actual long running trail and trees, sidewalks, appearance - quality of life stuff	5/4/2016 1:53 PM

18	For Bryan to become "walking", "ADA", and "bicycle" friendly. Try donning a wheelchair or walker and see if you can make it down Main from Sale Park to the Ice House dodging all of those planters and other obstacles.	2/24/2016 12:39 AM
19	Safety, fewer roaming soliciators and teenagers	2/19/2016 4:28 PM
20	A tie between more housing, new restaurants and entertainment and improved aesthetics.	12/31/2015 6:44 PM
21	Paid entertainment venues for children.We use to have businesses on Briarcrest that fulfilled this need and now nothing. We had roller skating, pool tables, video and other assorted games that could be enjoyed by different ages.Now children and families go to college stion or elsewhere. Laser tat and bowling are also popular games with children and families.	12/30/2015 3:06 PM
22	Paid entertainment for children to go to. We use to have several businesses on Briarcrest, but now nothing. Use to be able to skate, gaming, pool, eat. Opportunites to bowl, put-put golf, laser tag, along with rooms for parties. now people go to college station or elsewhere.	12/23/2015 3:06 PM

37	Accessibility - involves sidewalks, streets, infrastructure, employment, housing :)	11/11/2015 1:03 PM
38	Develop the north end of downtown and make the Queen Theater more accessible to the general public.	11/11/2015 10:20 AM
39	Rec Center/Community Center	11/10/2015 12:29 PM
40	Traffic control	11/6/2015 9:17 PM
41	4 and 5 on this list	11/6/2015 10:01 AM
42	#1 desire is too narrow. there is a critical need for sidewalks and bike lanes. maintaining the streets is obviously highly important as well. greenways and parks increase quality of life, and are highly desired, but not quite as critical as protecting the many pedestrians and cyclists commuting in bryan	11/4/2015 6:43 PM
43	Housing, better streets and Increase employement	11/4/2015 10:54 AM
44	Maintain and develop parks and courses very well. New restaurants and entertainment but aesthetics would come with that.	11/3/2015 4:01 PM
45	no so much building in floodplain areas	11/3/2015 3:24 PM
46	There are hardly any fun things for children to do in B/CS. Yes, there is bowling. Swimming. But we need fun and not too expensive things to do in this town. I have grandkids that want fun, entertaining things to do. For instance, a large and really nice, miniture golf course, putt-putt, like the big cities have. Maybe go-cart tracks like we had years ago. I can't think of all that's available in other cities, but Chucky Cheese, etc, just doesn't cut it. I mean you can only go to a few of the available places, specifically in CS so many times and then it's old or boring.	11/3/2015 12:36 PM

Q17 The Bio-corridor is transforming the southwestern side of Bryan. What is the City's next big opportunity or idea?

2	Enhance trails and parks plus added neighborhood where houses for starting families/recently educated couples can custom build their homes	7/20/2016 5:48 PM
3	Improve the drainage problems. This is only going to get worse. Even more use of green space to protect future develpment from flooding. Stop allowing building in flood zones (see Peterson Way flooding that just happened with the latest rain - houses not built yet, just platted).	6/30/2016 8:18 AM
4	Is it really? Let's not put our eggs all in one basket. Just because you have jobs doesn't mean that people are moving to Bryan or that the city reaps the benefits of that economic growth. College Station secures a big chunk of the revenue generated from the Bio-Corridor. The question is: How does Bryan encourage those working in those jobs to live, shop and play in Bryan as well. Single family housing is in short supply in College Station. Bryan has the opportunity to capitalize on this but it cannot until its schools become better. The next big opportunity for the city is to improve the area schools. I believe this single adjustment would go a long way in generating revenue for the community. (I understand the city doesn't control Bryan ISD, but lets get them in the conversation and work with them.)	6/21/2016 8:28 PM
5	Improving infrastructure - utilities, streets and sidewalks in older areas	6/17/2016 8:53 AM
6	Hard to say but it seems likely that most of the growth will be on the west side. This will cause a problem for people who live on the east side, especially east of the Highway 6 bypass as there is no fast east/west highway in Bryan. People in College Station can take 2818 or 47 and get to the bio-corridor more easily than people taking Villa Maria or Highway 21.	6/12/2016 9:49 PM
7	streets upgrade	5/27/2016 2:46 PM
8	Blinn west side campus. Also repurposing mini golf course.	5/19/2016 12:33 PM
9	College Station is all sprawl. Bryan has oppty to be the "cool" part of town. It has better layout by virtue of being older. New development esp commercial, should be made to conserve trees. Bryan could easily be nicer and prettier. It was struck hard with the ugly stick in the 60s and 70s. Now it's time that developers had to give back to the community with better looking, higher quality developments. Look at Austin. There are trees there. There is a large track/trail system the community can enjoy. Trees do grow here also. It is not magic, it is just asking for a higher standard and setting up some special districts and some rules. I wouldn't live in CS if you paid me, and I don't buy it that the schools are better. Whiter, perhaps, but I'm not convinced that is better. Bryan really has an oppty now that Downtown has proved the case. Please, please do not let South College become a developer playground for ugly apt buildings and/or even more strip malls with acres of pavement and no trees. Bryan has gotten much better in last decade, let's go all the way.	5/4/2016 1:53 PM

11	It is transforming the city in a way that has made my wife and I realize that we will move from here when we retire in five years. The additional traffic and useless Walmartization of the west side is exactly why we left CS. The developers who infest out city council yap about how things will be different this time, but we just get more terrible strip malls and additional traffic. The addition of Blinn to the west side is going to be a disaster for our neighborhood.	4/25/2016 4:30 PM
12	Quit giving away land and tax breaks. Build on the diversity of Bryan by creating more cultural interaction	4/23/2016 12:14 AM
13	More education for adults in minority groups.	4/21/2016 7:39 PM
14	nature trails	4/14/2016 5:45 PM
15	Consider the development of cultural zones, with ethnic dining, shopping, etc. Possibly spokes of Downtown Bryan or sections of Texas Ave.	4/14/2016 1:15 PM
16	Provide incentives for businesses to operate in Bryan to help create jobs.	4/14/2016 12:33 PM
17	Texas Ave. Beautification	4/14/2016 11:15 AM

18	Residential and school development on the east side of Bryan	4/14/2016 9:14 AM
19	With CS growing to the south, Bryan can only go east and west. Blinn College's new campus (I'm all for it) will create more traffic congestion... We desperately need a more efficient public transportation system and need it now. Consider a monorail system that could and would link B/CS together moving more people with less vehicles on the roads. Take a look at what Disney has accomplished with moving 1000's of people on a daily basis. B/CS is going to grow faster than we can get people from on point to another. We don't have a loop around the city and basically only FM 158 Earl Rudder Texas Ave Wellborn Rd to an extent partial 2818 and HWY 21 to move traffic	4/14/2016 12:52 AM
20	Develop a large nature area like lick creek in college station and build a community center on the east side of town	4/13/2016 6:54 PM
21	A year round pool is needed as well as more parks on the East side where all the growth is	4/13/2016 5:24 PM
22	Link that asset with the community through trails and other transportation, including TAMU.	4/13/2016 5:04 PM
23	Get a ymca type center on east side and get a Costco on east side before cs	4/13/2016 2:35 PM
24	Build an aquatics center on East side and get a Costco before college station!	4/13/2016 2:12 PM
25	We should concentrate not on economic growth but on human happiness. Many more bike lanes and sidewalks. Since so many people live in Bryan and work in College Station, maybe revive something like the old trolley system that just went straight from downtown Bryan to the A&M campus. See: Bogota's urban happiness movement: http://www.theglobeandmail.com/life/bogotas-urban-happiness-movement/article1087786/. And please make Bryan Utilities bury all of their power lines ... they are hideous and make our town look trashy and rundown.	4/12/2016 6:47 PM
26	Make the golf course into an incredible public park that becomes another focal point of the community in addition to downtown. We have so little green space in Bryan; our existing parks are largely playgrounds. We need more trails, open space and a center for recreation. Research proves that people are healthier, happier, and feel more connected to their community when green spaces are conserved.	4/12/2016 11:19 AM
27	Development of downtown, cleaning up Texas ave.	4/11/2016 9:36 PM
28	Work with the Developers there and also locate other Developers to work in other areas of Bryan!	4/7/2016 12:15 PM
29	clean up Texas avenue to bring in more businesses … no one wants to open anything with it looking the way it is	4/7/2016 12:10 PM
30	Cleaning up both sides of the Highway 21 entry points	4/7/2016 11:27 AM
31	To continue to develop the West Side and make it a place people want to live, not just work. Also, clean up existing parks and neighborhoods.	4/7/2016 10:44 AM
32	Bring TSTC campus to Bryan	4/7/2016 10:42 AM
33	Support neighborhood design so that residents do not have to go far for necessities and entertainment.	3/31/2016 11:11 PM
34	Railroad traffic	3/31/2016 11:12 AM
35	A pedestrian and bike infrastructure. Make Bryan a gold example of alternative transportation in a state that lacks it. Drivers in this town are inattentive and a danger to everyone. Let's get people out of their cars, this town is not that big.	3/25/2016 7:37 AM

43	Replacing/updating/refreshing the city's current infrastructure.	3/7/2016 2:50 PM
44	They should build more parks and recreational attractions.	3/7/2016 11:02 AM
45	Use the resources and talent available from Texas A&M to become a great city for businesses and entrepreneurs to thrive and grow. The business parks and office buildings are mostly run down, dated, and too expensive for any start-ups or entrepreneurs to take it serious as an investment for global business.	2/29/2016 4:54 PM
46	North side roads sidewalk & lights	2/24/2016 8:22 AM

47	Make it a stop on the Interstate Bicycle Highway that is being developed. Integrate a complete streets model into transportation infrastructure to facilitate travel between the downtown and campus.	2/23/2016 7:03 PM
48	Spay neuter clinic for low income and targeted audiences, new animal shelter, and TNR of cats	2/19/2016 4:28 PM
49	Continuing to build on the progress taking place in downtown	2/18/2016 1:48 PM
50	Northwest around the new Blinn Campus. Also SE Bryan.	2/15/2016 12:52 PM
51	downtown and the area surrounding downtown	2/11/2016 11:19 AM
52	Get rid of the Ghettos, Bury the power lines, Condemn the shacks, and improve the schools.	1/26/2016 4:59 PM
53	I think there are many next big opportunities for the city. For example, the new west Bryan Blinn campus and the Oakmont development in east Bryan. Hopefully the new Blinn campus will bring more retail and housing to west Bryan similar to south College Station.	12/31/2015 6:44 PM
54	To transform HWY 21 and north Bryan with a type of vision and growth that one is seeing in the Bio-corridor but of a different nature.	12/30/2015 3:06 PM
55	something to transform hwy21 or to transform north Bryan	12/23/2015 3:06 PM
56	The old railroad Depot on MLK and Main street should be turned into a vibrant farmers Market on Saturday mornings and have cute shops in it. Police should be on hand to prevent crime as it is next to a high crime neighborhood.	12/23/2015 1:35 PM
57	Texas Ave. looks bad	12/16/2015 12:36 PM
58	Drawing companies to the Bio-corridor.	12/15/2015 3:34 PM
59	continued improvement of high-quality neighborhoods, which can attract families when we stress the great opportunities available at certain schools in the district.	12/10/2015 2:18 PM
60	I firmly believe that the City's biggest opportunity is urban redevelopment in the Downtown area. Downtown is by far the most valuable asset in the City.	12/9/2015 10:00 AM
61	Making the opportunities available to all the residents not just the high income folks and this includes integrating the University transportation system and the Brazos Transit District so this area has decent public transportation.	11/29/2015 5:25 PM
62	There is an opportunity for the East side of Bryan to offer new development of a quality level that competes or exceeds that in College Station. (i.e. competitive with the current development in South College Station). The location is particularly strong. However, I'm afraid that instead it will be developed into cheap houses, low-end retail,	11/20/2015 8:03 PM
63	Expansion west / southwest	11/19/2015 9:45 PM
64	South college district for a unique, artsy, Texan retail and entertainment walkable community. Keeping the shabby chique feel with ample outdoor space, farmers market, and beer gardens.	11/19/2015 7:10 PM
65	Trail networks for walking & biking.	11/19/2015 3:22 PM
66	Stronger leadership and better schools	11/19/2015 3:05 PM

79	Turn the failing municipal golf course into a large park with trails, natural areas to support recreation and conservation of our natural heritage. Cities with a large, accessible green spaces have been proven to be healthier and better places to live.	11/18/2015 8:57 AM
80	Redevelop Texas Avenue	11/18/2015 8:55 AM
81	Enhancing opportunities for minority populations through employment, housing and access to the community.	11/18/2015 8:32 AM
82	Controlling new apartments being built.	11/18/2015 8:16 AM
83	Complete the development of Main Street in Downtown Bryan and expand or make the Athletic Complex in North more presentable. Make the Municipal Golf course into a park where families can use it. Put in a green space in downtown Bryan for public use....covered picnic tables, a gazebo or some other type of general meeting place as well as public restrooms. The facilities could be rented out for parties and such as well as public use. Keep everything CLEAN. Better clean up crews.	11/18/2015 8:14 AM

90	fixing the streets	11/17/2015 6:48 PM
91	Filling out downtown all the way to the old Ice House and restoring that. Plenty of room for more development there...and huge potential upside w/r to local economy. Thanks for pursuing roundabouts and traffic calming measures such as speed humps. I wish the latter would have been considered in the past when I lived on Somerford Lane. Now that I live in downtown Bryan, I have become aware of some critical road infrastructure/safety needs. The bike lane on South college is too narrow, is like a plowed field due to asphalt expansion at joints, and contains sand/gravel and debris in some areas. Has anyone at the City ever tried to ride a bike on the section near downtown? Not good. As an alternative, I currently commute to and from A&M a couple of time a week on my bike using Finfeather. But there are no bike lanes (or even shoulders) on that route, and it is falling apart (large chunks of asphalt regularly peel off creating dangerous voids). Please consider widening/rebuilding and incorporating proper bike lanes (and maintaining post construction). Also, please explore any opportunities to create rail quite zones in the downtown area. There may be more intelligent ways to safely handle rail traffic through the downtown area apart for having conductors lean on the horn (and, as a resident area, I assure you that's what some of them do). Thanks for your consideration, Mark Ojah	11/17/2015 6:28 PM

104	To use this growth as an oppertunity to build sustainable and compact communities. Reduce the need of the car by adding bike lanes on current roads and increase walking infrastructure	11/17/2015 1:47 PM

105	More culture, art, music	11/17/2015 10:03 AM
106	Transformation around the St. Joseph's area and down 29th street. To maintain the incredible historical charm of Bryan while encouraging healthy lifestyles through walkability, access to preventative health care services, and family involvement with parks and trails.	11/17/2015 9:59 AM
107	Facelift... Development projects to enhance the western side of Bryan.	11/17/2015 6:02 AM
108	Mega Park like The Ranch in Franklin, Texas.	11/16/2015 4:03 PM
109	Safe foot and bicycle transportation around the city. Many residents commute to work on foot or by bicycle, or enjoy exercising outdoors. Bryan needs to create safe ways for people to navigate the city without a car. Linear parks, a trail system, and hike-and-bike paths, are an excellent way to do this.	11/16/2015 7:56 AM
110	Development of west Downtown, get rid of the pay day shops etc...in downtown area	11/16/2015 6:53 AM

120	Better quality parks system/improve infrastructure amongst all delapidating areas	11/12/2015 9:33 PM
121	Upgrading central Bryan, paying attention to streets such as 29th street that take you though town. St. Joseph Hospital wants to improve the area around itself, would be a great time for the city to improve 29th street from there all the way to College Station, and then down to Texas Ave. Make pedestrian friendly - pay attention to cross walks, side walks. Right now, you cannot easily walk a mile down 29th without running out of sidewalk, or having to cross a poorly designed intersection (both intersections at the high school), or a broken or obscured sidewalk (past Blinn).	11/12/2015 7:39 PM
122	Adding mixed use space to downtown Bryan.	11/12/2015 6:14 PM

130	I feel downtown bryan has so much potential, potential to being tourists to the area. However, some of the roads and neighborhoods you take to get downtown, really make you wonder if you're in a safe area. 136	A centrally located community center with gym space, sports fields (baseball, softball, football, soccer), indoor and outdoor aquatics facilities, and class room space to help enhance the recreational program opportunities in Bryan.	11/9/2015 3:02 PM
137	there is so much opportunity to develop downtown into a thriving, interesting, safe, and thriving economic area, but there seems to have been a half hearted attempt to date. the area is still overtaken by pay-day loan sharks and bail bond establishments with little attention paid to the upkeep of the streets (limited trash receptacles, no options for recycling and trash that stays on the sidewalks for days) and even First Friday is become repetitive and uninteresting from month to month. There needs to be real investment if there is hope for downtown to be the central focal point people have claimed they want it to be.	11/8/2015 12:29 PM

145	Develop an Economic Development Entity that is focused everyday on bringing new/higher wage employment opportunities to the Brazos Valley... This should be an entity that is a collective group made up of reps from Bryan, College Station, TAMU, Brazos County and market business leaders. What is currently in place is fragmented at best, with too many egos, finger pointing and not doing whats best for the community when no one cares who gets the credit.	11/4/2015 11:21 AM

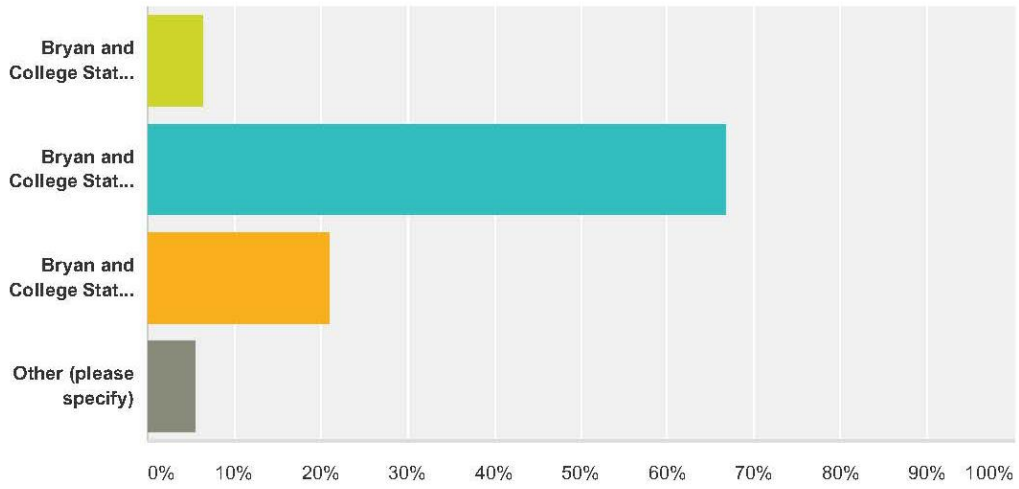
Q18 Bryan and College Station are intricately tied to one another. Of the following, which would best summarize your thoughts on the two cities.

Answered: 341 Skipped: 11



Answer Choices	Responses	
Bryan and College Station should be completely distinct from one another in the future—it should be clear when you leave one city and enter the other.	**6.45%**	22
Bryan and College Station should be similar yet unique, capitalizing on their own individual strengths.	**66.86%**	228
Bryan and College Station should be seamlessly integrated, with no visible distinction between the two cities.	**21.11%**	72

1	Bryan should be the opposite of tacky college station	4/23/2016 12:14 AM
2	It has been for years very clear when you enter CS from Bryan's south Texas Ave and it is very disgraceful and should never been allowed to look the way it does	4/14/2016 12:52 AM
3	They should combine both cities into one ISD, if not whole county.	4/4/2016 8:04 PM
4	The constant desire to instill/create competition is ridiculous. Are the leaders of Bryan that insecure?	2/24/2016 12:39 AM
5	Keep withthe Twin City model to get more Federal Funding as an urban area.	12/23/2015 1:35 PM
6	The two cities should be one. Stupid to have to separate cities side by side.	11/19/2015 7:11 AM
7	Option 1. I like the differences of Dallas and Fort Worth. Dallas is great for shinny new things while Fort Worth is great for culture.	11/18/2015 4:01 PM

8	They both have their strengths and but you would not want lose Bryan's character while striving to improve infrastructure, appearance, services (which should be pursued) so that they are more on par with College Station. Bryan has character buildings and neighborhoods that College Station would love to have. But we also have more rundown buildings/neighborhoods, dirtier/less safe areas, and poorer infrastructure and services in Bryan...these are holding us back. Fix the infrastructure, provide a clean safe environment for growth, promote local not chain (the former is our bag - the latter is College Station), and focus on more fully developing our unique centerpiece, downtown Bryan.	11/17/2015 6:28 PM
9	They should generally be seamless, though unique places like Downtown and the University should stand out.	11/17/2015 5:04 PM
10	I like the seamlessly integrated but each are unique and have individual strengths...	11/17/2015 6:02 AM
11	Cooperation whenever possible. Like the fire stations, and the library system. One excellent community center. One large indoor pool that does not charge different rates depending on which city you are from. One performing arts center that both cities use.	11/12/2015 7:39 PM
12	Bryan and College Station should be simlar yet unique, complementing one another while having a seamless infrastructure.	11/11/2015 1:03 PM
13	I love the "Twin Cities" and "B/CS" connection, but Bryan needs a bold identity. I feel like people look at it as just an attachment to the city with Texas A&M.	11/3/2015 4:30 PM
14	This is a test from the City of Bryan Webmaster - Ken Smith	10/22/2015 7:45 AM
15	Should be seamlessly integrated, however it is extreamly clear when you leave College Station and entire Bryan (this is not a good thing).	10/20/2015 3:56 PM
16	If you can keep the liberal CS professors from involvement in the politics, it'd probably be a good idea to combine the two cities.	10/6/2015 2:34 PM
17	Currently they seem separated but in reality must support one another. This seems to be the next burgeoning metroplex.	10/1/2015 11:22 AM
18	Leave it alone. It has never worked to consider this.	10/1/2015 9:32 AM
19	Bryan should be their own city but strive to better all aspects of things.	10/1/2015 6:24 AM

1	non, no real appeal to any of the parks, few have running trains that are not paused by traficc crossing. and don't offer a true disconnect from the city life. (Really recommend you look into portland metroplex parks to get ideas) and parks need more trees!!!	7/20/2016 6:03 PM
2	My grandson pleads for more basketball courts. He lives very close to Tanglewood but he and his friends walk to SFA Middle School to use their facilities. Items 22 through 26 have no place to write in a comment. I used to live near Tanglewood Park and used it for walking. Sad that UP is allowed to ignore requests to clean up trash from their tains (unsightly pallet, cargo and plastic wrapping have been there for months - I've tried to have this eyespre addressed but Union Pacific is appeartly uncooperative - what a lousy coporate neighbor). 1	non-motorized trails, together with natural habitats	7/20/2016 6:03 PM
2	aquatic	7/19/2016 9:59 AM
3	Covered tennis courts and basketball courts. Play equipment in Camelot park. A way for seniors to get from Waldenbrook to Camelot park (the sidewalks do not allow safe walking/motorized wheelchair) down Broadmoor and then there is no sidewalk, so people are walking in the street at dusk/in the early morning). Camelot park is underutilized.	6/30/2016 8:36 AM
4	Trails; they set cities apart. And they serve a multi-purpose of being both for recreation and transportation.	6/21/2016 8:35 PM
5	Combination Senior/Community Center	6/17/2016 9:01 AM
6	Maybe a community center could have meeting rooms that small groups could reserve. Lots of groups can't afford to reserve space in restaurants and the open areas are too noisy. I already mentioned my grandson's vote for basketball. I don't use most of the things listed (too old!) I drive a friend to the Brazos Senior Center (in Bryan) on Wednesdays for bingo and we go to the College Station Senior Center on Tuesdays to hear the Bluegrass Jam Session. There are many lower income seniors in the north part of Bryan who probably would not come to a big centralized community center but who would profit greatly from smaller programs run in local church facilities or as part of the local schools.	6/12/2016 10:29 PM
7	Amphitheater	6/5/2016 9:16 AM
8	Pavilions or Shelters	5/27/2016 2:58 PM
9	None.	5/19/2016 12:38 PM
10	A trail system -- Long! there is no place to walk/run that is longer than about a half mile! Not concrete! but crushed granite. a greenbelt that can serve biking, walking, running. Like what Austin has around town lake. WITH SHADE or there is no point!!! This is a terrible ugly town to be outside, yet we have a (mostly) nice climate. Help us get outdoors please, and by outdoors I do not mean in a parking lot!!	5/4/2016 2:07 PM

16	aquatic center with access for little kids - like southwood hallaran pool - preferably on the east side near austins colony, copperfield, hwy30	4/15/2016 1:28 PM
17	Natural areas	4/14/2016 5:55 PM
18	Playgrounds	4/14/2016 12:45 PM
19	Mulit-use Trails and an amphitheater	4/14/2016 11:20 AM
20	Before constructing new facilities, the existing ones need to be updated revamped & cleaned up before adding new ones. It seems as though everyone wants new parks but maintaining the old seems to not be a priority	4/14/2016 1:02 AM
21	There should be a nature area in east Bryan with trails and an aquatic center in east Bryan where all the growth is going	4/13/2016 6:59 PM
22	The east side were all the higher end housing is being built needs an aquatic center and community center like a YMCA. A costco in bryan first would be important	4/13/2016 5:31 PM
23	Trail Systems	4/13/2016 5:20 PM
24	Aquatic/community center east of 6 where all the growth is.	4/13/2016 2:44 PM

25	The East side needs a aquatic center by Rudder as well as more high quality parks. This is where the growth is so community center needs to be on East side. I would not go to community center if it were in dangerous neighborhood	4/13/2016 2:26 PM
26	Bike Trails	4/12/2016 11:04 PM
27	More splash pads/water play	4/12/2016 9:32 PM
28	Splash pads	4/12/2016 7:04 PM
29	We need more natural, open space for nature play. There's plenty of fields and playgrounds. So many of the paved trails in parks are completely exposed and too hot and sunny to use throughout most of the year. There's so few places you can go that you can truly enjoy being outside to walk, picnic, or play, unless you are involved in organized sports. Please look at Child & Nature Network for a better understanding of why nature is a key element in our societies. Developing our park resources is going to be an important part of attracting young, upwardly mobile couples and families like ours and will make us a more desirable place to live. The only park I visit regularly in Bryan is Camelot; I wish that the trail were continued on both sides of the creek so that there would be a loop. But mostly, I drive to College Station so that I can use their superior parks, like Lick Creek, University Park, Research Park, and Bee Creek.	4/12/2016 11:40 AM
30	Multi-Use Trails; Connect all of the Trail Systems in the City, when possible.	4/7/2016 12:46 PM

122	Camelot Park has no equipment other than a water fountain and a trail. It would be nice for there to be some equipment on one side or the other. Also, the drainage is awful, so do not add a splash pad. Add a bridge so the new 7 Oaks community can get to the park. Improve the sidewalks so the retired people can get from the retirement home on 29th to the park. Improve the parks we have now, and work on adding new ones. 142	Baseball facilities. There are many select baseball organizations in the area (ranging from 7-18 years old) that travel to surrounding metropolitan areas to compete. These families have to constantly travel and spend their money in other cities. There are a few baseball facilities in the B/CS area to accommodate these teams. Little league fields are generally closed to these teams and their fields are not adequately maintained. With adding baseball facilities and because Bryan is centrally located, (geographically), these baseball organization or the city could host tournaments/games. This will bring income to the city through hotels, restaurants, shopping, etc...	11/4/2015 10:07 PM

144	Wilderness areas are important and should be maintained ie, the pier at municipal golf course at sunset is a scene from a horror movie. Rodents, trash, snakes, missing and loose boards. It's shocking. However,I think safe areas for children to play on the north and west sides of Bryan are incredibly important to the present and future of the city.	11/4/2015 6:56 PM

188	We really need a track. I used to walk on the Bryan ISD track at Stephen F Austin Middle School. This is no longer an option. I'm a single mother and prefer somewhere that is open and visible, rather than walking through woods or somwhere secluded. When walking a track, I can see my child if he is sitting in the bleachers reading or playing nearby. If I do walk at a park, I walk at Tanglewood Park. There is a nice loop and trail system. It is also visible from the road and I feel safe there. Sue Haswell has a large loop but there is a lot of traffic, drivers who don't pay attention or people who honk/yell while driving by, etc.	10/20/2015 10:07 AM

208	A multi-use park that capitalizes on the shortfalls of the BCS community. College Station has softball fields, so those should not be the priority. Baseball fields are lacking within the community and many events can be held in BCS should quality baseball fields be built. Also, additional flat fields (soccer/football/lacrosse/etc.) will allow BCS to land larger events as a community, utilizing the fields in conjunction with College Station's assets. Two fields of each type (softball, baseball, flat fields) would not allow events to be held at the park.	10/6/2015 3:05 PM

3	1. Repair and enhance current parks - make sure they are accessible to all with proper sidewalks, lighting, drainage. 2. Continue to add parks to aid in flood protection of new development. Trail system as part of new parks. 3. Community center after existing parks are in great shape.	6/30/2016 8:36 AM

6	There are so many things that it would be wonderful to do if we had unlimited money. I think that all the parks in lower income neighborhoods should be upgraded to equal the facilities in more affluent areas. I do not think we should spend 14 million to bury the utility lines on South College when that money is so badly needed to fix streets.	6/12/2016 10:29 PM

48	Shore up the neighborhood parks and find a way to provide "pocket" parks to the older neighborhoods that have been forgotten for so long. For example, either a few more garbage cans or more frequent emptying at the Williamson Dock area would surely cut down on the water pollution problem there. Maybe the ducks would return. Please fix what we have before taking on some huge new complex project.	2/24/2016 2:25 AM

74	renovate and upgrade city parks along with upgrading high traffic roadways. some buildings on the roadways are an eye sore. They are overgrown and unkempt. There are neighborhoods with abandoned houses that need to be condemned and removed and the city needs need to make home owners accountable for the appearance of their homes and yards. The first impression of an area is a very strong one. We need to have a neat and well-kept city. Downtown and the surrounding historic neighborhoods could be a great tourist draw. Downtown should be filled with shops and restaurants not with lawyer's offices. The rundown areas of Downtown should be addressed as well. The historic neighborhood could contribute also. Walking and informational tours of the historic neighborhoods should be developed and advertised. But codes need to be enforced in these areas for overgrown foliage, abandoned structures, unsafe structures, old cars parked in lawns, etc. There are neighborhoods near downtown Bryan that have manufactured houses most of which are very rundown. The city needs to work on cleaning up and revitalizing its current appearance before it starts building new parks and community centers.	11/18/2015 1:03 PM

1	Areas de juego para niños pequeños y bebes; Parques con playgrounds que tengan cobertizo para cuando llueva, o este muy caliente el sol no queme al niño. Usar un parque para skateboard, o un bosque incluyendo usar una quebrada o un pequeño lago con animales que sea un parque para niños con pajaros y animales de de Texas como ranas, lagartos, y peces. Si tienen picinas deben dar clases para que aprendan a nada que sea localizados en diferentes piscinas para la gente local y no todo en un un sitio donde se necesite transportacion, a menos que tengan transporte especificamente para los parques con clases de deportes para que los niños aprendan un deporte en vez de estar corriendo haciendo travesuras. 2	Lugares para gente de la tecera edad	2/19/2016 8:38 AM
3	Un centro para personas de la tercera edad.	2/18/2016 7:31 PM

Q34 La Ciudad de Bryan actualmente no tiene un Centro Comunitario que atiende las necesidades de personal de todas edades. El Centro podría ofrecer un gimnasio, una piscina, área de ejercicio, área de arte, área para personas de tercera edad, salas de reuniones, salones de clase, y más. ¿Debería la Ciudad considerar construir un Centro Comunitario?
