

Inspection Request for Early Service Turn On (Early On)

Electrical Contractor

Tenant or Owner's Name

Permit No.

Address of Structure

Telephone No.

Structure Type (Circle One): Residential Commercial Other structure as approved: _____

EARLY SERVICE ON – .10 cents per ampere of ampacity service entrance per month for furnishing temporary service until inspection certification is issued and Certificate of Occupancy has been completed.

SERVICE AMPACITY _____ 30 DAYS ONLY .10 cents per amp _____

The fee required shall be FOR 30 DAYS only. A signed statement is required of each participating party. The signing of this agreement is with full knowledge that electrical service will be removed after designated time period has expired, unless the agreement has been renewed and extended.

The power use is limited to check out equipment, area lighting, or other temporary use as agreed between electrical contractor and City of Bryan electrical inspector (Ref. Ordinance No. 981). For early on power, all interior walls must be covered in approved finishes (i.e. sheetrock) to protect wiring per code and for safety. All electrical rooms in large commercial projects must be kept secured at all times.

This early on agreement does not release the building for use as a home or for commercial use. Any use of building for storage, placing of merchandise or furniture in this structure, must be with the full knowledge and approval of the building official.

The electrical contractor assumes all responsibility for safety to persons and property during early service turn on. Failure of the electrical contractor or homeowner to meet all code requirements, and/or to fulfill all obligations of the early on agreement, will result in termination of electrical usage. Any change in ownership will require a new application for electric service. The final bill to the original owner is notification that service has been terminated in his name.

TURN ON BEGINNING _____, _____, _____

Power will be removed and Certificate of Occupancy must be issued before: _____
