Chapter 130

Zoning Ordinance

Article I. In General

130-1 Enacting clause.

That this Comprehensive Zoning Ordinance, also known as the "Zoning Ordinance," of the City, is passed and approved on December 11, 1989, together with the official zoning map to read as set out herein.

130-2 Purpose.

The zoning regulations and districts as herein established have been made in accordance with adopted guiding principles for the purpose of promoting the health, safety, morals, and general welfare of the City. They have been designed to lessen the congestion in the streets; to secure safety from fire, panic, and other dangers; to ensure adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. They have been made with reasonable consideration, among other things, for the character of the district, and its suitability and compatibility for the particular uses specified; and with a view to conserving the value of buildings and neighborhoods, and encouraging the most appropriate use of land throughout the City. (*Code 1988, App. A, §2; Ord. No. 1468, §2, 4-27-2004*)

130-3 Definitions.

The following words, terms and phrases, when used in this chapter or when used in Chapter 62 (Land and Site Development Ordinance), shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning. Words and terms that are not expressly defined in this chapter or in Chapter 62 have their ordinary dictionary meanings, based on the latest edition of Merriam-Webster's Unabridged Dictionary. When not inconsistent with the context, words used in the present tense include the future; words used in the singular number include the plural; and words used in the plural number include the singular.

Accessory dwelling unit shall mean a subordinate structure located on the same lot or parcel as the main structure which is incidental to the main use of the structure and is used as a residence.

Accessory structure shall mean a subordinate structure or a portion of the main structure located on the same lot as the main structure, the use of which is incidental to that of the dominant use of the structure or premises. Accessory structures may include parking garages, adjacent farm structures, home workshops and tool houses, storage sheds, home greenhouses. Carports as defined by this chapter are not considered to be accessory structures.

Accessory use shall mean a use customarily incidental, appropriate and subordinate to the principal use of land or building and located upon the same lot therewith.

Adult entertainment means a group of land uses involved in providing entertainment or amusement to a person or persons, such a type of land use being an adult arcade, adult bookstore, adult cabaret, adult escort agency, adult massage establishment, adult motel, adult movie theater, adult novelty store,

adult service establishment, adult video store, sex parlor, sexual encounter center nude modeling studio, or other adult entertainment uses. "Other adult entertainment use" also includes any other commercial enterprise, that has as a primary business purpose of offering of a service or the selling, renting or exhibiting of material, devices or any other items, intended to provide sexual stimulation or sexual gratification to its customers, and which material, devices or any other items is distinguished by or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, or whose employees or customers appear in a state of nudity. The following definitions for various types of adult entertainment uses shall be applicable:

1. "*Primary business purpose*", is defined to mean that a main purpose or major "drawing card" of the business, among any other primary or secondary business purposes, is providing sexual stimulation or gratification through the offering of a service or the selling, renting or exhibiting of material, devices or any other items intended to provide sexual stimulation or sexual gratification to its customers and which material, devices or any other items is distinguished by or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, or whose employees or customers appear in a state of nudity, but is not intended to include businesses whose entire activities might only be an incidental cause of sexual stimulation or gratification, and whose activities do not involve nudity nor material, devices or any other items distinguished by or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, with "incidental cause" defined as happening as a chance or undesigned feature of something else; random; not of prime concern; subordinate to; or, as in accidentally cause. "A primary business purpose" of providing sexual stimulation or gratification may be demonstrated by the presence of one or more of the following factors and terms:
 - A. The exclusion of minors, persons under the age of 18 years, from the establishment or premises of the building by law or by option of the establishment, due to in part or in whole, to the offering of a service or the selling, renting or exhibiting of devices, material, merchandise or any other items intended to provide sexual stimulation or sexual gratification to its customers, and which is distinguished by or characterized by an emphasis on matter depicting, describing or relating to specified sexual activities or specified anatomical areas, or whose employees or customers appear in a state of nudity; or,

Single-family dwelling unit shall mean a dwelling unit designed for and occupied by one family and that is surrounded by open space. A single-family dwelling unit may have a second family comprised entirely of individuals related by blood, marriage or adoption, residing therein on a temporary basis for a period not exceeding 6 months in any calendar year.

Site shall have the meaning assigned Sec. 62-1 of the Land and Site Development Ordinance.

Stable--Commercial shall mean a stable used for the rental of stall space or for the sale or rental of horses or mules.

Stable--Private shall mean an area used solely for the owner's private purposes for the sale or keeping of horses, mules or ponies, and not kept for remuneration, hire or sale.

Storage or wholesale warehouse shall mean a building used primarily for the storage of goods and materials.

Storage, Limited Outdoor shall mean storage that is accessory to the principal land use on a site. Storage activities include storage of packaged merchandise or material in boxes, in crates, on pallets or other kinds of shipping packaging and other similar merchandise, material or equipment. Disorganized or loose materials or objects, or materials stored in bulk shall not be allowed in limited outdoor storage.

Storage, General Outdoor shall mean storage of unpackaged or bulk materials, including but not limited to landscape, building and aggregate materials.

Storage, Industrial Outdoor shall mean outdoor storage allowed for all uses allowed within the Industrial District zoning designation.

Story shall mean that portion of a building, other than a basement, included between the surface of any floor and the surface of the floor next above it, or, if there be no floor above it, then the space between the floor and the ceiling next above it. The average height for a story shall be defined as 12 feet.

Story, half, shall mean a space under a sloping roof which has the line of intersection of roof decking and wall face not more than 3 feet above the top floor level, and in which space not more than 66% of the floor area is finished off for use. A half story containing independent apartment or living quarters shall be counted as a full story.

Streets:

(1) *Arterial.* This class of streets brings traffic to or from the expressway and serves those major movements of traffic within or through the urban area that are not served by expressways. Arterials interconnect the principal traffic generators within the City as well as important rural routes. Arterials handle trips between different areas of the City and should form a reasonably integrated system. The length of the typical trip on the system should exceed one mile. The primary function of an arterial is to provide movement between principal traffic generators.

(2) *Collector.* This class of streets serves internal traffic movements within an area of the City, such as a subdivision, and connects this area with the arterial system. Collectors do not handle

long through trips and are not, of necessity, continuous for any great length. In gridiron street patterns, however, a street of several miles in length may serve as a collector rather than an arterial if the predominant use is to reach the next junction with an arterial and there turn off.

(3) *Cul-de-sac*. A street having but one outlet to another street and terminated on the opposite end by a vehicular turnaround.

(4) *Dead end*. A street other than a cul-de-sac, with only one outlet.

(5) *Local*. The sole function of local streets is to provide access to adjacent land and act as a connection to the collector system.

Studio shall mean the workshop of an artist, sculptor, photographer, or craftsman.

Structural alterations shall mean any change in the supporting members of a building, such as bearing walls or partitions, columns, beams, or girders, or any substantial change in the roof or in the exterior walls.

Structure shall have the meaning assigned in Sec. 62-1 of the Land and Site Development Ordinance.

Subdivision shall mean any division of property for which a plat is required to be approved and recorded under the provisions of V.T.C.A., Local Government Code ch. 211; the Texas Municipal Annexation Act (V.T.C.A., Local Government Code ch. 43); and under this chapter. The term "subdivision" shall mean the division of a lot, tract, or parcel of land situated within the corporate limits of the City, or within the City's extraterritorial jurisdiction into 2 or more parts, lots, plats, sites or other division of land for the purpose, whether immediate or future, of transfer of ownership or laying out any subdivision of any tract of land or any addition of the City, or for laying out suburban lots or building lots or any lots and streets, alleys, or parts or other portions intended for public use or the use of purchasers or owners of lots fronting thereupon or adjacent thereto. The term "subdivision" shall include replatting, resubdivision and, when in the context shall relate to the process of subdividing of the land or area. The term "resubdivision" shall mean the division of an existing subdivision, together with any change of lot size therein, or with the relocation of any street lines; however, it does not include the division of land for agricultural purposes in parcels or tracts of 5 acres or more and not involving any new street, alley or easement of access. A major subdivision is a subdivision consisting of more than one phase of development.

Surveyor shall mean a licensed state land surveyor or a registered professional land surveyor, as authorized by the Professional Land Surveying Practices Act (V.T.C.A., Occupations Code ch. 1071).

Tattoo/body piercing studio shall mean the workshop of a tattoo artist, and/or a facility where the piercing of body parts, other than ears, is performed for purposes of allowing the insertion of jewelry.

Theater--Indoor shall mean a building or part of a building devoted to the showing of motion pictures, or for dramatic, musical or live performances.

Theater--Outdoor (amphitheater) shall mean an outdoor area and associated structures devoted to the showing of motion pictures, or for dramatic, musical or live performances.

Townhouse shall have the meaning assigned in Sec. 62-1 of the Land and Site Development Ordinance.

Trade and commercial schools shall mean establishments, other than public or parochial schools, private primary or secondary schools, or colleges, offering training or instruction in a trade, art or occupation.

Trailer rental shall mean the display and offering for rent of trailers designed to be towed by light load vehicles.

Truck and bus repair shall mean an establishment providing major and minor automobile repair services to heavy load vehicles.

Truck parking lot shall mean area for parking heavy load vehicles.

Truck sales (heavy trucks) shall mean the display, sale or rental of new or used heavy load vehicles in operable condition.

Truck stop shall mean any building, land, area, or premises, or portion thereof used for the retail dispensing or sales of fuels, lubricants and accessories commonly utilized by heavy load vehicles, but not including those uses listed under major automobile repair, as applying to heavy load vehicles.

Utility distribution/transmission lines shall mean facilities which serve to distribute and transmit electrical power, gas and water, including but not limited to electrical transmission lines, gas transmission lines and metering stations.

Variance shall mean an adjustment in the application of the specific regulations of the Zoning Ordinance to a particular parcel of property which, because of special conditions or circumstances of hardship peculiar to the particular parcel, is necessary to prevent the property from being deprived of rights and privileges enjoyed by other parcels in the same vicinity and zoning district. Only the Zoning Board of Adjustment of the City can grant a variance.

Veterinary services shall mean an establishment, with or without outside pens or runs, where animals and pets are admitted for examination and medical treatment.

Vicinity map shall have the meaning assigned Sec. 62-1 of the Land and Site Development Ordinance.

Warehouse shall mean a building used primarily for the storage of goods and materials.

Wholesale operation shall mean a place of business primarily engaged in selling merchandise to retailers; to industrial, commercial, institutional, or professional business users; to other wholesalers; or acting agents or brokers and buying merchandise for, or selling merchandise to, such individuals or companies.

Wrecking yard shall mean the dismantling or wrecking of used motor vehicles or trailers, or the storage, sale, or dumping of dismantled or wrecked vehicles or their parts. The presence on any lot of 2 or more motor vehicles of any kind which are incapable of being operated due to condition or lack of license have been placed for the purpose of obtaining parts for recycling or resale.

Zero lot line dwelling. Same as "patio home."

Zoning district map shall mean the official map, labeled Exhibit "A", upon which the boundaries of the various zoning districts are drawn and which is an integral part of the Zoning Ordinance.

Zoning official shall mean the official or other designated authority charged with the administration and enforcement of the Zoning Ordinance.

130-4 Zoning district map.

The boundaries of zoning districts set out herein are delineated upon a zoning district map of the City, adopted as part of this chapter as fully as if the same were set forth herein in detail.

- (a) One original of the zoning district map shall be filed in the office of the City Secretary and labeled as Exhibit "A." This copy shall be the official zoning district map and shall bear the signature of the mayor and attestation of the City Secretary. This copy shall not be changed in any manner. In case of any question, this copy, together with any amending ordinances, shall be controlling.
- (b) The current zoning district map shall be placed in the office of the City Planner. The copy shall be used for reference and shall be maintained up-to-date by posting thereon all subsequent amendments and shall be identified as the official zoning map. Reproductions for informational purposes may be made of the official zoning district map.

130-5 Zoning district boundaries.

The zoning district boundary lines shown on the zoning district map are usually along streets, alleys, property lines, or extensions thereof. Where uncertainty exists as to the boundaries of districts as shown on the official zoning map, the following rules shall apply:

- (a) Boundaries indicated as approximately following the centerline of streets, highways, or alleys shall be construed to follow such centerline.
- (b) Boundaries indicated as approximately following platted lot lines shall be construed as following such lot lines.
- (c) Boundaries indicated as approximately following City limits shall be construed as following City limits.
- (d) Boundaries indicated as following railroad lines shall be construed to be midway between the right-of-way lines.
- (e) Boundaries indicated as following lake shorelines shall be construed to follow such shorelines and, in the event of change in the shoreline, shall be construed as moving with the actual shoreline. Boundaries indicated as approximately following the centerline of all bodies of water shall be construed to follow such centerline and, in the event of change in the centerline, shall be construed to move with such centerline.
- (f) Boundaries indicated as parallel to or extensions of features indicated in Sec. [130-5\(a\)](#) through Sec. [130-5\(e\)](#) shall be so construed. Distances not specifically indicated on the original zoning maps shall be determined by the scale of the map.
- (g) Whenever any street, alley, or other public way is vacated by official action of the City Council or whenever such area is franchised for building purposes, the zoning district line adjoining each side of such street, alley, or other public way shall be automatically extended to the centerline of such vacated street, alley, or way and all areas so involved shall then and henceforth be subject to all regulations of the extended districts.
- (h) The zoning classification applied to a tract of land adjacent to a street shall extend to the centerline of the street unless as a condition of zoning approval it is stated that the zoning classification shall not apply to the street.
- (i) Where physical features on the ground are at variance with information shown on the official zoning district map or when there arises a question as to how or whether a parcel of property is zoned and such question cannot be resolved by the application of Sec. [130-5\(a\)](#) through Sec. [130-5\(h\)](#), the property shall be considered as classified A-O, Agricultural-Open District, in the same manner as provided for newly annexed territory.

- (j) Permanent zoning changes made after the date of passage of the ordinance from which this chapter is derived are indicated in approximate locations on the zoning district map. For exact legal descriptions, refer to the adopting ordinance amendment for each particular permanent zoning change.

130-6 Compliance required.

All land, buildings, structures, or appurtenances located thereon within the City, which are hereafter occupied, used, erected, altered, removed, placed, demolished, or converted shall be occupied, used, erected, altered, removed, placed, demolished, or converted in conformance with the zoning regulations prescribed for the zoning district in which such land or building is located as hereinafter provided or be subject to penalties as stated in Sec. ~~130-45~~.

130-7 Zoning upon annexation.

Any territory hereafter annexed to the City and brought within its corporate limits shall be assigned a zoning classification upon annexation appropriate to its existing use in accordance with the procedures required by state law and this chapter, or shall be governed by the following regulations pending establishment of permanent zoning on such territory. In the event that these temporary regulations become applicable and no requests for permanent zoning classification have been made by the property owners within one year of the date of annexation, the Planning and Zoning Commission shall initiate a request for permanent classification, using the procedures established in this chapter. The following regulations are applicable to all property not assigned a permanent zoning classification at the time of annexation:

- (a) No person shall erect, construct, proceed, or continue with the erection or construction of any building or structure, or cause the same to be done in any newly annexed territory to the City without first applying for and obtaining a building permit or certificate of occupancy from the Chief Building Official.
- (b) No permit for the construction of a building or use of land shall be issued by the Chief Building Official other than a permit which will allow the construction of a building or use permitted in the A-O, Agricultural-Open District, unless and until such territory has been classified in a zoning district other than the A-O District by the City Council in the manner prescribed by this chapter.

Article II. Zoning Districts

130-8 Zoning districts established.

- (a) The City is hereby divided into the following zoning districts. The use, height, and area regulations as set out herein apply to each district. The districts established herein shall be known as:

- (b) **Definitions and terms.**

Certain words and terms used throughout this chapter are defined in Sec. [130-3](#).

130-9 A-O, Agricultural-Open District.

(a) General purpose and description.

This district is intended to provide a location for principally undeveloped or vacant land situated on the fringe of an urban area and used primarily for agricultural purposes, but may become an urban area in the future. Generally, the A-O, Agricultural-Open District, will be near development, therefore the agricultural activities conducted in the A-O District, should not be detrimental to urban land uses. The types of uses, area, and intensity of uses permitted in this district encourage and protect agricultural uses until urbanization is warranted and the appropriate change in district classification is made. The A-O District is also intended to protect areas that may be unsuitable for development because of physical problems, lack of infrastructure, space constraints, or potential health or safety hazards such as flooding, as well as providing for preservation of natural open space areas.

(b) Permitted uses.

(g) Special requirements.

- (1) No temporary structures, such as recreational vehicles, travel trailers, construction trailers, or mobile homes may be used for on-site dwelling purposes.
- (2) Outdoor storage is prohibited (except for materials for the resident's personal use or consumption, i.e. firewood, gardening materials, etc.)
- (3) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of the nonresidential and multifamily development in [Article III](#) of Chapter 62, before activity on the property may resume. Detached dwellings, patio homes, townhouses, and duplexes are exempt from this provision.
- (4) Patio home, townhouse and duplex dwellings permitted conditionally in this district are subject to the supplemental regulations Sec. 62-167, Sec. 62-168 and Sec. 62-169, respectively.
- (5) Professional offices, permitted conditionally in this district shall have one driveway. The minimum dimensions shall be 37 feet long by 18 feet wide so as to accommodate 4 vehicles on the site.
- (6) Professional offices, conditionally permitted in this district shall have a minimum of 8 % of the site landscaped.

130-11 RD-5, Residential District - 5000.

(a) General purpose and description.

The Residential District - 5000, is intended to provide for development of detached dwelling units on lots of not less than 5,000 square feet. Other uses, such as religious and educational facilities, and open spaces are provided to maintain a balanced, orderly, convenient, and attractive residential area. Certain uses, such as duplexes, may be permitted if used in a compatible manner with areas.

(b) Permitted uses.

Any use permitted in RD-7.

(c) Conditional uses.

Any conditional use allowed in the RD-7 District with the addition of:

- Halfway house.

(d) Lot area, height, and setback requirements.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(e) Parking regulations.

- (3) Patio homes shall be permitted only on lots specified for such a use in an approved plat (see Sec. 62-167 for criteria). Townhouse and duplex dwellings permitted conditionally in this district are subject to the supplemental regulations of Sec. 62-168 and Sec. 62-169, respectively.
- (4) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of nonresidential and multifamily development in [Article III](#) of Chapter 62 before activity on the property may resume. Detached dwellings, patio homes, townhouses, and duplexes are exempt from this provision.

130-12 MF, Multiple-Family Residential District.

(a) General purpose and description.

The MF, Multiple-Family Residential District, is a residential district intended to provide the highest residential density of a maximum of 25 dwelling units per acre. The principal permitted land uses will include low-rise multifamily dwellings, garden apartments, condominiums, duplexes, and townhouses. Recreational, religious, health and educational uses normally located to service residential areas are also permitted in this district. This district should be located adjacent to an arterial or collector, as shown on the Major Thoroughfare Plan, and serve as a buffer between retail/commercial development or heavy automobile traffic, and medium or low density residential development.

(b) Permitted uses.

Any use permitted in the RD-5 District with the addition of:

- Boardinghouse (lodging house);
- Child care--Class B
- Common Open Space, Community Center, Recreational Building, and other facilities or amenities, provided they are intended for use by the residents of the multifamily development;

(e) Lot area and setback requirements.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(f) Parking regulations.

See access and off-street parking in [Article VI](#) of Chapter 62.

(g) Other regulations.

- (1) As established by all other applicable sections and/or ordinances.
- (2) Wireless telecommunication facilities shall be allowed only as provided for in Sec. [130-35](#).

(h) Special district requirements.

- (1) Single-family units constructed in this district shall conform to RD-5 District standards.
- (2) No temporary structures, such as travel trailers, recreational vehicles, construction trailers, or mobile homes may be used for on-site dwelling purposes.
- (3) Outdoor storage is prohibited.
- (4) A paved walkway shall connect the front door of each ground floor unit in a multifamily development to a parking area.
- (5) See Sec. 62-167, Sec. 62-168 and Sec. 62-169 for patio home, townhouse, and duplex development criteria.
- (6) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of nonresidential and multifamily development in [Article III](#) of Chapter 62 before activity on the property may resume. Single-family dwellings, patio homes, townhouses, and duplexes are exempt from this provision.

130-13 C-1, Office District.

(a) General purpose and description.

The C-1, Office District is established to create a flexible district for low intensity office and professional uses generally in smaller buildings. Some light intensity retail uses are also permitted. Permitted uses should be compatible with adjacent residential areas by limiting heights to 2 stories and utilizing buffers and landscape materials. Adaptive reuse of existing structures is encouraged. Sites zoned office may be built over 2 stories, subject to certain restrictions, if located such that they will not adversely impact any properties zoned or used for a single-family use. Buildings and structures in this district should strive for architectural compatibility.

(b) Permitted uses.

- Accessory or incidental uses to the main use (snack or food bars, automatic teller machines, etc.);
- Accessory structure (See Sec. [130-34\(a\)](#));
- Assisted Living Facilities;
- Banks, savings and loans or credit union offices;
- Charitable uses
- Child care--Class B;
- Child care--Class C;
- Essential municipal uses;

(d) Height regulations.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(e) Lot area and setback requirements.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(f) Parking regulations.

See access and off-street parking in [Article VI](#) of Chapter 62.

(g) Other regulations.

- (1) As established by all other applicable sections and/or ordinances.
- (2) Outdoor storage and display is prohibited, except as may be provided for in Sec. [130-34\(m\)](#).
- (3) Establishments selling alcoholic beverages shall not be located within 300 feet of a public school, church, or a public hospital. The distance shall be measured as specified in the City Code.
- (4) Single-family detached dwellings permitted in this district shall conform to standards as specified in the RD-5 District.
- (5) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of nonresidential and multifamily development in [Article III](#) of Chapter 62 before activity on the property may resume. Single-family dwellings, patio homes, townhouses, and duplexes are exempt from this provision.
- (6) No temporary structures, such as recreational vehicles, travel trailers, construction trailers, or mobile homes may be used for on-site dwelling purposes.
- (7) Patio home, townhouse, and duplex dwellings permitted conditionally in this district are subject to the supplemental regulations of Sec. 62-167, Sec. 62-168 and Sec. 62-169, respectively.
- (8) Wireless telecommunication facilities shall be allowed only as provided for in Sec. [130-35](#).

130-14 C-2, Retail District.

(a) General purpose and description.

The C-2, Retail District is established to provide locations for various types of general retail trade, business and service uses. The district allows shopping areas or uses which are generally compatible near or adjacent to, but not usually directly in, residential neighborhoods. These shopping areas should utilize established landscape and buffering requirements and generally be limited to 2 stories in height. The C-2 District should be located along or at the intersection of major collectors or arterials to accommodate higher traffic volumes. Under certain conditions, high-rise offices may be permitted if proper buffering and transition treatment is provided from residential districts.

(b) Permitted uses.

Any permitted use in the C-1 District with the addition of:

- Automobile service station;
- Bed and breakfast;
- Boardinghouse (lodging house);
- Business or trade school;
- Commercial amusement (indoor);
- Dance studio;
- Fitness center;

130-24 HP, Historic Preservation Overlay District.

(a) General purpose and description.

The City Council of Bryan, Texas hereby declares that as a matter of public policy the preservation, protection, enhancement, and perpetuation of properties of historic and cultural importance and significance are necessary to promote the economic, cultural, educational, and general welfare of the public. It is recognized that the City of Bryan represents the unique confluence of time and place that shaped the identity of generations of citizens, collectively and individually, and produced significant historic, architectural, and cultural resources that constitute their heritage. This section is intended to:

- (1) preserve, protect and enhance the properties which represent distinctive elements of Bryan's historic, architectural, and cultural heritage;
- (2) foster civic pride in the accomplishments of the past;
- (3) preserve, protect and enhance Bryan's attractiveness to visitors and the support and stimulus to the economy thereby provided;
- (4) insure the harmonious, orderly, and efficient growth and development of the City;
- (5) promote economic prosperity and welfare of the community;
- (6) encourage stabilization, restoration, and improvements of such properties and their values.

(b) Criteria for Designation of Historic Preservation Overlay District

A historic preservation overlay district may be designated if it meets any of the following criteria:

- (1) Possesses significance in history, architecture, archeology, or culture.
- (2) Embodies the distinctive characteristics of a type, period, or method of construction.
- (3) Represents the work of a master designer, builder, or craftsman.
- (4) Represents an established and familiar visual feature of the City.
- (5) Meets the criteria established by the National Register of Historic Places.
- (6) Exemplification of the cultural, economic, social, ethnic or historical heritage of the City, state or nation;
- (7) Location as the site of a significant historical event; and
- (8) Identification with a person or persons who significantly contributed to the culture and development of the City, state or nation.

(c) Designation of Historic Preservation Overlay District

- (1) These provisions pertain to the designation of historic property/properties by creating the Historic Preservation Overlay District, a part of this Zoning Ordinance.
- (2) Eligible applicants are:
 - a. Property owner or 60% of property owners in a proposed district consisting of more than one property (1 vote per property);
 - b. Historic Landmark Commission, Planning and Zoning Commission, or City Council.

- c. Historic Preservation Officer
- (3) Applications to increase, decrease or establish boundaries of a historic preservation overlay district must include:
 - a. A legal description of the boundaries of the district;
 - b. A photograph or photographs of each contributing building, structure, site, area or land.
 - c. A description of all buildings, structure, site, area or land showing the condition, color, and architectural style of each and:
 1. Date of construction, if known;
 2. Builder or architect, if known;
 3. Chain of uses and ownership;
 4. Building materials;
 5. Construction technique;
 6. Summary of recognition of state or national government including reason designated, if applicable.
 - d. A statement of reasons for recommending designation or changes to the district, including a list of contributing buildings, structures, sites, areas or lands of importance and a description of the particular importance of each contributing building, structure, site, area or land.
 - e. Findings supporting establishment of or change to the district according to the criteria in this section and indicating the particular importance or value of the district;
 - f. Signature of applicant. Eligible applicants are: property owner [or 60% of owners (1 vote per property) in a proposed district of more than 1 property]; Historic Landmark Commission (as established in Chapter 2); or Historic Preservation Officer.
- (4) The Historic Landmark Commission shall conduct a public hearing on the proposed historic preservation overlay district. At the Historic Landmark Commission's public hearing, owners, interested parties, and technical experts may present testimony or documentary evidence which will become part of a record regarding the historic, architectural, or cultural importance of the proposed historic preservation overlay district. The Historic Landmark Commission shall prepare a recommendation on the proposed change stating its findings, and evaluation within 45 days subsequent to the hearing on the proposed designation.
- (5) Upon recommendation of the Historic Landmark Commission, the proposed historic preservation overlay district shall be submitted to the Planning and Zoning Commission within 45 days from the date of the Historic Landmark Commission's recommendation. After a recommendation by the Historic Landmark Commission, all proposed historic preservation overlay districts shall follow procedures set forth in Sec. ~~130-42~~.
- (6) Upon designation of a historic preservation overlay district, the City Council shall cause the designation to be recorded in the official zoning maps of the City of Bryan.

(d) Certificate of Appropriateness affecting Historic Preservation Overlay Districts.

Construction, reconstruction, alteration, restoration, rehabilitation, relocation, demolition, or any change visible from a public right-of-way of any historic property within a Historic Preservation Overlay District shall not occur without prior approval of a Certificate of Appropriateness from the Historic Landmark Commission. The Building Official, Historic Preservation Officer, or his/her designee shall not issue a building permit without a Certificate of Appropriateness having been granted.

(e) Criteria for approval of a certificate of appropriateness.

In considering an application for a Certificate of Appropriateness, the Historic Landmark Commission shall be guided by any adopted design guidelines, and where applicable, the following from The Secretary of the Interior's Standards for Rehabilitation of Historic Buildings. Any adopted design guidelines and Secretary of the Interior's Standards shall be on file within the Planning and Development Services Department and made available to the public.

- (1) Every reasonable effort shall be made to adapt the property in a manner which requires minimal alteration of the building, structure, object, or site and its environment.
- (2) The distinguishing original qualities or character of a building, structure, object, or site and its environment shall not be destroyed. The removal or alteration of any historic material or distinctive architectural features should be avoided when possible.
- (3) All buildings, structures, objects, and sites shall be recognized as products of their own time. Alterations that have no historical basis and which seek to create an earlier appearance shall be discouraged.
- (4) Changes which may have taken place in the course of time are evidence of the history and development of a building, structure, object, or site and its environment. These changes may have acquired significance in their own right, and this significance shall be recognized and respected.
- (5) Distinctive stylistic features or examples of skilled craftsmanship which characterize a building, structure, object, or site shall be kept when possible.
- (6) Deteriorated architectural features shall be repaired rather than replaced, wherever possible. In the event replacement is necessary, the new material should reflect the material being replaced in composition, design, color, texture, and other visual qualities. Repair or replacement of missing architectural features should be based on accurate duplications of features, substantiated by historical, physical, or pictorial evidence rather than on conjectural designs or the availability of different architectural elements from other buildings or structures.
- (7) The surface cleaning of structures shall be undertaken with the gentlest means possible. Sandblasting and other cleaning methods that will damage historic building materials shall not be undertaken.
- (8) Every reasonable effort shall be made to protect and preserve archeological resources affected by, or adjacent to, any project.
- (9) Contemporary design for alterations and additions to existing properties shall not be discouraged when such alterations and additions do not destroy significant historical, architectural, or cultural material, and such design is compatible with the size, scale, color, material, and character of the property, neighborhood, or environment.

(10) Whenever possible, new additions or alterations to buildings, structures, objects, or sites shall be done in such a manner that if such additions or alterations were to be removed in the future, the essential form and integrity of the building, structure, object, or site would be unimpaired.

(11) Any design guidelines adopted by the Historic Landmark Commission or City Council.

(f) Certificate of Appropriateness Application Procedure

(1) Prior to the commencement of any work in the Historic Preservation Overlay District requiring a Certificate of Appropriateness the owner shall file an application for such a certificate with the Historic Landmark Commission. The application shall contain:

- a. Name, address, telephone number of applicant.
- b. Detailed description of proposed work.
- c. Location and photograph of the property, including historic photographs, if available.
- d. Elevation drawings of the proposed changes, if applicable.
- e. Samples of materials to be used.
- f. If the proposal includes signs or lettering, a scale drawing showing the type of lettering to be used, all dimensions and colors, a description of materials to be used, method of illumination (if any), and a plan showing the sign's location on the property.

(2) Building permits shall not be issued for such proposed work until a Certificate of Appropriateness has first been issued by the Historic Landmark Commission. The Certificate of Appropriateness required by this act shall be in addition to and not in lieu of any building permit that may be required by any other ordinance of the City of Bryan.

(3) The Historic Landmark Commission shall review the application during a public meeting within 45 days from the date the application is received. The Historic Landmark Commission shall act upon the Certificate of Appropriateness within 45 days after the meeting. In the event the Historic Landmark Commission does not act within 90 days of the receipt of the application, a Certificate of Appropriateness shall be deemed granted. The Historic Landmark Commission's decision is limited to approve, approve with modifications; suspension of action for a specified time or deny.

(4) All decisions of the Historic Landmark Commission shall be in writing and shall state its findings pertaining to the application. A copy shall be sent to the applicant. Additional copies shall be filed as part of the public record on the subject property.

(5) An applicant for a Certificate of Appropriateness may appeal the decision of the Historic Landmark Commission to the City Council within 10 days after such action.

(6) Certificate of Appropriateness' are valid for a period of one year. Any work not completed within a one year period shall require a new Certificate of Appropriateness to be issued by the Historic Landmark Commission.

(g) Economic Hardship Application Procedure

(1) After receiving written notification from the Historic Landmark Commission of the denial of Certificate of Appropriateness, an applicant may commence the hardship process to obtain necessary building or demolition permits. No building permit or demolition permit shall be

issued unless the Historic Landmark Commission makes a finding that hardship exists. When a claim of economic hardship is made due to the effect of this Ordinance, the owner must demonstrate to the Historic Landmark Commission that:

- a. the property is incapable of earning a reasonable return, regardless of whether that return represents the most profitable return possible;
 - b. the property cannot be adapted for any other use, whether by the current owner or by a purchaser, which would result in a reasonable return; and
 - c. efforts to find a purchaser interested in acquiring the property and preserving it have failed.
- (2) The applicant shall consult with the Historic Landmark Commission, local preservation groups and interested parties in a diligent effort to seek an alternative that will result in preservation of the property. Such efforts must be shown to the Historic Landmark Commission.
- (3) The Historic Landmark Commission shall hold a public hearing on the application within 60 days from the date the application is received by the Building Official, Historic Preservation Officer, or his/her designee. Following the hearing, the Commission has 30 days in which to prepare a written recommendation to the Building Official, Historic Preservation Officer, or his/her designee. In the event that the Historic Landmark Commission does not act within ninety (90) days of the receipt of the application, a permit may be granted.
- (4) All decisions of the Historic Landmark Commission shall be in writing. A copy shall be sent to the applicant by mail and a copy filed with the City for public inspection. The Historic Landmark Commission's decision shall state the reasons for granting or denying the hardship application.
- (5) Hardships shall not be granted if they are a result of the owner's actions.

(h) Ordinary Maintenance in a Historic Preservation Overlay District

Nothing in this ordinance shall be construed to prevent the ordinary maintenance, in-kind replacement, and repair of any exterior architectural feature of a property within a Historic Preservation Overlay District which does not involve a change in design, material, or outward appearance. When the Building Official, Historic Preservation Officer, or his/her designee determines work has progressed beyond ordinary maintenance, the Commission shall review a request for a Certificate of Appropriateness.

(i) Demolition by Neglect

Owners or persons with an interest in real property included within a Historic Preservation Overlay District shall not permit the property to fall into a serious state of disrepair so as to result in the deterioration of any exterior feature which would produce a detrimental effect upon the character of the Historic Preservation Overlay District as a whole or the life and character of the property itself. Examples of such deterioration may include, but shall not be limited to:

- (1) Deterioration of exterior walls or other vertical supports.
- (2) Deterioration of roof or other horizontal members.
- (3) Deterioration of exterior chimneys.

- (4) Deterioration or crumbling of exterior stucco or mortar.
 - (5) Ineffective waterproofing of exterior walls, roof, or foundations, including broken windows or doors.
 - (6) Deterioration of exterior architectural features.
 - (7) Deterioration of any feature so as to create a hazardous condition which could lead to the claim that demolition is necessary for the public safety.
- (j) **Sign Regulations**
See Chapter 98.

130-25 PD, Planned Development District.

(a) General description and purpose.

The PD, Planned Development District accommodates planned associations of uses developed as integral land use units such as industrial districts, offices, commercial or service centers, shopping centers, residential developments of multifamily or mixed housing including attached single-family dwellings or any appropriate combination of uses which may be planned, developed or operated as integral land use units either by a single owner or a combination of owners. A PD District may be used to permit new or innovative concepts in land utilization not permitted by other zoning districts in this chapter. While greater flexibility is given to allow special conditions or restrictions which would not otherwise allow the development to occur, procedures are established herein to ensure against misuse of increased flexibility.

(b) Permitted uses.

Any use or combination of uses authorized by the Planning and Zoning Commission and the City Council is permitted in a PD District if the use is consistent with the following categories:

- (1) *Planned Development-Housing (PD-H)*. Any use permitted in the RD-7, RD-5, and MF Districts are permitted in a PD-H development.
- (2) *Planned Development-Business (PD-B)*. Any use permitted in the C-1, C-2, and C-3 Districts are permitted in a PD-B development, excluding residential uses.
- (3) *Planned Development-Industrial (PD-I)*. Any use permitted in the I District is permitted in a PD-I development, excluding adult entertainment.
- (4) *Planned Development-Mixed Use (PD-M)*. Any use permitted in the RD-7, RD-5, MF, C-1, C-2, C-3, and I Districts is permitted in a PD-M development, excluding adult entertainment.

(c) Planned development requirements.

- (1) Requests for a PD designation shall be processed as a rezoning request and shall follow the procedures stated in Sec. [130-42](#) unless otherwise specified in this section. A development plan for the proposed planned development shall be required that shows the location of the planned development and the relationship of the various land uses included in the development. The form and content of the development plan shall be in accordance with the provisions of the Subdivision Ordinance regarding development plans. Development requirements for each separate PD District shall be included as a part of the development plan for each PD District and shall include, but may not be limited to: uses, density, lot area, lot width, lot depth, yard depths and widths, building height, building elevations, coverage, floor area ratio, parking, access, screening, landscaping, accessory buildings, signs, lighting, project phasing or scheduling, management associations, and other requirements as the City Council and the Planning and Zoning Commission may deem appropriate. The preparation of preliminary and final plats for the development shall be prepared in accordance with the provisions of the Subdivision Ordinance and with any modifications approved by the Planning and Zoning Commission on the development plan.
- (2) The PD District shall be designated as a zoning district on the zoning map.
- (3) The ordinance granting a PD District shall include a statement as to the purpose and intent of the planned development granted therein.

(4) Development criteria.

- a. Each proposed development shall be reviewed to determine the compatibility of the development with surrounding land uses. Open space buffers shall be required to separate land uses within the planned development from land uses adjacent to the planned development unless it is determined by the Planning and Zoning Commission that no incompatibility exists between the land uses. No structure, parking lot, equipment pad, or other manmade construction not approved by the City shall be placed in an open space buffer. The size and location of these buffers shall be determined by the Planning and Zoning Commission upon review of the development plan for the proposed development. The minimum size of an open space buffer shall be 25 feet measured from the exterior property line. Landscaping may be required within the buffer based on the location of existing development, the type of development, topography, or other criteria established by the Planning and Zoning Commission.
- b. Where structures within the planned development that exceed 35 feet in height are proposed to be erected on lots adjacent to RD-7, RD-5, MU-1, or A-O Districts, such structures shall be located one foot from the boundary of the open space buffer described in Sec. ~~130-25(c)(4)a~~ for each 2 feet of height over 35 feet.
- c. Planned developments designated as PD-B, PD-I, or PD-M shall have frontage along and access to a major arterial street on at least one side of the proposed development. Access through a residential area to a PD-B, PD-I, or PD-M via a local street is prohibited.
- d. The Planning and Zoning Commission or the City Council shall not approve a planned development if it finds that the proposed planned development:
- e. Does not conform with applicable regulations and standards established by this chapter:
 1. Is not compatible with existing or permitted uses on abutting sites, in terms of use, building height, bulk and scale, setbacks and open spaces, landscaping, drainage, or access and circulation features, within the standards established by this section;
 2. Potentially creates unfavorable effects or impacts on other existing or permitted uses on abutting sites that cannot be mitigated by the provisions of this section;
 3. Adversely affects the safety and convenience of vehicular and pedestrian circulation in the vicinity, including traffic reasonably expected to be generated by the proposed use and other uses reasonably anticipated in the area considering existing zoning and land uses in the area;
 4. Fails to reasonably protect persons and property from erosion, flood or water damage, fire, noise, glare, and similar hazards or impacts;
 5. Adversely affects traffic control or adjacent properties by inappropriate location, lighting, or types of signs; or
 6. Will be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity, for reasons specifically articulated by the commission.

- (5) Unless otherwise specified in the approved development plan the minimum requirements for each development shall be those stated in the Subdivision Ordinance (Chapter 110) and the requirements of the most restrictive standard zoning district in which designated uses are permitted. There are no maximum height restrictions for planned developments except those noted in Sec. ~~130-25(c)~~. The maximum housing density permitted in any planned development shall be no more than 50 dwelling units per acre.
 - (6) The granting of a PD designation shall not relieve the developer from responsibility for complying with all other applicable codes and ordinances of the City unless such relief is specified in the approved development plan.
 - (7) An owners association will be required if other satisfactory arrangements have not been made for providing, operating, and maintaining common facilities including streets, drives, service and parking areas, common open spaces, and common recreational areas at the time the development plan is submitted. If an owners association is required, the articles of incorporation of an owners association shall be reviewed by the City to assure compliance with the provisions of this chapter.
- (d) Zoning district map.**
All PD Districts approved in accordance with the provisions of this chapter in its original form, or by subsequent amendments thereto, shall be referenced on the zoning district map, and a list of such PD Districts, together with the category of uses permitted therein, shall be kept on file in the office of the City Secretary or his or her designee.

130-26 West Villa Maria, FM 2818, and FM 158 Corridor Overlay Districts.

(a) General purpose and description.

This district is limited to specified areas encompassing land that has already been assigned conventional zoning district classifications. It supplements the standards of the underlying conventional districts with new or different standards, which may be more restrictive. The intent is to exercise greater control over the aesthetic and functional characteristics of development along major thoroughfares, which serve as major entrances to the community where higher development standards can effectively enhance the City's image as a desirable place to live, work, and shop.

(b) District boundaries.

The corridor overlay standards apply to the future development and use of all land within 200 feet or the depth of the abutting lot, whichever is less, on either side of the street right-of-way along the following specified thoroughfare segments.

- (1) West Villa Maria Road from Finfeather Road to SH 47.
- (2) FM 2818 (southwest side only) from Villa Maria Road southeastward to the City limits.
- (3) FM 158 from 200 feet west of the intersection of Villa Maria Road to the City limits at Cole Lane.

Note: The depth of the corridor is 200 feet or the depth of the abutting lot, whichever is less.

(c) Screening and general appearance standards.

(1) Building materials.

At least 75% of any exterior wall shall be covered by masonry, vinyl/wood siding, glass, or other nonmetallic material, as prescribed by the table below.

(2) Utility equipment.

All heating, ventilation, air-conditioning, and utility equipment located outside of buildings shall be effectively screened from view from any street abutting the property with dense shrubbery having year-round foliage, decorative wall, fence, or architectural element of the building.

(3) Vehicle loading.

Vehicle loading and unloading areas shall be screened from view from any street abutting the property by a fence, wall, or architectural element of the building at least 6 feet in height above the surface of the loading area or dock, as prescribed by the table below.

(4) Solid waste

Solid waste containers that are subject to current screening requirements shall be located such that the enclosure blocks the view of the container from any street abutting the property.

(5) Screening.

A decorative wall or landscaped earth berm at least 3 feet in height, or dense shrubbery having year-round foliage at least 4 feet in height, is required as a visual buffer along street frontages in the following circumstances.

- a. Where outdoor parking areas are located within 50 feet of a certain distance from any street right-of-way, except for driveway openings providing access from the street to the parking area.
- b. Where fuel pumps are located in any parking area, driveway, or maneuvering area between the principal building and any street.
- c. Where a vehicle drive-up window faces a street.

(6) Underground utilities.

All electric, telephone, and cable TV wires shall be buried underground from the property line to all structures being served on private or public property.

(7) Screening fences.

All screening fences, whether required or not, that are visible from a street shall be constructed of brick, stone, concrete panels, or a combination of these materials and solid wood (not including plywood or particleboard), with the wood section of fence not exceed 20 feet in length. Chainlink fences and corrugated metal or fiberglass panels are prohibited in all locations.

(8) Perimeter fence materials.

Where fencing is to be located along the boundary of a subdivision abutting the corridor overlay district, the style and materials used for all portions of the fence facing the corridor or any street within the boundaries of the corridor, shall be of uniform construction across all lots so situated in the same subdivision.

130-28 SC, South College Corridor Overlay District.

(a) General purpose and description.

This overlay district is limited to specified areas encompassing land that has already been assigned conventional zoning district classifications. It supplements the standards of the underlying conventional districts with new or different standards, which may be more restrictive. The intent is to exercise greater control over the aesthetic and functional characteristics of development along major thoroughfares, which serve as major entrances to the community where higher development standards can effectively enhance the City's image as a desirable place to live, work, and shop.

(b) District boundaries.

The corridor overlay standards apply to the future development and use of all land within the South College Corridor. This corridor includes all land within the SC-B, South College - Business and SC-R, South College - Residential Districts found on the official zoning district map. Within 200 feet or the depth of the abutting lot, whichever is less.

(c) Screening and general appearance standards.

(1) Building materials.

100% of any exterior wall shall be covered by masonry, vinyl/wood siding, glass, or other nonmetallic material, as prescribed by the table below.

(2) Utility equipment.

All heating, ventilation, air-conditioning, and utility equipment located outside of buildings shall be effectively screened from view from any street abutting the property with dense shrubbery having year-round foliage, decorative wall, fence, or architectural element of the building.

(3) Vehicle loading.

Vehicle loading and unloading areas shall be screened from view from any street abutting the property by a fence, wall, or architectural element of the building at least 6 feet in height above the surface of the loading area or dock, as prescribed by the table below.

(4) Solid waste.

Solid waste containers that are subject to current screening requirements shall be located such that the enclosure blocks the view of the container from any street abutting the property.

(5) Screening.

A decorative wall or landscaped earth berm at least 3 feet in height, or dense shrubbery having year round foliage at least 4 feet in height, is required as a visual buffer along street frontages in the following circumstances.

- a. Where outdoor parking areas are located within 50 feet of any street right-of-way, except for driveway openings providing access from the street to the parking area.
- b. Where fuel pumps are located in any parking area, driveway, or maneuvering area between the principal building and any street.
- c. Where a vehicle drive-up window faces a street.

(6) Underground utilities.

All electric, telephone, and cable TV wires shall be buried underground from the property line to all structures being served on private or public property.

(7) Screening fences.

All screening fences, whether required or not, that are visible from a street shall be constructed of brick, stone, concrete panels, or a combination of these materials and solid wood (not including plywood or particleboard), with the wood section of fence not to exceed 20 feet in length. Chainlink fences and corrugated metal or fiberglass panels are prohibited in all locations.

(8) Perimeter fence materials.

Where fencing is to be located along the boundary of a subdivision abutting the corridor overlay district, the style and materials used for all portions of the fence facing the corridor or any street within the boundaries of the corridor, shall be of uniform construction across all lots so situated in the same subdivision.

Standard	South College
Building materials	100%% nonmetallic
Utility equipment	Screened
Vehicle loading	Screened by an architectural element of at least 6 feet in height

130-29 MU-1, Mixed Use Residential District.

(a) General purpose and description.

The MU-1, Mixed Use Residential District is a special and unique zoning district, which will be appropriate to smaller lots in relatively few areas of the City. The district is intended as an interim zoning classification to aid in transition of certain areas of the City to a permanent zoning district classification in the future. The uses in the MU-1 District are envisioned to be primarily single-family detached dwellings. Due to the age, previous platting, and subdivision patterns, and location of these areas, they contain a variety of residential types and uses. This district allows mobile homes and manufactured homes on individual lots and certain other dwelling types. Most of the areas zoned for MU-1 already have a high percentage of mixed residential uses. The use of this district is limited predominantly to areas platted and containing a variety of residential uses.

(b) Permitted uses.

All uses permitted in a RD-5 District with the addition of:

- Manufactured Homes on Individual Lots.

(c) Conditional uses.

Any conditional use allowed in a RD-5 District with the addition of:

- Manufactured housing land lease communities.

(d) Lot area, height, and setback requirements.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(e) Parking regulations.

See access and off-street parking in [Article VI](#) of Chapter 62.

(f) Other regulations.

- (1) As established by all other applicable sections and/or ordinances.
- (2) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of nonresidential and multifamily development in [Article III](#) of Chapter 62 before activity on the property may resume. Single-family dwellings, patio homes, townhouses, and duplexes are exempt from this provision.
- (3) Wireless telecommunication facilities shall be allowed only as provided for in Sec. [130-35](#).

(g) Special requirements.

- (1) All mobile/manufactured homes shall be placed, tied down, and secured according to the standards set forth by the Chief Building Official.
- (2) Mobile homes in licensed mobile home parks shall comply with all applicable requirements of Chapter 74.
- (3) All mobile/manufactured homes shall be skirted with suitable weatherized material.
- (4) Outdoor storage is prohibited (except for materials for the single-family resident's personal use or consumption, e.g., firewood, gardening materials, etc.).

- (5) Residential dwelling permitted in this district shall conform to standards as specified in the RD-5 District.
- (6) No temporary structures, such as recreational vehicles, travel trailers, or construction trailer (excluding mobile homes) may be used for on-site dwelling purposes.
- (7) Patio homes shall be permitted only on lots specified for such a use in an approved plat (see Sec. 62-167, for criteria). Townhouse and duplex dwellings permitted conditionally are subject to the supplemental regulations of Sec. 62-168 and Sec. 62-169, respectively.

130-30 MU-2, Mixed Use District.

(a) General purpose and description.

The MU-2, Mixed Use District is a mixed land use area which was primarily a residential area at one time but has evolved into an area which has numerous nonresidential uses. The district is intended as an interim zoning classification to aid in transition of certain areas of the City to a permanent zoning district classification in the future. Many of the nonresidential uses which now exist are in structures which were at one time used for residential purposes. It is the intent of this district to allow certain uses which are compatible with existing land uses.

(b) Permitted uses.

(d) Lot area, height, and setback requirements.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(e) Parking regulations.

See access and off-street parking in [Article VI](#) of Chapter 62.

(f) Other regulations.

- (1) As established by all other applicable sections and/or ordinances.
- (2) Establishments selling alcoholic beverages shall not be located within 300 feet of a public school, church, or a public hospital. The distance shall be measured as specified in the City Code.
- (3) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of nonresidential and multifamily development in [Article III](#) of Chapter 62 before activity on the property may resume. Single-family dwellings, patio homes, townhouses, and duplexes are exempt from this provision.
- (4) Single-family units constructed in this district shall conform to RD-5 District standards.

(5) Patio home townhouse and duplex dwellings permitted in this district are subject to the supplemental regulations of Sec. 62-167, Sec. 62-168 and Sec. 62-169, respectively.

(6) Wireless telecommunication facilities shall be allowed only as provided for in Sec. [130-35](#).

(g) Special requirements.

(1) No temporary structures, such as recreational vehicles, travel trailers, construction trailers, or mobile homes, may be used for on-site dwelling purposes.

(2) Outdoor storage and display is prohibited, except for materials for the single-family resident's personal use or consumption, e.g., firewood, gardening materials, etc. or as may be provided for in Sec. [130-34\(m\)](#).

130-31 R-NC Residential-Neighborhood Conservation.

(a) General purpose and description.

The R-NC, Residential-Neighborhood Conservation District, is intended to be composed of detached dwelling units on lots of not less than 5,000 square feet. Dwellings are designed primarily for residential use and do not easily lend themselves to other types of nonresidential uses or rental property. Other uses may be permitted in this district which are compatible to residential uses and occupy structures designed for their intended use and do not infringe upon the residential uses.

(b) Permitted uses.

- Accessory structures;
- Detached dwelling units w/ no more than 2 unrelated people;

- Schools;
- Temporary structures for uses incidental to construction work on the premises, which said buildings shall be removed upon the completion or abandonment of construction work.

(c) Conditional uses.

- Accessory dwelling unit;
- Accessory structure if greater than the standards set forth in Sec. [130-34\(a\)](#);
- Bed and breakfast;
- Boarding (lodging) house;
- Child care--Class B;
- Community center/recreation center;
- Country club or golf course;
- Detached dwelling units w/ no more than 4 unrelated people;
- Duplex;
- Funeral home/mortuary;
- Municipal services support facilities;
- Neighborhood services;
- Nursing home (retirement home);
- Patio home (zero lot line dwelling);
- Police station;
- Professional offices (In the Eastside Historic District, the building must also be used as a primary dwelling by the owner, managing partner or majority shareholder of the business occupying the building);
- Townhouses;

(d) Lot area, height, and setback requirements.

See building setbacks and lot standards in [Article IV](#) of Chapter 62.

(e) Parking regulations.

See access and off-street parking in [Article VI](#) of Chapter 62.

(f) Other regulations.

- (1) As established by all other applicable sections and/or ordinances.
- (2) Wireless telecommunication facilities shall be allowed only as provided for in Sec. [130-35](#).
- (3) Foster children residing in licensed foster care homes shall not be included in the calculation of the number of unrelated individuals living together in a single dwelling unit. Licensed foster care homes shall comply with any state mandated restrictions on the number of children permitted to reside in the dwelling unit.
- (4) Any dwelling unit permitted in this zoning district may have a second family comprised entirely of individuals related by blood, marriage or adoption, residing therein on a temporary basis for a period not exceeding 6 months in any calendar year.
- (5) Personal Care Homes are prohibited.

(g) Special requirements.

- (1) No temporary structures, such as recreational vehicles, travel trailers, construction trailers, or mobile homes may be used for on-site dwelling purposes
- (2) Outdoor storage is prohibited (except for materials for the resident's personal use or consumption, i.e. firewood, gardening materials, etc.)
- (3) Where activity has ceased for one or more years on a property where the most recent land use is a permitted use in this district, a site plan shall be filed in accordance with the provisions of the nonresidential and multifamily development in [Article III](#) of Chapter 62 Bryan City Code, before activity on the property may resume. Detached dwellings, patio homes, townhouses, and duplexes are exempt from this provision.
- (4) Patio home townhouse and duplex dwellings permitted conditionally in this district are subject to the supplemental regulations of Sec. 62-167, Sec. 62-168 and Sec. 62-169, respectively.
- (5) Professional offices, permitted conditionally in this district shall have one driveway. The minimum dimensions shall be 37 feet long by 18 feet wide so as to accommodate four vehicles on the site.
- (6) Professional offices, conditionally permitted in this district shall have a minimum of 8% of the site landscaped.

Article III. Other Regulations

130-32 Buffer area requirements.

- (a) When it is determined that a zoning district abuts a noncompatible zoning district along a mutual side or rear property line or where separated only by an alley, setbacks shall be greater than the minimum requirements set forth in [Chapter 62](#). The purpose of the additional setback is to establish a buffer area to help mitigate noise, lighting, and other possible adverse impacts. No development shall be authorized within the buffer area except for required or permitted landscaping and screening, stormwater detention facilities, and pedestrian walkways. The increased setbacks, which are measured from the property line, shall be required on the property in the higher intensity zoning district, and shall be observed at the time of construction. These buffer requirements are in addition to the screening standards set forth in [Sec. 130-37](#).
- (b) The depth of the side and rear buffer setbacks shall be in accordance with the following:
- (1) 100 feet in the I, Industrial District and for Municipal Services Support Facilities when siding or backing on to C-2, Retail, C-1, Office, MU-2, Mixed Use District and all residential districts.
 - (2) 75 feet in the C-3, Commercial District and for Essential Municipal Uses when siding or backing on to C-1, Office and all residential districts.
 - (3) 50 feet in the C-2, Retail District when siding or backing on to all residential districts.
 - (4) 25 feet in C-1, Office District when siding or backing on to all residential districts.
 - (5) 25 feet in MF, Multiple-Family District when siding or backing on to all other residential districts.
 - (6) 25 feet in all nonresidential districts when adjacent to a single-family residence located within an A-O, District and no farther than 100 feet from the nonresidential district boundary.
- (c) The depth of the buffer area may be reduced by the equivalent area of landscaping provided within the buffer area. No reductions in the setback area will be allowed where no landscaping is provided parallel to the property lines. In no event shall the reductions eliminate the standard setbacks provided in [Chapter 62](#). Landscaping used in place of screening, allowed in [Sec. 130-37](#), shall not be used to reduce the buffer area. Square feet of coverage shall be based on the standards provided in all other applicable sections and/or ordinances. The request for reducing the buffer shall be submitted with a landscape plan. The minimum depth of the reduced buffer shall be:
- (1) 60 feet in the I, Industrial District and Municipal Services Support Facilities when siding or backing on to C-2, Retail, C-1, Office, MU-2, Mixed Use, and all residential districts.
 - (2) 45 feet in the C-3, Commercial District and for Essential Municipal Uses when siding or backing on to C-1, Office and all residential districts.
 - (3) 30 feet in the C-2, Retail District when siding or backing on to all residential districts.
 - (4) 15 feet in the C-1, Office District when siding or backing on to all residential districts.

- (5) 15 feet in the MF, Multiple-Family District when siding or backing on to all other residential districts.
- (d) The depth of the side and rear buffer setbacks, with landscaping, for the Highway 47 Corridor Overlay shall be in accordance with the following:
 - (1) 60 feet in the I, Industrial District when siding or backing on to C-2, Retail, C-1, Office, MU-2, Mixed Use, and all residential districts.
 - (2) 50 feet in the C-3, Commercial District when siding or backing on to C-1, Office and all residential districts.
 - (3) 50 feet in the C-2, Retail District when siding or backing on to all residential districts.
 - (4) 50 feet in the C-1, Office District when siding or backing on to all residential districts.
 - (5) 50 feet in the MF, Multiple-Family District when siding or backing on to all other residential districts.
 - (6) 100 feet in the I, Industrial District and/or Municipal Services Support Facilities when siding or backing on to C-2, Retail, C-1, Office, MU-2, Mixed Use District and all residential districts.

130-33 Conditional use permits.

(a) Purpose.

The purpose of the conditional use permit process is to identify those uses which might be appropriate within a zoning district but, due to either their location, function, or operation, could have a potentially harmful impact on adjacent properties or the surrounding area; and to provide for a procedure whereby such uses might be permitted by further restricting or conditioning them so as to mitigate or eliminate such adverse impacts.

(b) Authority.

The Planning and Zoning Commission may approve a conditional use permit for a use in any district in which such use is authorized under the conditional use list following proper application, and after notice to landowners within 200 feet of the subject property 10 days before the date of the public hearing and in accordance with the procedures and criteria herein established.

(c) Application and site plan required.

No building permit for a use authorized only as a conditional use within a zoning district shall be issued unless the applicant obtains a conditional use permit from the Planning and Zoning Commission. The application for a conditional use permit shall be accompanied by a site plan as required for nonresidential and multifamily development in [Article III](#) of Chapter 62. The Planning and Zoning Commission may require additional information or plans as necessary for review.

(d) Review and evaluation criteria.

- (1) The Planning and Zoning Commission shall not approve a plan for development of a conditional use if it finds the proposed development:
 - a. Does not conform with applicable regulations and standards established by this chapter;

- b. Is not compatible with existing or permitted uses on abutting sites, in terms of use, building height, bulk and scale, setbacks and open spaces, landscaping, drainage, or access and circulation features;
 - c. Potentially creates greater unfavorable effects or impacts on other existing or permitted uses on abutting sites than those which reasonably may result from the use of the site by a permitted use;
 - d. Adversely affects the safety and convenience of vehicular and pedestrian circulation in the vicinity, including traffic reasonably expected to be generated by the proposed use and other uses reasonably anticipated in the area considering existing zoning and land uses in the area;
 - e. Fails to reasonably protect persons and property from erosion, flood or water damage, fire, noise, glare, and similar hazards or impacts;
 - f. Adversely affects traffic control or adjacent properties by inappropriate location, lighting, or types of signs;
 - g. Fails to provide adequate and convenient off-street parking and loading facilities;
 - h. Fails to conform with the objectives and the purpose of the zoning district in which the development is located;
 - i. Will be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity, for reasons specifically articulated by the commission; or
 - j. The premises or structures are not suitable for the proposed use.
- (2) Conditional use site plans considered by the Planning and Zoning Commission shall be approved only after the Planning and Zoning Commission finds that the proposed development, if completed as proposed, will comply with all applicable provisions of this chapter and all conditions deemed necessary by the Planning and Zoning Commission.
- (3) The Planning and Zoning Commission may establish such conditions of approval as are necessary to assure that the use meets the criteria set forth in Sec. ~~130-33(d)(4)~~, which may include without limitation requirements for special yards, lot sizes, open spaces, buffers, fences, walls or screening; requirements for installation and maintenance of landscaping or erosion control measures; requirements for street improvements and dedications, regulation of vehicular ingress and egress, and traffic circulation; regulation of signs; regulation of hours or other characteristics of operation; establishment of development schedules or time limits for performance or completion; and such other conditions as the Planning and Zoning Commission may deem necessary to ensure compatibility with surrounding uses and to preserve the public health, safety, and welfare. In imposing such conditions, the Planning and Zoning Commission may act upon variance requests, subject to the same standards governing variances under Sec. ~~130-41~~.

(e) Compliance.

- (1) In granting a conditional use permit, the Planning and Zoning Commission may impose conditions which shall be complied with by the owner or grantee before a certificate of occupancy may be issued by the Chief Building Official for use of the building on such

property pursuant to such conditional use permit and such conditions precedent to the granting of the certificate of occupancy. Any special conditions shall be set forth in writing by the Planning and Zoning Commission in conjunction with approval of the conditional use permit.

- (2) No conditional use permit shall be granted unless the applicant, owner or grantee of the conditional use permit is willing to accept and agree to be bound by and comply with the written requirements of the conditional use permit, as attached to the site plan drawing (or drawings) and as approved by the Planning and Zoning Commission. A conditional use permit shall remain valid until such time as one of the following actions is taken:
 - a. The property is rezoned and the site is no longer listed as a conditional use;
 - b. Another conditional use permit is approved for the site;
 - c. The use of the premises changes; or
 - d. Access and construction-related permits necessary for completion of any site development plan have not been issued within 12 months of the Site Development Review Committee's approval (See nonresidential and multifamily development in [Article III](#) of Chapter 62).
- (3) No building, premises, or land used under a conditional use permit may be substantially changed unless a separate conditional use permit is granted for the change. In the event a change is not considered substantial, the Chair of the Site Development Review Committee may approve the change or forward to the Site Development Review Committee if the change affects the health, safety, or welfare of the public.
- (4) Failure to implement and maintain the conditions as specified by the Planning and Zoning Commission in granting a conditional use permit is punishable by the provisions of [Sec. 130-45](#).

(f) Appeal to City Council.

Approval or denial of an application for a conditional use permit, may be appealed to the City Council by the applicant for the permit or any owner of property located within 200 feet of the subject property. Written notice of appeal specifying the grounds for the appeal must be delivered to the Planning and Development Services Department within 10 calendar days after the date of the Planning and Zoning Commission's decision.

(g) Additional regulations for certain uses.

The following additional conditions and procedures shall apply to the uses listed below:

- (1) Manufactured housing land lease communities: The proposed use shall comply with the standards set forth in the manufactured housing land lease communities [Sec. 130-36](#).
- (2) Historic Preservation Overlay Districts: any conditional use permit concerning property within a Historic Preservation Overlay District shall receive a recommendation to the Planning and Zoning Commission from the Historic Landmark Commission during a public hearing, following the standards of a Certificate of Appropriateness procedure set forth in [Sec. 130-24](#).

130-34 Special and supplementary regulations.

(a) Accessory structures.

- (1) In a residential district or on property occupied by a residential use, an accessory structure or use is a subordinate or incidental structure, attached to or detached from the main structure without separate kitchen facilities, not used for commercial purposes and not rented. Accessory uses permitted in residential districts or on property occupied by a residential use include:
 - a. Storage or work sheds and gazebos;
 - b. Detached garages;
 - c. One antenna (amateur radio, CB radio, or TV reception) and/or one satellite dish located in the rear yard only or on the roof (only one satellite dish per residential lot) including any tower or other supporting structure;
 - d. Private open space or other recreational amenities operated by a homeowners association.
- (2) In other districts, an accessory structure is a subordinate structure, the use of which is incidental and is permitted when used only in conjunction with the main structure.
- (3) Accessory uses prohibited in public rights-of-way of all zoning districts are as follows:
 - a. Fences.
 - b. Basketballs goals including those of which are portable.
 - c. All other objects with the exception of infrastructure or facilities owned by a utility company, governmental signs or utilities, mailboxes, and projecting signs within the DT-N, DT-S, and DT-C Districts, and in all other zoning districts where attached to a legally nonconforming building, lawfully constructed on the property line immediately adjacent to the public right-of-way, and provided the projecting sign satisfies all of the special use license requirements of Sec. 62-251 of the Land and Site Development Ordinance. For the use of this chapter, projecting signs shall be defined as the following: A sign, other than a flat wall sign, which is attached to and projects from a building wall or other structure not specifically designed to support the sign. Any accessory use, including projecting signs, within a Texas Department of Transportation (TxDOT) right-of-way must also obtain permission from that authority.
- (4) The combined square footage for accessory structures on a single property shall be limited in size providing the following:
 - a. 725 square feet maximum when placed on a lot less than 7,001 square feet.
 - b. 1,025 square feet maximum when placed on a lot between 7,001 square feet and one acre.
 - c. 1,500 square feet maximum when placed on a lot greater than one acre.
 - d. 1,501 square feet and greater will require a conditional use permit.

- (5) Accessory structures must be designed and constructed so that they are in keeping with the general architecture of the main structure, and may not exceed the height of the main structure.

(b) Accessory dwelling units.

- (1) Accessory dwelling units may be allowed by conditional use permit as an incidental residential use of a structure on the same lot as the main dwelling unit and used by the same person or persons of the immediate family, or servants employed on the premises, and meet the following standards:
 - a. Accessory dwelling units must be designed and constructed so that they are in keeping with the general architecture and building material of the main structure.
 - b. Manufactured homes are not permitted as accessory dwellings.
 - c. The accessory dwelling unit must be constructed to the rear of the main dwelling, separate from that upon which the main dwelling is constructed.
 - d. The accessory dwelling unit may be constructed only with the issuance of a building permit.
 - e. The accessory dwelling unit may not be sold separately from sale of the entire property, including the main dwelling unit, and shall not be rented or leased and may not be issued utility meters separate from the main structure.
 - f. The square footage of the accessory dwelling unit cannot exceed 1,000 square feet, nor be less than 400 square feet.
 - g. A minimum of one additional parking space shall be provided for each accessory dwelling unit located on the premises.

(c) Adult Entertainment.

(1) Adult entertainment definitions.

It is the purpose of this definition of "adult entertainment" and the related definitions contained under the definition of "adult entertainment" to regulate the use of property under the general zoning powers of a home rule City and under applicable Texas statutory law which authorizes home rule cities to divide cities into districts and regulate the use of property within the districts for the purpose of promotion of the health, safety and morals of the public, and for the protection of the general welfare of the community. They have been made with reasonable consideration, among other things, for the character of the district, and its suitability and compatibility for the particular uses specified; and with a view to conserving the value of buildings and neighborhoods, and encouraging the most appropriate use of land throughout the City. The provisions of this chapter are designed and intended to minimize the negative or adverse secondary effects of adult entertainment uses on the community. The provisions of this chapter have neither the purpose nor the effect of imposing a limitation or restriction on the content of any communicative materials, including sexually oriented materials. Similarly, it is not the intent or the effect of this chapter to restrict or deny access by adults to sexually oriented materials protected by the First Amendment, or to deny access by the distributors and exhibitors of sexually oriented entertainment to their intended market. Neither is it the intent nor effect of this

Ordinance to condone or legitimize any activity that may be illegal under other applicable law.

(2) Locational regulations.

It is the intent of the City Council that the locational regulations of this chapter are promulgated pursuant to V.T.C.A., Local Government Code §243.001 et seq., as it applies to nude model studios and sexual encounter centers only. It is the intent of the City Council that all other provisions of this chapter are promulgated pursuant to the City Charter and V.T.C.A., Local Government Code §211 et seq. and other applicable law regarding zoning.

(3) Legislative findings concerning adult uses.

Based on evidence concerning the adverse secondary effects of adult uses on the community presented in hearings and in reports made available to the City Council, and including findings incorporated in the cases of *Young v. American Mini Theatres*, 427 U.S. 50 (1976), *City of Renton v. Playtime Theaters*, 475 U.S. 41 (1986); *FW/PBS, Inc. v. City of Dallas*, 493 U.S. 215 (1990); *Barnes v. Glen Theatre, Inc.* 501 U.S. 560 (1991); *City of Erie v. Pap's A.M.*, 529 U.S. 277 (2000); *H and A Land Properties v. City of Kennedale*, 480 F.3d 336 (5th Cir. 2007), including the studies referenced in these cases, such as in *H and A Land Properties v. City of Kennedale*, 480 F.3d 336 (5th Cir. 2007) which contains and references studies in other communities, the City Council finds that:

a. Legislative Finding Number 1:

The City Council finds that V.T.C.A., Local Government Code §211, et seq., authorized home rule cities to divide cities into districts and regulate the use of property within the districts for the purpose of promotion of the health, safety and morals of the public, and for the protection of the general welfare of the community.

b. Legislative Finding Number 2:

The City Council finds that V.T.C.A., Local Government Code §211, et seq., authorized home rule cities to promulgate and enforce all ordinances necessary to protect health, life and property of the public, and to preserve the good government, order and security of such cities and their inhabitants.

c. Legislative Finding Number 3:

The City Council finds that V.T.C.A., Local Government Code §243, et seq., where the Texas legislature found that the unrestricted operation of certain sexually oriented businesses may be detrimental to the public health, safety, and welfare by contributing to the decline of residential and business neighborhoods and the growth of criminal activity, and provided that does not diminish the authority of a local government to regulate sexually oriented businesses with regard to any matters, recognizes the negative secondary effects of such businesses.

d. Legislative Finding Number 4:

V.T.C.A., Local Government Code, §215.004 authorized home rule cities to enforce all ordinances necessary to protect health, life, and property, and to preserve the good government, order and security of such cities and their inhabitants.

e. Legislative Finding Number 5:

The City Council finds that studies conducted in other cities and states throughout the country have shown a decline in neighborhoods and neighborhood-oriented commercial, religious, and institutional facilities when exposed to sexually oriented or

adult entertainment businesses as a negative secondary effect, and the result would not differ in the City of Bryan.

f. Legislative Finding Number 6:

The City Council finds that the Supreme Court of the United States and the Fifth Circuit for the United States Court of Appeals have upheld the validity of such controls that locate these kinds of activities within zoning districts that are less sensitive to their blighting influences and other negative secondary influences.

g. Legislative Finding Number 7:

The City Council finds, based upon the experiences of the cities in Texas and elsewhere in the country, that adult entertainment establishments are frequently used for unlawful sexual activities, including prostitution and sexual liaisons of a casual nature

h. Legislative Finding Number 8:

The City Council further finds, based upon the experiences of the cities in Texas and elsewhere in the country, that police departments of various communities have made a substantial number of arrests for sexually related crimes in adult entertainment establishments.

i. Legislative Finding Number 9:

The City Council finds that "adult entertainment" businesses, due to their very nature, have serious objectionable operational characteristics, thereby contributing to urban blight and downgrading the quality of life in adjacent areas.

j. Legislative Finding Number 10:

The City Council finds that there is convincing documentary and legislative evidence that sexually oriented businesses or "adult entertainment" as to be defined under the Bryan Code, because of their very nature, have deleterious, negative secondary effects on both the existing businesses around them and the surrounding residential areas adjacent to them, causing increased crime and the consequent downgrading of property values. Numerous studies, reports, and findings concerning the harmful effect of adult entertainment uses on surrounding land uses and neighborhoods have been produce before the Bryan City Council. One such example that has been presented to and considered by the City Council is the opinion of the Fifth Circuit for the United States Court of Appeals in *H and A Land Properties v. City of Kennedale*, 480 F.3d 336 (5th Cir. 2007), and the 2 studies approved by the Fifth Circuit as being evidence regarding the negative secondary effects of the sale of materials for off-site use, (1) "Adult Entertainment Business in Indianapolis" by Department of Metropolitan Development on Indianapolis (1984) and (2) the "Adult Entertainment Business in City of Oklahoma City", by the Community Development Department of Oklahoma City, in 1986, which have been also presented to and considered by the City Council, as well as various documentary evidence including studies from other cities and other evidence presented to the City Council at the hearings on this ordinance, including studies filed in the lower court in the City of Kennedale case, in Cause Number Civil Action No. 4:05-CV-166-A, in the Northern District of Texas, Fort Worth Division, including the opinions, reports and affidavits of (i) Connie B. Cooper, FAICP, -Expert Report; (ii) Expert Report of Richard McClearly PhD.; (iii) the summary of the study performed by April Virnig, dated July 3, 2003, for the City of Kennedale, which reference and describe certain studies such as:

1. Those studies noted and approved in *H and A Land Properties v. City of Kennedale*, 480 F.3d 336 (5th Cir. 2007), including 2 studies for sale of materials for off-site use (1) "Adult Entertainment Business in Indianapolis" by Department of Metropolitan Development on Indianapolis (1984) and (2) The City of Oklahoma City, by the Community Development Department in 1986. The Indianapolis survey, conducted by the City of Indianapolis in conjunction with Indiana University School of Business, Division of Research, polled 20% of the national membership of the American Institute of Real Estate Appraisers. Eighty percent of the respondents predicted that an adult bookstore would negatively impact residential property values, and 72% believed commercial property value would also be negatively impacted. The Oklahoma City study, which surveyed 100 Oklahoma City real estate appraisers, produced similar results: 74% predicted a negative impact on real estate value in the surrounding area.
2. Amarillo, Texas. In 1977, the Amarillo Planning Department prepared a report entitled, "A Report on Entertainment Uses in Amarillo." The report concluded that adult entertainment uses have adverse impacts on surrounding land uses, and that those impacts can be distinguished from those of other businesses. The study found that street crime rates were considerably above the City's average in those areas immediately surrounding the adult-only businesses, and that late at night, during their primary operating hours, those businesses create unique problems of noise, glare, and traffic.
3. Indianapolis, Indiana. In 1984, Indianapolis surveyed real estate experts on the impact that adult entertainment uses had on surrounding property values. A random sample (20%) of the national membership of the American Institute of Real Estate appraisers was used. The opinion survey found that an adult bookstore located in the hypothetical neighborhood described would have a negative impact on residential property values of premises located within one block of the site.
4. "Report of the Attorney General Working Group for the Regulation of Sexually Oriented Business", June, 1989, that references and analyzes a number of studies on communities across the country. For example, in 1987, the planning department of St. Paul, Minnesota completed a study entitled "Effect of Surrounding Area of Adult Entertainment Businesses." The study concluded that:
 - (i) There was a statistically significant correlation between neighborhood deterioration as reflected in housing values and crime rates and the location of adult entertainment businesses;
 - (ii) The statistical relationship was still significant after taking into account certain marketing factors; and
 - (iii) There was a stronger correlation with neighborhood deterioration after establishment of an adult entertainment business than before.
5. Austin, Texas. In May, 1986, the Austin Planning Department published a report on adult businesses in Austin. An analysis of crime rates in Austin was conducted by comparing areas with adult businesses to areas without adult businesses. Four study areas were chosen that did not contain adult businesses. Two study areas

were chosen containing only one adult business each, and 2 study areas were chosen containing 2 adult businesses each. Within those study areas containing adult businesses, sex crimes were found to be from 2 to nearly 5 times the City-wide average. Also, sex-related crime rates were found to be 66% higher in study areas containing 2 adult businesses as compared to study areas containing only one adult business. Austin also conducted a survey of 120 real estate appraisers and lending institutions. Eighty-eight percent of those responding indicated a belief that an adult bookstore would decrease residential property values within one block, and 59% felt that residential property values would decrease within 3 blocks. A survey of 3 adult businesses in Austin revealed that only 3 customers had addresses within one mile of an adult business and 44% of all customers visiting the 3 adult businesses had addresses outside the City of Austin.

k. Legislative Finding Number 11:

The City Council is relying on the findings and studies listed above and is attempting to benefit the public welfare by proposing, examining and adopting zoning rules, definitions and provisions related to adult entertainment.

1. It is the express intent of the City Council to ensure that the adverse effects created by "adult entertainment" are minimized and controlled so as not to cause or contribute to crime, increased blighting, or downgrading of adjacent property and the surrounding neighborhood.
2. The regulations established herein are intended to protect and preserve the quality, property values, integrity and character of the City's neighborhoods and commercial districts, deter the spread of urban blights, and protect the citizens of the City from the objectionable effects of sexually oriented businesses.

l. Legislative Finding Number 12:

The City Council finds, from the studies that have been presented, that, because of their very nature, adult entertainment uses can and should be relegated to nonresidential and non-retail zoning districts.

m. Legislative Finding Number 13:

1. The City Council finds, based on the purposes and legislative findings set out in this ordinance and from the studies noted in Legislative Finding Number 5, that adult entertainment uses should be an allowed use in the I, Industrial District (Sec. [130-23](#)). The City Council finds that there will be adequate locations for "adult entertainment" within the City in the area zoned Industrial for those uses already permitted in that district, and will not unreasonably limit alternative avenues of communication, while minimizing the adverse secondary effects of adult entertainment and providing the other purposes noted herein. There will be a sufficient number of sites provided by placing dispersed sites for "adult entertainment" in the Industrial District. The Industrial District composes approximately 33% of the area in the City of Bryan that is not zoned for residential types or agricultural types of uses. The areas inside those designated as Industrial District, are already served by Bryan infrastructure with respect to utilities, streets and other services, or such infrastructure is readily available.

2. Further, the City Council finds, based on the purposes and legislative findings set out in Sec. [130-23](#) and from the studies noted in Legislative Finding Number 5, that there will be a sufficient number of sites provided by requiring dispersed sites for “adult entertainment” under Sec. [130-23\(g\)\(3\)](#), so as to allow for sufficient dispersal of such sites to prevent concentrations, thereby minimizing the adverse secondary effects, while not unreasonably limiting alternative avenues of communication, and providing the other purposes noted herein.

(i)

(d) Special height limitations.

The height limitations specified by this chapter and in building setbacks and lot standards ([Article IV](#) of Chapter 62) do not apply to cooling towers, chimneys, vent stacks, water stand pipes and tanks, steeples, spires, belfries, cupolas, or other appurtenances usually required to be placed above the roof level and not intended for human occupancy.

(e) Modular buildings.

Modular buildings are allowed in any zoning district providing the following requirements are met:

- (1) The building meets or exceeds all building code requirements that apply to other buildings concerning on-site construction.
- (2) The building conforms to all applicable zoning standards for the respective zoning district.
- (3) The building is affixed to a permanent concrete slab or grade beam foundation.
- (4) The building is skirted with matching weatherized material if any space is exposed between the structure and the slab or ground.
- (5) The Chief Building Official is so notified in writing for the purpose of establishing procedures for the inspection, issuing of building permits and the compliance with the Texas Industrialized Housing and Buildings Act (V.T.C.A., Occupations Code ch. 1202).

(f) Visibility at intersections in all districts.

In any district, nothing shall be erected, placed, planted, or allowed to grow in such a manner to impair a vehicle driver's vision at intersections (streets, alleys, and driveways), within a triangle defined by the requirements of the American Association of State Highway and Transportation Officials.

(g) Patio home requirements.

(See Land and Site Development Ordinance Sec. 62-167).

(h) Townhouse requirements.

(See Land and Site Development Ordinance Sec.62-168).

(i) Duplex requirements.

(See Land and Site Development Ordinance Sec. 62-169).

Duplex units shall conform to the requirements for single-family residential development as specified in each district unless otherwise specified in Chapter 62.

(j) Neighborhood services.

- (1) It is the intent of this chapter to preserve existing establishments that serve a small neighborhood area and to protect the surrounding residential land use from the adverse impacts of a nonresidential land use. Neighborhood service establishments requesting a conditional use permit shall provide a site plan in accordance with the full site review provisions of the nonresidential and multifamily development in [Article III](#) of Chapter 62. Neighborhood services shall be limited to the following uses:
 - a. Grocery store;
 - b. Laundromat (self-service laundry, washateria);
 - c. Dry-cleaning drop-off (no onsite dry-cleaning);
 - d. Beauty shop or barbershop; or
 - e. Automated teller machine.
- (2) Neighborhood services may be connected to or separate from a residential use located on the same lot or parcel. Such establishments shall:
 - a. Be limited in gross floor area to 5,000 square feet (business only);
 - b. Not include fuel sales or other fuel dispensing or storage operations;
 - c. Have no liquor sales; and
 - d. Be permitted beer and wine sales for off-premises consumption only.

(k) Construction standards.

- (1) Buildings with metal exteriors are prohibited within all residential districts, with the exception of accessory structures, federal or state government owned structures, facilities and uses; manufactured housing when permitted; and temporary structures for uses incidental to construction work on the premises, which said buildings shall be removed upon the completion or abandonment of construction work.
- (2) All buildings within the C-1, Office and C-2, Retail Districts must have at least 50% of facades covered by masonry/brick construction or vinyl/wood siding or other nonmetallic material. Exceptions include federal or state government owned structures, facilities and uses; and temporary structures for uses incidental to construction work on the premises, which said buildings shall be removed upon the completion or abandonment of construction work.
- (3) Structures, with foundations constructed after the February 12, 1990 (effective date of Zoning Ordinance), that allow areas for crawl space are required to have skirting or permanent enclosures. Skirting when installed shall be of material suitable for exterior exposure and contact with the ground. Permanent perimeter enclosures shall be constructed of materials as required by the City building code for regular foundation construction. Skirting will be constructed of fire resistant material. Skirting shall be installed in accordance with the skirting manufacturer's installation instructions. Skirting shall be adequately secured to assure stability, to minimize vibration and susceptibility to wind damage and to compensate for possible frost heave. Skirting shall follow all FEMA regulations regarding materials and construction in special flood hazard areas.

(l) Group Home and Personal Care Home requirements.

- (1) Personal Care Homes are required to contact the local office of Area Agency on Aging (or successor agency) and provide their contact information
- (2) Ten business days prior to opening, Group Homes and Personal Care Homes must register with the City. Proof of notification to the Area Agency on Aging (or successor agency) is required for registration of Personal Care Homes. There is no fee associated with the registration.
- (3) Additional requirements for Group Homes and Personal Care Homes located in residential districts:
 - a. Residents of Group Homes and Personal Care Homes may not keep for the use of the residents of the home, either on the premises of the home or on the public right-of-way adjacent to the home, motor vehicles in numbers that exceed the number of bedrooms in the home.
 - b. Group Homes and Personal Care Homes are allowed one sign, not exceeding one square foot in area, non-illuminated, and mounted flat against the wall of the principal building.

(m) Outdoor display and storage requirements.

(1) Purpose.

To encourage the most appropriate use of land and conserve and protect the privacy and value of adjacent permitted uses. Regulations are prescribed for the location and type of outdoor display and storage to be permitted in the various zoning districts in accordance with the following standards.

- (2) Sidewalk display shall meet the following standards:
 - a. Sidewalk display shall be permitted adjacent to a principal building wall and extending a distance no greater than 5 feet from the wall.
 - b. Sidewalk display shall not block entrances, exits or required travel paths, and shall not impair emergency services access to any buildings.
 - c. Sidewalk display shall comply with all applicable standards established by the Americans with Disabilities Act and shall not obstruct the use of any crosswalk or wheelchair ramp.
 - d. Sidewalk display shall not be permitted to block any public pedestrian right of way.
 - e. Sidewalk display shall occur only during the business hours of the applicable business establishment.
- (3) Outdoor display shall meet the following standards:
 - a. May include packaged merchandise, motor vehicles, RV's, trailers, farm equipment, construction equipment, accessory buildings for sale, rent or lease and other large items typically found on display outside in a retail environment.
 - b. Sample merchandise on display outdoors only during the business hours of the applicable business establishment need not be packaged.

- c. Materials in bulk shall not be permitted in outdoor display.
 - d. Display of items that would normally be utilized outside, is not limited to sample items.
 - e. Except for items that would normally be stored and utilized outside, outdoor display shall be allowed only during the business hours of the applicable business establishment.
 - f. Outdoor display areas shall be located only on an improved surface.
 - g. Items stacked for outdoor display shall have an aggregate height no greater than 12 feet.
 - h. With the exception of motor vehicles, outdoor display shall not be located within minimum required building setback areas.
 - i. Outdoor display may be located in defined off-street parking areas to the extent that remaining available on-site parking is not reduced below the minimum amount required for the site by City development standards.
 - j. Outdoor display shall not be located in minimum required landscaped areas.
 - k. Outdoor display shall not block entrances, exits or required travel paths, and shall not impair emergency services access to any buildings.
 - l. Outdoor display shall comply with all applicable standards established by the Americans with Disabilities Act and shall not obstruct vehicular traffic, off-street parking, or the use of any crosswalk or wheelchair ramp.
 - m. Outdoor Display shall not be located in any public right-of-way, including sidewalks and alleys.
 - n. When located in defined off-street parking areas, outdoor display areas shall be separated from active drive aisles and parking areas by a physical barrier providing clear delineation of such storage area to shoppers and motorists.
- (4) Limited outdoor storage shall require approval of a site plan by the City's Site Development Review Committee (SDRC) in accordance with requirements for site plan approval for nonresidential and multifamily developments of Chapter 62. The site plan must show dimensions and location of the proposed limited outdoor storage area. Limited outdoor storage shall meet all the following standards:
- a. Limited outdoor storage shall not be more than 12 feet in height and shall be completely screened from view from any public right-of-way, public parking areas, or adjacent residential development by a 100% opaque visual barrier or screen.
 - b. In lieu of screening required by Sec. ~~130-34(m)(4)a~~, limited outdoor storage may be allowed without screening, if located a minimum of 150 feet from an adjacent street right-of-way.
 - c. Limited outdoor storage shall be located at least 15 feet from any public right-of-way and /or any abutting residential use.
 - d. Limited outdoor storage shall be located behind the primary front façade of the principle building on a site.

- e. Limited outdoor storage may be located to the side of a building so long as it is not located within a minimum required side building setback area.
- (5) General outdoor storage shall require approval of a site plan by the City’s Site Development Review Committee (SDRC) in accordance with requirements for site plan approval for nonresidential and multifamily developments of Chapter 62. The site plan must show dimensions and location of the proposed limited outdoor storage area. General outdoor storage shall meet all the following standards.
- a. General outdoor storage shall not be more than 12 feet in height and shall be completely screened from view from any public right-of-way, public parking areas, or adjacent residential development by a 100% opaque visual barrier or screen. Complete screening shall mean that no portion of the material stored is visible from outside the screening device.
 - b. General outdoor storage shall be located behind the primary front façade of the principle building on a site.
 - c. General outdoor storage shall be located at least 150 feet from the front property line and not closer than 150 feet from an existing residential use on an abutting property.
 - d. General outdoor storage shall not be located in minimum required side building setback areas and must be located at least 15 feet from any side property line.
- (6) Industrial outdoor storage shall meet the following standards.
- a. All material shall be screened when closer than 150 feet from a public right of way.
 - b. Uniform metal panel and / or chain-link with slat material shall be permitted as screening in the Industrial District.
- (7) Outdoor display or storage shall be permitted in zoning districts as shown below:

(n) Tattoo Studio Requirements.

- (1) All structures housing a tattoo studio use shall be located at least 5,280 feet from another structure housing a tattoo studio use.
- (2) All structures housing a tattoo studio use shall have a minimum of 3,000 square feet of floor area and a maximum of 5,000 square feet of floor area.
- (3) Consumption of alcoholic beverages shall be prohibited in the tattoo studio (in accordance with 25 Texas Administrative Code, Chapter 229, Subchapter V, "Minimum Standards for Licensure of Tattoo and Certain Body Piercing Studios", Rule 229.404(h) as may be amended from time to time).

(o) Credit Access Business.

- (1) A structure containing a credit access business shall be located at least 1,000 feet from another structure containing another credit access business, as measured in a straight line between the nearest points of one structure to the other structure.
- (2) A lot containing a credit access business shall be located at least 200 feet from any lot zoned or used for residential purposes, as measured in a straight line between the nearest points of one lot to the residential lot.
- (3) A lot containing a credit access business shall not be located on property fronting a street classified as a Major Arterial or greater, as designated by the Bryan Thoroughfare Plan.
- (4) No credit access business shall be permitted on a lot wholly or partially located within the West Villa Maria Corridor Overlay District, the FM 2818 Corridor Overlay District, the FM 158 Corridor Overlay District, or the SH 47 Corridor Overlay District.
- (5) A credit access business shall be situated only within a freestanding structure and shall not be collocated in the same structure as other uses.

130-35 Wireless telecommunication facilities.

(a) Definitions.

In interpreting and administering the wireless telecommunication facility regulations of this Zoning Ordinance and the Land and Site Development Ordinance (Chapter 62), the following words, terms and phrases, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Alteration shall mean any modification, replacement, or reconstruction that materially increases the height or any other dimension of a WTF.

Antenna shall mean any system of poles, panels, rods, reflecting discs or similar devices used for the transmission or reception of radio frequency signals:

Omni-directional antenna (also known as a "whip" antenna) transmits and receives radio frequency signals in a 360 degree radial pattern.

Directional antenna (also known as a "panel" antenna) transmits and receives radio frequency signals in a specific directional pattern of less than 360 degrees.

Parabolic antenna (also known as a "dish" antenna or satellite dish) is a bowl-shaped device for the reception and/or transmission of radio frequency signals in a specific directional pattern.

Attached wireless telecommunication facility shall mean a wireless telecommunication facility that is affixed to an existing structure that is not primarily used for the support or attachment of a wireless telecommunication facility and is not a normal component of such a facility.

Collocation shall mean when more than one wireless telecommunications provider shares a wireless telecommunications support structure.

Compound shall mean the fenced WTF area which may be a portion of a parcel or site, or the entire parcel or site.

Direct-to-home services shall mean the distribution or broadcasting or programming or services by satellite directly to the subscriber's premises without use of ground receiving or distribution equipment, except at the subscriber's premises or in the uplink process to the satellite; examples are direct broadcast satellites (DBS), multichannel multipoint distribution system (MMDS), and television broadcast stations (TVBS).

Existing support structure shall mean any structure existing prior to the adoption of the ordinance from which this section is derived that currently supports or can support a wireless telecommunication facility.

FAA shall mean Federal Aviation Administration.

FCC shall mean Federal Communications Commission.

Height shall mean the distance measured from ground level at the base of a wireless telecommunication facility to the highest point on the facility including any antenna or related equipment.

Historic resource shall mean any district, structure or site designated as historically significant by any lawfully authorized local, state or federal historic preservation entity or governmental entity, including the City.

Intermediate facility see Sec. [130-35\(b\)\(1\)b.](#)

Major facility see Sec. [130-35\(b\)\(1\)c.](#)

Minor facility see Sec. [130-35\(b\)\(1\)a.](#)

Related equipment shall mean all equipment or structures ancillary to the transmission and reception of voice and data via radio frequencies; such equipment or structures may include, but are not limited to, cable, conduit and connectors, cabinets, and fencing.

Service provider shall mean any company, corporation, alliance, individual or other legal entity that provides a wireless telecommunication service directly to the public for a fee or to such classes of users as to be effectively available directly to the public regardless of the facilities used; services include, but are not limited to portable phones, car phones, pagers, digital data transmission, or radio or television communications.

Stealth technology or *stealth facility* shall mean design technology that blends the WTF into the surrounding environment, so it is unrecognizable as a telecommunications facility; examples of stealth facilities include but are not limited to architecturally screened roof-mounted antennas, building-mounted antennas painted to match the existing structure, antennas integrated into architectural elements such as church spires or window wall, and antenna structures designed to resemble light poles or flagpoles.

Support structure shall mean any structure that supports a wireless telecommunication facility; support structure types include, but are not limited to, any existing or newly constructed structure such as buildings, water towers, light poles, stanchions, monopoles, lattice towers, wood poles or guyed towers.

Transmission tower shall mean a wireless telecommunications support structure designed primarily for the support and attachment of a wireless telecommunications facility.
Transmission towers include:

Monopole tower. A self-supporting structure composed of a single spire used to support telecommunications antenna and/or related equipment.

Lattice tower. A self-supporting 3- or 4-sided, open, steel frame structure used to support telecommunications antenna and/or related equipment.

Guyed tower. An open, steel frame that requires wires and anchor bolts for support.

Wireless telecommunication facility (WTF) shall mean an unstaffed facility operating for the transmission and reception of low-power radio signals consisting of an equipment shelter or cabinet, a support structure, antennas (e.g., omni-directional, panel/directional, or parabolic) and related equipment.

(b) Zoning for WTFs.

(1) WTF use categories.

Wireless telecommunication facilities are allowed and encouraged to locate in the City. In order to expedite the siting process for WTFs and to accommodate the various regulations for handling these facilities according to the FCC, the Planning and Development Services Department has determined 3 general use categories for WTFs. The use categories are minor facility, intermediate facility, and major facility as follows:

a. Minor facility.

1. A new transmission tower 35 feet (or 10.5 meters) or less in height;
2. Parabolic antenna one meter or less;
3. Parabolic antenna over one meter and less than or equal to 2 meters;
4. Omni-directional antenna (whip antenna) 6 inches in diameter or less and not extending over 12 inches above support structure;
5. Directional antenna one meter or less measured across the longest dimension and not extending over 12 inches above support structure;
6. Direct-to-home service antenna and citizen's radio band antenna;
7. Stealth facility 35 feet (or 10.5 meters) or less in height.

b. Intermediate facility.

1. A new transmission tower greater than 35 feet (10.5 meters) and less than or equal to 110 feet (33 meters) in height;
2. Parabolic antenna over 2 meters;
3. Omni-directional antenna (whip antenna) greater than 6 inches in diameter and/or extending 12 inches above the support structure;
4. Directional antenna over one meter measured across the longest dimension and extending over 12 inches above support structure;
5. Stealth facility greater than 35 feet (10.5 meters) and less than or equal to 110 feet (33 meters) in height.

c. Major facility.

1. A new transmission tower greater than 110 feet (33 meters) in height;
2. Stealth facility greater than 110 feet (33 meters) in height.

(2) Wireless Telecommunications Facilities Siting Matrix

Wireless telecommunication facilities are allowed, as indicated in the following table:

<i>P = Permitted as of right</i> <i>C = Conditional use permit required</i> <i>-- = Prohibited</i>	A-O	RD-5 RD-7	MF	C-1 C-2 C-3	I	MU-1 MU-2	CO	HP/D	HP/E

b. Stealth facility > 110 feet (33 meters) and ≤ 200 feet in height	C	C	C	C	P	C	C	C	C

CO = Villa Maria Corridor; HP/D = Downtown Historic District; and HP/E = Eastside Historic District

(3) Height and Site Development Regulations

See [Article IX of Chapter 62](#) for additional regulations that apply to wireless telecommunications facilities.

(c) Conditional use permits.

Some minor transmission towers and all intermediate and major transmission towers require a conditional use permit (CUP) from the Planning and Zoning Commission. The Planning and Zoning Commission may place additional conditions on the site where it deems necessary to do so to protect the health, safety and general welfare of the public. The criteria in Sec. [130-33](#) will govern the issuance of conditional use permits for WTFs. In addition to the standard criteria the following additional factors shall be considered when determining whether to grant a conditional use permit for WTFs:

- (1) Height of the proposed tower, surrounding topography and surrounding tree coverage and foliage as they relate to:
 - a. Skyline impact, examining whether the proportions of the structure appear to "loom" over or blend in with the surrounding environment; and
 - b. Shadow impact, whether or not the proposed tower will cast shadows that would prevent the reasonable use or enjoyment of surrounding properties.
- (2) Design of the tower, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness.
- (3) Proximity of the tower to residential structures and residential district/boundaries.
- (4) Economic impact on adjacent and nearby properties.
- (5) Proposed ingress and egress.
- (6) Availability of suitable alternative, existing support structures.

130-36 Manufactured housing land lease communities.

(a) Permits for new manufactured housing land lease communities.

Manufactured housing land lease communities created on or after January 1, 2000, shall be required to be licensed in accordance with the standards in this chapter. It shall be unlawful for any person to connect utilities to or to occupy a manufactured home in a new manufactured home in a new manufactured housing land lease community within the City limits unless the community is duly licensed under the terms of this chapter. Licenses shall be issued and renewed annually by the City building services department. Application for a license shall be made in writing, signed by the applicant, and accompanied by an affidavit of the applicant as to the truth of the application. Applications shall include the name and address of the applicant, the location and legal description of the community, and a master plan of the community. Additionally, a deposit fee, based on the proposed number of lease lots within the community, will be required at time of application. The Chief Building Official or his or her agent shall renew licenses annually following a satisfactory inspection of the property for compliance with this chapter. Whenever, upon inspection of the property, the Chief Building Official finds conditions or practices which are in violation of this chapter, written notice shall be given to the license holder. The notification shall state that such conditions or practices must be corrected within a specified period of time, based on the nature and severity of the violation. At the end of the specified time, the Chief Building Official shall re-inspect the property for compliance. Failure to correct the conditions or practices within the specified time shall result in a suspension of the license. The license holder will be issued written notice of the suspension. Upon receipt of the notice of suspension, such person shall cease operation of the manufactured housing land lease community. A manufactured housing land lease community, which does not conform to the regulations of the zoning district in which it is located, shall be deemed a nonconforming use and subject to Sec. [130-40](#). A lapse of a current license shall be considered as an abandonment of the nonconforming status.

(b) Inspections of manufactured housing land lease communities.

The Chief Building Official or his or her agent is hereby authorized to make such inspections as are necessary to determine satisfactory compliance with this chapter. The Chief Building

Official or his or her agent shall have the authority to enter upon any private or public property for the purpose of inspecting and investigating conditions relating to the enforcement of this chapter. It shall be the duty of the land lease community management to give access to the inspector to all lots during normal business hours.

(c) Zoning for manufactured housing land lease communities.

New development of a manufactured housing land lease community shall require a conditional use permit (CUP) from the Planning and Zoning Commission. The Planning and Zoning Commission may place additional conditions on the site where it deems necessary to do so to protect the health, safety and general welfare of the public and where such conditions will promote and uphold the City comprehensive plan. The Planning and Zoning Commission may also take into consideration the proposed location of the manufactured housing land lease community in relation to present and anticipated future land use. The regulations of Sec. [130:33](#) govern the issuance of conditional use permits in the following zoning districts:

- (1) A-O, Agricultural-Open District;
- (2) MF, Multiple-Family District; and
- (3) MU-1, Mixed-Use Residential District.

(d) Development standards for manufactured housing land lease communities.

(1) Housing type standards.

To ensure the protection of the health, safety, and general welfare of the public, only HUD-Code manufactured homes, as defined by this chapter, shall be permitted to locate within manufactured housing land lease communities. Mobile homes and recreational vehicles, as defined by this chapter, shall not be permitted within a manufactured housing land lease community.

(2) Skirting requirements.

To ensure the protection of the health, safety, and general welfare of the public, all manufactured homes shall have skirting permanently installed and extending to the ground. Skirting material to be a durable, exterior material consistent with the exterior cladding of the home. All tow bars, wheels and axles shall be removed when the manufactured home is installed.

(3) Foundation requirements.

To ensure the protection of the health, safety, and general welfare of the public, all manufactured homes within manufactured housing land lease communities shall be installed on a "properly engineered foundation system" which meets the manufacturer's installation requirements and the Texas Manufactured Housing Standards Act (V.T.C.A., Occupations Code ch. 1201).

(4) Maximum density standards.

To provide adequate privacy and to ensure the protection of the health, safety, and general welfare of the public, the density of any manufactured housing land lease community shall be no greater than 8 units per acre.

(5) Front setback requirements.

A setback area facing and abutting a street and/or sidewalk and extending across the front of a lot between the side lot lines and having a minimum horizontal depth of 10 feet. The

setback shall be measured from the inside edge of the adjacent pavement, to the face of the manufactured home.

(6) Rear setback requirements.

A setback area located on a lot extending across the rear of the lot between the side lot lines and having a minimum horizontal depth of 10 feet. The setback is measured from the rear lot line to the face of the manufactured home.

(7) Building separation requirements.

To provide adequate privacy and to ensure the protection of the health, safety, and general welfare of the public, separation between manufactured homes shall be a minimum of 20 feet. Separation between manufactured homes shall be measured from the face of each structure. Separation between manufactured homes and accessory structures or between accessory structures (i.e., storage buildings, detached carports or garages) shall be a minimum of 10 feet, and shall be measured from the structure's eaves.

(8) Parkland requirements.

All residential subdivisions in the City limits shall be required to provide for the parkland needs of future residents in accordance with Sec. 110-60 of the Subdivision Ordinance.

(9) Common open area requirements.

To provide adequate recreational area for the residents of a manufactured housing land lease community, the following standards shall apply:

- a. For communities with fewer than 20 lease lots, no minimum open recreational area will be required.
- b. For communities with greater than 20 lease lots, a minimum of 250 square feet per lease lot will be required to be dedicated, improved and maintained for the recreational use of the residents of the community. The area dedicated for common open areas shall not include the yard space of individual lease lots, street rights-of-way, required buffer areas or parking areas. The common open areas required shall be disbursed throughout the community to provide safe and easy access to all residents. No common open area shall be further than 500 feet from any dwelling unit within the community.

(10) Screening requirements.

To conserve and protect the privacy and value of adjacent properties, a screening fence is required for all manufactured housing land lease communities. Screening fences must comply with the regulations of Sec. ~~130-37~~.

(11) Buffer area requirements.

To conserve and protect the privacy and value of adjacent properties, buffer areas shall be required for all manufactured housing land lease communities. The regulations of Sec. ~~130-32~~ govern the depth of side and rear buffer setbacks. In addition, a minimum 50-foot landscaped buffer area shall be provided along main entrances to the community from public rights-of-way. These buffer areas shall be landscaped in accordance with all other applicable sections and/or ordinances.

(12) Landscaping requirements.

Landscaping requirements for entry areas, common recreational areas, and buffer areas shall be the same as required for commercial developments in the City. The criteria set forth in all other applicable sections and/or ordinances will govern the standards for landscaping. In addition to these requirements, the land lease community shall be required to provide and maintain a minimum of one canopy tree (at minimum 2-inch caliper size), either existing or new, for each individual lease lot.

(13) Public street requirements.

Public streets within manufactured housing land lease communities shall be designed and constructed in accordance with the Subdivision Ordinance (Chapter 110).

(14) Private street requirements.

Private streets within a manufactured housing land lease community shall have a minimum width of 20 feet, and constructed of concrete or asphalt. Design of private streets shall be reviewed and approved by engineering services. Block length between intersections of through streets shall not exceed 1,200 feet. Private streets shall be named and numbered in accordance with City addressing standards for emergency vehicle access.

(15) Public walkway requirements.

Public walkways shall be installed by the developer to provide access from each lease lot to all public amenities within the manufactured housing land lease communities, including but not limited to, visitor parking, community buildings, common open areas, etc. Public walkways shall be constructed of all-weather materials, and meet all applicable handicap accessibility guidelines. Public walkways must be physically separated from streets.

(16) Parking requirements.

The following standards apply to parking required for individual lease lots as well as separate spaces designated for visitor parking. No on-street parking shall be allowed within manufactured housing land lease communities.

a. Residential parking.

To provide adequate residential parking, each lease lot shall accommodate the following:

1. Single wide lots.

A minimum of 2 vehicles on a paved surface by providing one of the following options:

- (i) A 2 car carport or garage;
- (ii) A driveway measuring 12 feet wide by 37 feet deep; or
- (iii) A driveway measuring 18 feet wide by 18 feet, 6 inches deep. Driveway dimensions shall be measured from the interior edge of paving or sidewalk.

2. Double wide lots.

A minimum of 3 vehicles on a paved surface by providing one of the following options:

- (i) A 3 car carport or garage,
- (ii) A driveway measuring 12 feet wide by 55 feet, 6 inches deep, or
- (iii) A driveway measuring 27 feet wide by 18 feet, 6 inches deep. Driveway dimensions shall be measured from the interior edge of paving or sidewalk.

b. Visitor parking requirements.

To provide adequate visitor parking, a minimum of one parking space per 4 lease lots shall be provided in common parking areas. The parking and circulation regulations of [Error! Bookmark not defined.](#) govern the design and standards for common parking areas.

(17) Storage requirements.

To provide adequate and safe storage of personal items, a storage building providing a minimum of 80 square feet of storage shall be provided on each lease lot. Storage buildings shall be of uniform and consistent design among all lease lots, and are to be placed on the lot in such a manner to assure adequate separation between structures. No storage is to be permitted underneath the manufactured home.

(18) Floodplain requirements.

To provide adequate protection against flooding, all manufactured land lease communities shall be in compliance with Chapter 46.

(19) Fire protection.

The manufactured housing land lease communities shall be subject to the rules and ordinances of the City fire prevention authority and codes.

(20) Water supply.

Individual water riser pipes shall be so located on each lease lot so that the water connection to the manufactured home will approximate a vertical position. Water connections shall include a cut-off valve before the line enters the home.

(21) Sanitary sewer requirements.

All sewer lines shall be located in trenches of sufficient depth to be free of breakage and be separated from the water supply system by a safe distance in accordance with the City plumbing code. Sewers shall be at a grade that will ensure a velocity of 2 feet per second when flowing full. All sewer lines shall be constructed of materials in accordance with the City plumbing code, have watertight joints, and shall be adequately vented. Each manufactured home shall be provided with at least a four-inch diameter sewer riser pipe. The sewer riser pipe shall be so located on each lease lot so that the sewer connection to the manufactured home drain outlet will approximate a vertical position. The sewer connection shall have a nominal inside diameter of at least 3 inches, and the slope of any portion thereof shall be at least one-quarter inch per foot. The sewer connections shall consist of one pipeline only without any branch fittings. All materials used for sewer connections shall be semi-rigid, corrosive resistant, nonabsorbent and durable. Provisions shall be made for plugging the sewer riser pipe when a manufactured home does not occupy the lease lot. Surface drainage shall be diverted away from riser. The rim of the riser pipe shall extend at least 2 inches above the ground elevation.

(22) Electrical requirements.

The power supply to a manufactured housing land lease community shall be installed and maintained in accordance with the City electrical code and BTU service entrance requirements. All manufactured housing land lease communities and every manufactured home within shall contain an electrical wiring system consisting of wiring, fixtures, equipment, and appurtenances which shall be installed and maintained in accordance with the current edition of the national electrical code governing such systems. The City electrical inspector shall make inspection of the service connections to the manufactured home.

130-37 Screening fence standards.

(a) Purpose.

To encourage the most appropriate use of land and conserve and protect the privacy and value of adjacent permitted uses. Regulations are prescribed for the location and type of various screening devices to be used when required in the various zoning districts or in this section in accordance with the following standards. Screening regulations are required only when a full site plan review is required (see nonresidential and multifamily development in [Article III](#) of Chapter 62).

(b) Location of required screening.

- (1) When it is determined that a zoning district sides or backs upon a noncompatible zoning district, a solid screening wall or fence shall be erected along the property line, and within the property with the higher intensity zoning district. The screening requirements shall be observed at the time of rezoning and/or construction, or upon a change in use of the property where the screening shall be imposed. The purpose for the screening is to provide a visual barrier between the properties. The owner of such property shall be responsible for and shall build the required wall or fence. All wall or fence openings shall be equipped with gates equal in height and screening characteristics to the wall or fence. Screening standards shall be in accordance with the following:
 - a. Screening required in the I, Industrial District when siding or backing on to C-2, Retail, C-1, Office, MU-2, Mixed Use and all residential districts;
 - b. Screening required in the C-3, Commercial District when siding or backing on to C-1, Office District and all residential districts;
 - c. Screening required in the C-2, Retail and C-1, Office Districts when siding or backing on to all residential districts;
 - d. Screening required in the MF, Multiple-Family District when siding or backing on to all other residential districts;
 - e. Screening required in all nonresidential districts when adjacent to a single-family residence located within an A-O, Agriculture-Open District and no farther than 100 feet from the nonresidential district boundary;
 - f. Screening required in all nonresidential developed tracts of land within or adjacent to an existing single-family residential development.

- (2) In any district where loading areas are visible from a public street, screening shall be provided adjacent to the loading area along the street, allowing for required landscaping. These standards shall be imposed except where such use was in existence at the date of the original adoption of the Zoning Ordinance (December 11, 1989).
- (3) Where permitted, outdoor storage must be screened when visible from any public right-of-way, allowing for required landscaping. An outdoor storage permit may be granted by the Site Development Review Committee for any exceptions to screening and/or landscaping requirements. A person who violates any section of this chapter is guilty of a misdemeanor and upon conviction is punishable by a fine not exceeding \$2,000.00 per occurrence in accordance with general penalty provisions of City Code Sec. [1-14](#).
- (4) Dumpsters, not including containers 300 gallons or smaller, shall be placed on concrete dumpster pads 6 inches in thickness, 15 feet in width and 12 feet in depth. The pad shall be screened with a 6-foot fence on 3 sides with the fourth side remaining open for access or being fitted with a gate matching the screening on the other 3 sides.
- (5) Where screening is required, the following standards shall be observed:
 - a. Materials approved for use in screening fences are solid wood (not including plywood, particleboard, or similar composite), masonry (brick or stone), or a combination solid wood and masonry. Corrugated metal or fiberglass panels shall not be used as fence materials. Screening shall be provided that completely blocks the view of materials, commodities, or equipment stored. All screening materials shall be finished on the sides facing public rights-of-way. Other types of screening devices may be approved by the Planning and Zoning Commission.
 - b. Landscaping may be used for screening if the plant materials used are a minimum of four feet tall at the time they are planted. Any plant materials used for screening purposes shall be of an evergreen nature and shall be of sufficient height and type to completely block the view of materials, commodities or equipment stored from adjacent public rights-of-way or property. Any time that plant materials are used for screening purposes, the developer shall post a cash bond to be held in escrow by the City to cover replacement of plant materials. The amount of such bond shall be determined by the City Planner or his or her designee. The bond shall be effective for 2 growing seasons from the time of the initial planting; any excess funds remaining from such bond shall be returned at the end of such period to the developer.
 - c. When screening is required to separate all other residential districts from either the MF, Multiple-Family or a nonresidential district, or when screening is required to separate nonresidential development from single-family residential development, any fence or wall shall be not less than 6 feet or exceed 8 feet in height above the grade of the adjacent property.
 - d. Along the property line between nonresidential districts, or on property adjacent to loading areas, outdoor storage and refuse areas, where screening is required, a minimum 6 foot high uniform screening shall be provided.
- (6) In any residential district, the maximum height of any fence or wall in a required front setback of a single-family, townhouse, duplex, or patio home lot, shall be as provided:

- a. Fencing, screening walls or the combination of berms and fences or screening walls shall not exceed 36 inches in height when placed a distance of 25 feet or less from the adjacent paved street surface.
 - b. Fencing, screening walls or the combination of berms and fences or screening walls shall not exceed 6 feet in height when placed a distance of more than 25 feet from the adjacent paved street surface.
- (7) Where a fence is erected to the rear of the minimum required front setback line, the fence shall not exceed 8 feet in height above the grade of the adjacent property.
- (8) A wall or fence, not less than 54 inches in height, with a self-latching gate at all entrances, shall enclose a swimming pool area or surrounding yard area.
- (c) Maintenance of screening fences.**
Any screening fence erected under the provisions of Sec. ~~130-37~~ shall be maintained by replacing or repairing any dead, loose, damaged, or missing fencing materials within 30 days after notification by the zoning official.

130-38 Platting property not permanently zoned.

- (a) The Planning and Zoning Commission of the City shall not approve any plat of any subdivision within the City limits of the City until the area covered by the proposed plat shall have been permanently zoned by the City Council of the City. A plat may be approved on land with the Agricultural-Open District designation if the proposed use of the property is determined to be the permanent use of the property.
- (b) The Planning and Zoning Commission of the City shall not approve any plat or any subdivision within any area where a petition or ordinance for annexation or a recommendation for annexation to the City is pending before the City Council unless and until such annexation shall have been approved by ordinance by the City Council.
- (c) In the event the City Council cannot schedule a public hearing on a proposed annexation, the Planning and Zoning Commission, at its discretion, may hold a public hearing on the permanent zoning that is to be given to the area or tract to be annexed. The Planning and Zoning Commission may make a recommendation on both the annexation and zoning to the City Council so that the City Council can, if it desires, act on the annexation with input from the Planning and Zoning Commission regarding appropriate zoning. Zoning may not be placed on any property until the annexation ordinance has officially been adopted.
- (d) See Chapter 110 for platting requirements within the City's ETJ.

130-39 Classification of new and unlisted uses.

It is recognized that new types of land use will develop and forms of land use not presently anticipated may seek to locate in the City. These may not be specified as a permitted use in any zoning district. In order to provide for such changes and contingencies, a determination as to the appropriate classification of any new or unlisted form of land use shall be made as follows:

- (a) The Planning and Development Services Department shall refer the question concerning any new or unlisted use to the Planning and Zoning Commission requesting an interpretation as to the zoning classification into which such use should be placed. The referral of the use interpretation question shall be accompanied by a statement of facts listing the nature of the

use and whether it involves dwelling activity, sales, processing, type of product, storage, anticipated employment, and transportation requirements likely to be generated and the general requirements for public utilities such as water and sanitary sewer.

- (b) The Planning and Zoning Commission shall consider the nature and described performance of the proposed use and its compatibility with the uses permitted in the various districts and determine the zoning district or districts within which such use is most similar and should be permitted.
- (c) The Planning and Zoning Commission shall forward its findings and recommendations to the City Council as to the classification proposed for any new or unlisted use. The City Council shall by resolution approve the recommendation of the Planning and Zoning Commission or make such determination concerning the classification of such use as is determined appropriate based upon its findings. After such resolution, if a zoning change is required, the process specified in Sec. ~~130-42~~ shall be followed.
- (d) Standards for new and unlisted uses may be interpreted as those of a similar use. When determination of the minimum requirements cannot be readily ascertained, the same process outlined in Sec. ~~130-39(a)~~, Sec. ~~130-39(b)~~ and Sec. ~~130-39(c)~~ shall be followed for determination of the new standards.

130-40 Nonconforming uses and structures.

(a) Intent of provisions.

- (1) Within the districts established by this chapter or amendments thereto, there exist lots, structures, uses of land and structures, and characteristics of use which were lawful before this chapter was enacted, amended or otherwise made applicable to such lots, structures or uses, but which do not now conform to the regulations of the district in which it is located. It is the intent of this chapter to permit such nonconforming uses and structures to continue, under regulations herein contained, until the same are removed.
- (2) It is further the intent of this chapter that nonconforming uses shall not be enlarged upon, expanded or extended, and not be used as grounds for adding other structures or uses prohibited elsewhere in the same district except for any existing or approved municipal services support facilities.
- (3) Nonconforming uses are hereby declared to be incompatible with the permitted uses in the districts involved.

(b) Nonconforming status.

Any use or structure which does not conform with the regulations of the zoning district in which it is located shall be deemed a nonconforming use or structure when:

- (1) Such use or structure was in existence and lawfully operating at the time of the passage of the ordinance on February 12, 1990, and has since been in regular and continuous use;
- (2) Such use or structure is a lawful use at the time of the adoption of any amendment to this chapter but by such amendment is placed in a district wherein such use is not otherwise permitted and has since been in regular and continuous use; or
- (3) Such use or structure was in existence at the time of annexation to the City and has since been in regular and continuous use.

(c) Continuing lawful use of property and existence of structures.

- (1) The lawful use of land or lawful existence of structures at the time of the passage of this chapter, although such do not conform to the provisions hereof, may be continued; but if said nonconforming use or structure is discontinued or abandoned, any future use of said premises shall be in conformity with the provisions of this chapter unless conformity is not in the public interest as determined by the Zoning Board of Adjustment.
- (2) A nonconforming use, when such nonconforming use of land or structure ceases to be used in such manner for a period of 12 months, shall not be resumed and proof of such event constitutes prima facie evidence of discontinuance or abandonment. Any nonconforming uses which do not involve a permanent type of structure or operation, including manufactured housing, and which are moved from the premises shall be considered to have been abandoned. Nonconforming uses which do involve a permanent type of structure or operation shall not be considered abandoned if one or more of the following conditions are met:
 - a. The property has been advertised for sale or lease and actively marketed;
 - b. The premises has been advertised for sale or lease and actively marketed;
 - c. All licenses, permits, or certifications required for operation have been kept current since the effective date of the ordinance from which this chapter is derived.
- (3) No nonconforming use or structure may be expanded or increased beyond the lot or tract upon which such nonconforming use is located as of the effective date of the ordinance from which this chapter is derived except as provided in Sec. [130-40](#). These provisions apply to any owner or subsequent owner of a nonconforming use as authorized herein.
- (4) In those districts where mobile/manufactured homes are considered nonconforming structures, but single-family detached dwellings are a permitted use, an owner of a nonconforming mobile/manufactured home may replace a nonconforming mobile home destroyed by fire, the elements, or other cause, with another mobile home of equal or less square footage.

(d) Changing nonconforming uses.

- (1) Any nonconforming use may be changed to a conforming use, and once such change is made, the use shall not thereafter be changed back to a nonconforming use.
- (2) Where a conforming use is located in a nonconforming structure, the use may be changed to another conforming use by securing a certificate of occupancy from the Chief Building Official.
- (3) A nonconforming use may be changed to another nonconforming use provided that adverse impacts (such as more traffic, noise, vibration, etc.) are not increased.

(e) Extension of nonconforming uses.

A nonconforming use may be expanded by the Zoning Board of Adjustment in accordance with the following:

- (1) A nonconforming use located within a structure may be extended throughout the structure.
- (2) No structural alteration may be made on or in the building except those required by law to preserve such building in a structurally sound condition.

- (3) The number of dwelling units or rooms in a nonconforming residential use shall not be increased so as to exceed the number of dwelling units or rooms existing at the time said use became a nonconforming use.
- (4) No nonconforming use within a structure may be extended to occupy any land outside the structure.
- (5) No nonconforming use of land or structure shall be enlarged, increased, or extended to occupy a greater area of land than was occupied at the time the land became a nonconforming use, except to provide off-street loading or off-street parking space.

(f) Restoration of nonconforming structure.

- (1) If a structure occupied by a nonconforming use is destroyed by fire, the elements, or other cause, it may not be rebuilt except to conform to the provisions of this chapter. In the case of partial destruction of a nonconforming use structure not exceeding 60% of its total appraised value as determined by the Brazos County Central Appraisal District, reconstruction will be permitted, but the existing square footage or function of the nonconforming use cannot be expanded.
- (2) If a structure is nonconforming but the use is conforming to the respective zoning district and the structure is completely destroyed, the structure shall be rebuilt to conform to the provisions of the zoning district wherein it is located.
- (3) A structure housing a nonconforming use may be remodeled as long as the size (square footage) of the structure is not increased.

(g) Completion of structures.

Nothing herein contained shall require any change in the plans, construction, or designated use of:

- (1) A building or structure for which a building permit has been issued or a site plan approved prior to the effective date of these zoning regulations; or
- (2) A building or structure for which a substantially complete application for a building permit was accepted by the Chief Building Official on or before the effective date of these regulations;
- (3) provided, however that such building permit shall comply with all applicable ordinances of the City in effect on the date such application was filed and the building permit is issued within 120 days of the effective date of these regulations.

(h) Licensed mobile home parks.

Mobile home parks licensed according to Chapter 74, prior to the adoption of the ordinance from which this chapter is derived shall be allowed to continue as long as the site area and number of units approved in said license is not exceeded. Lapse of said license shall be considered as abandonment of the nonconforming use. .

130-41 Zoning Board of Adjustment.

(a) Creation.

There is created a board known as the Zoning Board of Adjustment (ZBA) of the City.

(b) Members and terms of office.

The Zoning Board of Adjustment shall consist of 5 regular members and 2 alternate members who shall be appointed by the City Council in accordance with V.T.C.A., Local Government Code §§211.008--211.011, as amended, to serve for 2 years staggered terms or until their successors are duly appointed.

(c) Appointment of members.

The City Council shall appoint members to the Zoning Board of Adjustment as specified by the City Council adopted policy on the board and commission appointments.

(d) Authority.

The Zoning Board of Adjustment shall have the authority, subject to the standards established in V.T.C.A., Local Government Code §§211.001--211.011, and those established herein, to exercise the following powers and perform the following duties:

- (1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of this chapter.
- (2) To permit the reconstruction, extension, or enlargement of a building occupied by a nonconforming use or building, on the lot or tract occupied by such a building, in accordance with the standards in Sec. ~~130-40~~, provided such activity does not prevent the return of such property to a conforming use.
- (3) To authorize in specific cases a variance from the requirements of the Zoning Ordinance, subject to limitation set forth in the ordinance, if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done.

(e) Limitations on authority of Zoning Board of Adjustment.

- (1) The Zoning Board of Adjustment may not grant a variance authorizing a use other than those permitted in the district for which the variance is sought.
- (2) The Zoning Board of Adjustment shall have no power to grant or modify conditional use permits authorized under Sec. ~~130-33~~.
- (3) The Zoning Board of Adjustment shall have no power to grant a zoning amendment. In the event that a request for a zoning amendment is pending before the Planning and Zoning Commission or the City Council, the Zoning Board of Adjustment shall neither hear nor grant any variances with respect to the subject property until final disposition of the zoning amendment.
- (4) The Zoning Board of Adjustment shall not grant a request for any variance to any parcel of property or portion thereof upon which a site plan, preliminary plat, or final plat, where required, has not been finally acted upon by both the Planning and Zoning Commission and, where required, by the City Council.

(f) Variances.

- (1) The Zoning Board of Adjustment may grant a variance from a requirement of the Zoning Ordinance, if it makes written findings that:

- a. The requirement does not allow for a reasonable use of the property;
 - b. The hardship for which the variance is requested is owing to a special condition inherent in the property itself, such as restricted area, shape, topography or physical features;
 - c. The special condition is unique to this property and is not generally characteristic of other parcels of land in the area; and
 - d. Development under the variance does not:
 1. Alter the character of the area adjacent to the property;
 2. Impair the use of adjacent property that is developed in compliance with the City requirements; or
 3. Impair the purposes of the regulations of the zoning district in which the property is located.
- (2) A variance may not be granted to relieve a self-created or personal hardship, nor for financial reasons only, nor may a variance be granted to permit any person a privilege in developing a parcel of land not permitted by this chapter to other parcels of land in districts with the same zoning classification.
- (3) The applicant bears the burden of proof in establishing the facts justifying a variance.

(g) Procedures.

(1) Application and fee.

An application for action, by the Zoning Board of Adjustment, other than an appeal, shall be in writing using forms provided by the city and shall be accompanied by a fee established by the City to cover administrative processing costs.

(2) Notice and hearing.

The Zoning Board of Adjustment shall hold a public hearing on each application for action or appeal. This public hearing shall be held no later than the second scheduled meeting after the application is filed in accordance with the rules adopted by the Zoning Board of Adjustment and the provisions of this chapter. Notice of a public hearing shall be provided to all property owners within 200 feet of the affected property 10 days prior to the public hearing.

(3) Appeals.

- a. An appeal may be taken from the decision of an administrative zoning official by an applicant for the permit on which the decision is rendered, by any person or persons aggrieved by the decision or by any officer, department, Zoning Board of Adjustment or bureau of the municipality affected by the decision.
- b. The appellant must file with the Zoning Board of Adjustment and the official from whom the appeal is taken a written notice of appeal specifying the grounds for the appeal within 15 days after the decision has been rendered as determined by the rules of the Zoning Board of Adjustment. The officer from whom the appeal is taken shall forthwith transmit to the Zoning Board of Adjustment all papers constituting the record of the action that is appealed.

- c. An appeal stays all proceedings in furtherance of the action that is appealed unless the official from whom the appeal is taken certifies in writing to the Zoning Board of Adjustment facts supporting the official's opinion that a stay would cause imminent peril to life or property. In that case, the proceedings may be stayed only by a restraining order granted by the Zoning Board of Adjustment or a court of record on application, after notice to the official, if due cause is shown.
- d. The appellant party may appear at the appeal hearing in person or by agent or attorney.
- e. The Zoning Board of Adjustment shall decide the appeal within a reasonable time. The Zoning Board of Adjustment may reverse or affirm, in whole or in part, or modify the administrative official's order, requirement, decision or determination from which an appeal is taken, and make the correct order, requirement, decision, or determination and for such purpose the Zoning Board of Adjustment has the same authority as the official.

(4) Vote required for Zoning Board of Adjustment decisions.

The concurring vote of four members of the Zoning Board of Adjustment shall be necessary to reverse any order, requirement, decision, or determination of an administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under these zoning regulations, or to effect any variance to the zoning regulations granted by the Zoning Board of Adjustment.

(5) Judicial review.

Any person or persons, jointly or severally, aggrieved by a decision of the Zoning Board of Adjustment, or any taxpayer, or any officer, department, Zoning Board of Adjustment, or bureau of the City may present to a district court, county court, or county court at law a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition must be presented within 10 days after the date the decision is filed in the Zoning Board of Adjustment's office.

130-42 Changes and amendments to Zoning Ordinance, districts and administrative procedures.

(a) Declaration of policy.

The City declares the enactment of these regulations governing the use and development of land, buildings, and structures as a measure necessary to the orderly development of the community. Therefore, no change shall be made in these regulations or in the boundaries of the zoning districts except:

- (1) To correct any error in the regulations or map;
- (2) To recognize changed or changing conditions or circumstances in a particular locality or area;
- (3) To recognize changes in technology, the style of living, or manner of conducting business.

(b) Authority to amend the Zoning Ordinance.

The City Council may from time-to-time, after receiving a final report thereon by the Planning and Zoning Commission and after public hearings required by law, amend, supplement, or change the regulations herein provided or the boundaries of the zoning districts. Any ordinance

may be ordered for consideration by the City Council, be initiated by the Planning and Zoning Commission, or be requested by the owner of real property, or the authorized representative of an owner of real property. In no case shall the City Council act upon any zoning request prior to action by the Planning and Zoning Commission. Consideration for a change in any district boundary line or specific zoning regulation may be initiated only with written consent of the property owner, or by the Planning and Zoning Commission or the City Council on its own motion when it finds that public benefit will be derived from consideration of such matter. In the event the ownership stated on an application and that shown on the City records are different, the applicant shall submit proof of ownership.

(c) Residential - Neighborhood Conservation District Rezoning.

- (1) Property owners may make application to the City Council for a City initiated rezoning of an entire platted residential subdivision or a single phase/section of a platted residential subdivision presently zoned Residential District-7000 (RD-7) or Residential District-5000 (RD-5) to Residential - Neighborhood Conservation District (R-NC).
- (2) An application for a City initiated rezoning of an entire platted residential subdivision or a single phase/section of a platted residential subdivision from Residential District-7000 (RD-7000) or Residential District-5000 (RD-5000) to a Residential - Neighborhood Conservation District (R-NC) must include the Residential - Neighborhood Conservation District Rezoning Petition Verification Response Form. This petition must be sent via regular mail to 100% of the lot of record owners listed within Brazos County Appraisal District Tax Rolls. All returned petition verification response forms shall contain signatures that shall be notarized, regardless of whether the vote cast is a yes or no. No signature affixed to the petition more than 180 days prior to the date of filing the petition with the City Secretary shall be counted. Each lot of record shall have one vote regardless of the number of owners listed in the Brazos County Appraisal District Tax Rolls. The agent representing the platted subdivision or platted phase of a subdivision shall file a notarized affidavit to attest all petition verification response forms were mailed to the last known owner(s) as listed in the Brazos County Appraisal District Tax Rolls. The Residential - Neighborhood Conservation District rezoning petition verification response form and affidavit form may be obtained at the Planning and Development Services Department.
- (3) At least 51% of the land area in the proposed Residential - Neighborhood Conservation District must be presently improved as identified by the Brazos County Appraisal District (BCAD), and an affirmative vote of the owners of at least 66% of the lots of record within the platted subdivision or within a single phase/section of a platted subdivision shall be required for the Planning and Zoning Commission to take up consideration of the proposed rezoning.
- (4) The completed rezoning application and petition verification response forms shall be submitted to the City Secretary. The City Secretary shall examine the rezoning application and ascertain whether it is sufficient under Sec. [130-42\(c\)\(2\)](#) and Sec. [130-42\(c\)\(3\)](#) and shall attach to the petition verification response forms the City Secretary's certificate showing the result of the examination. If the certificate shows the rezoning application is insufficient, the rezoning application may be amended within 10 days from the date of the certificate, after which time the City Secretary shall examine the amended rezoning application. If the City Secretary's certificate shows the amended rezoning application to be insufficient, it shall be returned to the person filing and a new petition for the same

subdivision or phase/section shall not be submitted for a period of 180 days. If the rezoning application is found to be sufficient, the City Secretary shall submit the rezoning application to Planning and Zoning Commission without delay.

- (5) If rezoned to a Residential - Neighborhood Conservation District, the permitted uses of the property shall be determined and controlled by the use regulations set forth for in Sec. ~~130-31~~.

(d) Application for zoning or amendment.

Each application for zoning or for an amendment or change to the existing provisions of this chapter shall be made in writing on a form suitable to the Planning and Development Services Department and shall be filed with the City and shall be accompanied by payment of the appropriate fee to be charged by the City for administering the zoning application.

(e) Public hearing prior to making report.

Prior to making its report to the City Council regarding a proposed zoning change, the Planning and Zoning Commission shall hold at least one public hearing on each application. Written notice of all public hearings on proposed changes in district boundaries shall be sent to all owners of property, or to the person rendering the same for City taxes, located within the area of application and within 200 feet of any property affected thereby, within not less than 10 days before such hearing is held. Such notice may be served by using the last known address as listed on the latest approved tax roll and depositing the notice, postage paid, in the United States mail. Although a public hearing must be held by the commission to consider amendments to the text of this chapter which do not change zoning district boundaries, published notice or written notification to individual property owners is not required prior to such hearing.

(f) Failure to appear.

Failure of the applicant or his or her representative to appear before the Planning and Zoning Commission or the City Council for more than one hearing without an approved delay shall constitute sufficient grounds for the Planning and Zoning Commission or the City Council to terminate or deny the application.

(g) Commission consideration and report.

The Planning and Zoning Commission, after a public hearing is held to receive input from interested parties and closed, shall prepare its report and recommendations on the proposed change stating its findings, and evaluation. The Planning and Zoning Commission may defer its report for not more than 90 days from the time it is posted on the agenda until it has had opportunity to consider any other proposed changes which may have a direct bearing thereon. In making its determination, the Planning and Zoning Commission shall consider the following factors:

- (1) Whether the uses permitted by the proposed change will be appropriate in the immediate area concerned and their relationship to the general area and the City as a whole.
- (2) Whether there is availability of water, wastewater, storm water, and transportation facilities generally suitable and adequate for the proposed use.
- (3) The amount of vacant land currently classified for similar development in the vicinity and elsewhere in the City, and any special circumstances which may make a substantial part of such vacant land unavailable for development.

- (4) The recent rate at which land is being developed in the same zoning classification as the request, particularly in the vicinity of the proposed change.
- (5) How other areas designated for similar development will be, or are unlikely to be, affected if the proposed amendment is approved, and whether such designation for other areas should be modified also.
- (6) Any other factors which will substantially affect the health, safety, morals, or general welfare.

(h) Reasons for denial

If the Planning and Zoning Commission or the City Council deny a zoning request, it shall offer reasons to the applicant for the denial. The City Council shall not hold a public hearing until it receives a final report and action from the Planning and Zoning Commission unless a joint public hearing is held.

(i) City Council consideration.

- (1) Proposal recommended for approval by the commission.
Every proposal which is recommended for approval by the Planning and Zoning Commission shall be automatically forwarded to the City Council for setting and holding of public hearing thereon. No change, however, shall become effective until after the adoption of an ordinance for same and its publication as required by law.
- (2) Proposal recommended for denial by the commission.
When the Planning and Zoning Commission determines that a proposal should be denied, it shall so report and recommend to the City Council and notify the applicant. If the commission recommends denial, the request shall not be forwarded to the City Council unless the applicant so requests or the request is sent for review by the commission by simple majority vote. A request which has received a recommendation for denial from the Planning and Zoning Commission or has been denied by the City Council may be resubmitted at any time for reconsideration by the City (a new filing fee must accompany the request). The City Council may deny any request with prejudice. If a request has been denied with prejudice, the same or similar request may not be resubmitted to the City for 6 months from the original date of denial.
- (3) City Council hearing and notice.
Notice of the City Council hearing shall be given in the official newspaper of the City, stating the time and place of such hearing, at least 15 days prior to the date of public hearing.
- (4) Three-fourths vote.
In the event a protest to a proposed change to a zoning regulation or district boundary is filed with the City Secretary, duly signed and acknowledged, by the owners of either:
 - a. 20% or more of the area of the lots or land covered by the proposed change; or
 - b. By 20% or more of the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from such area, such amendments shall not become effective except by affirmative vote of three-fourths of the City Council.

Note: In computing the percentage of land area under this subsection, the area of streets and alleys shall be included. In measuring the distance under Sec. ~~130-42(i)(4)b~~, for lots opposite the subject property, the distance shall run from the street frontage of such opposite lots.

(j) Final approval and ordinance adoption.

Upon approval of the zoning request by the City Council, the applicant shall submit a metes and bounds description of each zoning district to the City within 30 days for the preparation of the amending ordinance. The amending ordinance shall be approved within 6 months. If the amending ordinance is not approved within 6 months, the zoning request, at the option of the City Council may be recalled for a new public hearing. The zoning change shall not be effective and official until the amending ordinance is signed by the mayor and the City Secretary under authority of the City Council.

130-43 Certificates of occupancy and compliance.

(a) Certificates of occupancy shall be required for any of the following.

- (1) Occupancy and use of a building hereafter erected or structurally altered;
- (2) Change in use of an existing building to a use of a different classification;
- (3) Occupancy and use of vacant land, except agricultural use;
- (4) Change in the use of land to a use of a different classification;
- (5) Any change in the use of a nonconforming use.
- (6) No such use, or change of use, shall take place until a certificate of occupancy has been issued by the Chief Building Official and approved by the Planning and Development Services Department.

(b) Procedure for new or altered buildings.

Written application for a certificate of occupancy for a new building or for an existing building which is to be altered shall be made at the same time as the application for the building permit for such building. The certificate of occupancy shall be issued within 10 days after a written request for the same has been made to the Chief Building Official or his or her agent after the erection or alteration of such building or part thereof has been completed in conformity with the provisions of this chapter.

(c) Procedure for vacant land or a change in building use.

Written application for a certificate of occupancy for the use of vacant land, or for a change in the use of land or a building, or for a change in a nonconforming use to a conforming use, as herein provided, application for certificate of occupancy shall be made to the Chief Building Official for review on forms available in the chief building inspector's office. If the proposed use is in conformity with the provisions of this chapter, the certificate of occupancy shall be issued within 10 days after the application for same has been made.

(d) Contents.

Every certificate of occupancy shall state that the building or the proposed use of a building or land complies with all provision of the building and fire laws and ordinances. A record of all certificates of occupancy shall be kept on file in the office of the Chief Building Official or his or

her agent and copies shall be furnished upon request to any person having proprietary or tenancy interest in the building or land affected.

(e) Temporary certificate.

Pending the issuance of a regular certificate, a temporary certificate of occupancy may be issued by the Chief Building Official for a period not exceeding 6 months, during the completion of alterations or during partial occupancy of a building pending its completion. Such temporary certificates shall not be construed as in any way altering the respective rights, duties, or obligations of the owners or of the City relating to the use or occupancy of the premises or any other matter covered by this chapter.

(f) Nonconforming uses.

A record shall be required for all nonconforming uses of land or buildings created by adoption of the ordinance from which this chapter is derived. All known nonconforming uses created by this chapter shall be identified on a City map and filed in the Planning and Development Services Department. No certificate of occupancy shall be granted for any property designated on this map until such use is reviewed and approved in accordance with Sec. ~~130-40~~.

130-44 Preserving rights in pending litigation and violations under other existing ordinances.

By the passage of this chapter, no presently illegal use shall be deemed to have been legalized unless specifically such use falls within a use district where the actual use is a conforming use. Otherwise, such uses shall remain nonconforming uses where recognized. It is further the intent and declared purpose of this chapter that no offense committed, and no liability, penalty, or forfeiture, either civil or criminal, incurred prior to the time this Zoning Ordinance was enacted and adopted, shall be discharged or affected by such repeal; but prosecutions and suits for such offenses, liabilities, penalties, or forfeitures may be instituted or causes presently pending proceeded with in all respects as if such prior ordinance had not been repealed.

130-45 Penalty for violations.

Any person or corporation violating any of the provisions of this chapter shall, upon conviction, be fined any sum not exceeding \$1,000.00 for each and every day that the provisions of this chapter are violated and each violation shall constitute a separate and distinct offense. In addition to the said penalty provided for, the right is hereby conferred and extended upon any property owner owning property in any district, where such property owner may be affected or invaded, by a violation of the terms of the ordinance, to bring suit in such court or courts having jurisdiction thereof and obtain such remedies as may be available by law and equity in the protection of the rights of such property owners.

130-46 Validity.

If any section, paragraph, subdivision, clause, phrase, or provision of this chapter shall be adjudged invalid or held unconstitutional, the same shall not affect the validity of this chapter as a whole or any part or provision thereof other than the part so decided to be invalid or unconstitutional.
