Michael:

This project has been on hold for a while, but it is breaking back loose. The layout has changed some and a street has been added. Can you provide a new approval letter and let us know if Citadel Drive is acceptable?

Let me know if you have any questions.

Thanks,

What do you think about using PRESIDIO PARK BEND? There is an apartment complex with a similar name, and using "Park" will help avoid confusion when receiving verbal communication.

LOOP- Loop street means **a type of local street**, each end of which terminates at an intersection with the same arterial or collector street
